MINUTES FROM THE REGULAR MEETING MEMORIAL HOSPITAL OF SWEETWATER COUNTY BOARD OF TRUSTEES

May 1, 2019

The Board of Trustees of Memorial Hospital of Sweetwater County met in regular session on May 1, 2019, at 2:00 PM with Dr. Barbara Sowada presiding.

CALL TO ORDER

Dr. Sowada called the meeting to order and announced a quorum was present. The following Trustees were present: Mr. Marty Kelsey, Dr. Barbara Sowada, and Mr. Ed Tardoni (via telephone). Excused: Mr. Taylor Jones and Mr. Richard Mathey.

Ms. Suzan Campbell, Chief Legal Executive and General Counsel, announced the Wyoming Open Meetings Act indicates as long as the Board has a quorum, a Trustee may participate via telephone.

Officially present: Ms. Irene Richardson, Chief Executive Officer; Dr. Lawrence Lauridsen, Medical Staff President; and Mr. Jeff Smith, Sweetwater County Board of County Commissioners Liaison (not in attendance following executive session).

Dr. Sowada led the audience in the Pledge of Allegiance and read aloud the mission and vision statements.

APPROVAL OF AGENDA

The motion to rearrange the agenda was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

CAPITAL EXPENDITURE REQUESTS

Mr. Kelsey reported the Finance and Audit Committee approved requests to be forwarded to the Board for review and approval. The motion to approve FY 19-36 and FY 19-37 for portable x-ray units for the sum of \$325,164 was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried. The motion to approve FY19-38 for a replacement Quadramed unit for \$122,899, which includes a maintenance contract for \$44,064, was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

CONTRACT REVIEW

Ms. Richardson reviewed the request for NRC-The Governance Institute and recommended we continue our membership with them. Dr. Sowada said she uses their resource materials. The motion to authorize the CEO to sign the agreement as presented on behalf of MHSC was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

BAD DEBT

The motion to approve the net potential bad debt of \$1,114,645.05 as presented was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

EXECUTIVE SESSION

The motion to go into Executive Session to discuss credentials and personnel was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

RECONVENE INTO REGULAR SESSION

The motion to reconvene the meeting at 2:45 p.m. was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

ACTION FOLLOWING EXECUTIVE SESSION

The motion to authorize the CEO to sign two physician agreements as discussed was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

Approval of Privileges

The motion to approve the April 9, 2019, Credentials Committee Recommendations as follows for appointment to the Medical Staff was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

- 1. Initial Appointment to Locum Tenens Staff (1year)
 - Dr. Roger Hansen, Radiation Oncology (Gamma West)
 - Dr. John Hayes, Radiation Oncology (Gamma West)
 - Dr. George Hunter, Radiology (Advanced Medical Imaging)
- 2. Initial Appointment to AHP Staff (1 year)
 - Jennie Vagher, CGC (Huntsman)
- 3. Reappointment to Active Staff (2 years)
 - Dr. Jacques Denker, Orthopedic Surgery
 - Dr. Brytton Long, Family Practice/Occupational Medicine
- 4. Reappointment to Consulting Staff (2 years)
 - Dr. Lillian Khor, Cardiovascular Disease (U of U)
- 5. Reappointment to AHP Staff (2 years)
 - Mark Gibson, Ph.D., Psychology (SWCS)
- 6. Change of Status to Locum Tenens Staff (1 year)
 - Dr. Chandra Yeshlur, Pediatrics
- 7. New Business
 - Kamran Khan, MD requested additional privileges

APPROVAL OF MINUTES

The motion to approve the minutes of the April 3, 2019, regular meeting as presented was made by Mr. Tardoni; second by Mr. Kelsey. Motion carried. The motion to approve the minutes of the

April 11, 2019, special meeting as presented was made by Mr. Tardoni; second by Mr. Kelsey. Motion carried. The motion to approve the minutes of the April 25, 2019, special meeting as presented was made by Mr. Tardoni; second by Mr. Kelsey. Motion carried.

COMMUNITY COMMUNICATION

There were no comments.

OLD BUSINESS

Social Media Policy

The motion to approve the social media policy as presented was made by Mr. Tardoni; second by Mr. Kelsey. Motion carried. Mr. Kelsey noted he thinks we should still have something about the use of personal devices and social media.

Code of Conduct Policy

Mr. Kelsey said that, in general, it is a well-written policy except for the provision regarding employees receiving gifts. He said we are a public institution and tax-supported in part. He proposed alternate wording of "as a general rule, employees may not receive gifts from MHSC vendors or potential vendors. If there is a question regarding whether a gift may be accepted, the compliance department will be contacted." Mr. Tardoni suggested forwarding the policy and comments to the Human Resources Committee for review. He said this is an existing policy and it has been in effect for a long time. The motion to refer the policy to the HR Committee for further review as discussed was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

Residents in Training Policy

Dr. Lauridsen said the policy was reviewed at the Medical Executive Committee (MEC) and staff level and was accepted. He said the policy specifically allows for the residents to be here. They must go through credentialing, must be licensed, etc. Mr. Kelsey asked why the policy includes a monthly report to the Board of Trustees and expressed concern it is personalized. Dr. Lauridsen said it is because the Board of Trustees approves the credentials but if the Board prefers a different reporting structure, we can do that. He said it is another level of oversight. Dr. Lauridsen said the MEC is comfortable with revisions and open to suggestions. Dr. Sowada said a general report is fine but she is uncomfortable with specifics. The motion to send the policy back to the Credentials Committee for further consideration was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

U of U Emergency Medicine Rotation at MHSC

Mr. Kelsey asked for clarification on if our professional liability insurance waiver covers these residents with the proposed language. Ms. Campbell responded she believes so because it is written very broadly. Dr. Lauridsen said the supervisor is responsible. The motion to approve the U of U Emergency Medicine Rotation at MHSC as presented was made by Mr. Kelsey; second by Mr. Tardoni. Motion carried.

NEW BUSINESS

None.

CHIEF EXECUTIVE OFFICER REPORT

Ms. Richardson said she had planned to report on the strategic plan and said she will wait for a future meeting when everyone is available. She said the first Patient and Family Advisory Council dinner is scheduled May 20. The Person Centered Care Steering Committee is meeting regularly. The Person Centered Care Workshops begin May 8. Ms. Richardson said our entire plan is centered around the patient and said a person centered culture is what we are working toward at MHSC. She said the quality and safety focus on LEAN processes and the CMS star rating is to help us put the patient experience first. Ms. Richardson reported we had an impressive amount of responses to our community health needs assessment survey. The Board will receive the survey results in June. Work continues on the community and growth initiatives. The workplace experience strategy is to reduce turnover and retain staff. Regarding financial stewardship, we are in the budget process now and are investigating possible six penny projects. Ms. Richardson said a kick-off meeting with an emergency management services consultant is scheduled in June. We are looking at what is the best entity to take over ambulance services in our community. Ms. Richardson said we told the Board of County Commissioners we would do our due diligence and explore all possibilities before making any recommendations. We are working on an open meetings update and clinic update to the Board in July or August. Ms. Richardson provided a physician recruitment update. Recent Hospital Week activities were well received and Ms. Richardson thanked staff for everything they do. Dr. Sowada said an incredible amount of work has been done in two years. Ms. Richardson said our goal is to transform our culture to focus on our patients. Dr. Sowada thanked Ms. Richardson and everyone for everything positive that is being done every day.

COMMITTEE REPORTS

Quality Committee

Dr. Sowada asked Mr. Kelsey to report. He noted areas of favorable direction trending in the star rating summary. Regarding HCAHPS scores, we are focusing on efforts. In the risk and safety area, there are no serious events. A new patient grievance process rolls out in May. Mr. Kelsey said he has asked Ms. Kara Jackson, Quality Director, for concise, brief summaries of completed LEAN projects in the future.

Human Resources Committee

Mr. Tardoni referenced his report in the meeting packet.

Compliance Committee

Mr. Tardoni reported the Committee met. He said there are two groups meeting. One is the Committee of the Board and the other is the working committee drawn from every department in the Hospital. Mr. Tardoni said risk matters are arrived at by staff. Mr. Tardoni commended

everyone involved for their hard work. He said there is value in everyone watching for issues and looking for ways to avoid future issues. He said the only time the Board is concerned is when they don't see people looking.

Finance and Audit Committee

Narratives: Ms. Tami Love, Chief Financial Officer, reviewed the narrative highlights included in the meeting packet.

Building and Grounds Committee

Mr. Tardoni referenced his report included in the meeting packet. He said Mr. Jim Horan, Facilities Director, has been reviewing in detail the ranked projects list with the Committee and that has been very helpful. Mr. Horan referenced the meeting minutes in the meeting packet and provided a brief, big projects update. He said the retention wall drainage project is moving along as planned. The central plant project is in design documents review. Bids will be due July 26. Mr. Horan said everything seems to be on schedule and he will keep the Board updated.

Foundation Board

Dr. Sowada reported the Board met with the Foundation Board a week ago.

MEDICAL STAFF REPORT

Dr. Lauridsen reported General Services met April 27 with a focus on patient care. Dr. Rahul Pawar is the new Vice President. Dr. Lauridsen reported the MEC met. The Grievance Committee now has a physician member and that is Dr. Melinda Poyer. The General Medical Staff met and there is some interest in revising the meeting schedule in the bylaws. Dr. Jake Johnson led the "Walk with a Doc" program April 16. Dr. Lauridsen said we regret Dr. Zach Nicholas left and said we look forward to working with Gamma West. We look forward to Dr. Prachi Pawar joining us next year. Dr. Lauridsen announced Dr. Alicia Gray has signed and Dr. Cielette Karn has signed on to join us. Dr. Cody Christensen obtained his full board certification and Dr. Jacques Denker has written an article for publication.

GOOD OF THE ORDER

Mr. Kelsey brought up some items from the Finance and Audit Committee. He said we have a lot of our liability and insurance money going to one group. He said in his experience no one brokerage firm has access to all opportunities and said he would like to ask staff to consider retaining an independent insurance consultant to help us prepare our bid specs and review all of our documents. Mr. Kelsey said this would reassure the Board our risks are covered properly. He said we would typically bid out a property package and a liability package every three years. He said it is a model well worth considering. Mr. Kelsey said an independent person reporting to the Hospital and the Board adds confidence in the information. Mr. Kelsey said we have a good auditing firm. He said it is really best practice to change firms or lead auditors periodically. Mr. Kelsey said he is not really a fan of changing very regularly but he does feel strongly every five years or whatever number is desired that the firm provides a different lead auditor. Ms. Love said

we believe we are getting new auditors every year due to the rotation of their staff. Mr. Kelsey suggested Ms. Love check with our auditors and see what we can do. Ms. Richardson said Mr. Darryn McGarvey with CliftonLarsonAllen has been with us and was very good at helping us with our six penny process. She said she is not sure we want to move now and asked if this could be looked at for the next year. Mr. Kelsey said he will let staff be the judge of timing. He said sometimes audit firms and partners get into a routine and we need to be careful about that as an organization.

ADJOURNMENT

Dr. Sowada thanked everyo	one for their attendance.	. There being no	further business	to discuss, the
meeting adjourned at 4:12 j	p.m.			

	Mr. Richard Mathey, President
Attest:	
Mr. Ed Tardoni, Secretary	

MINUTES FROM THE SPECIAL MEETING MEMORIAL HOSPITAL OF SWEETWATER COUNTY BOARD OF TRUSTEES AND GENERAL MEDICAL STAFF

May 28, 2019

The Board of Trustees of Memorial Hospital of Sweetwater County met in special session with the General Medical Staff on May 28, 2019, at 6:00 PM with Mr. Richard Mathey, President, presiding.

CALL TO ORDER

Mr. Mathey called the meeting to order and announced there was a quorum present. The following Trustees were present: Mr. Taylor Jones, Mr. Richard Mathey, Dr. Barbara Sowada, and Mr. Ed Tardoni.

Officially present: Ms. Irene Richardson, Chief Executive Officer, and Dr. Lawrence Lauridsen, Medical Staff President.

WELCOME MEDICAL STAFF

Mr. Mathey welcomed the Medical Staff to the meeting. He thanked them for attending.

HOSPITAL BOARD UPDATE

Mr. Mathey reported things are going very well at MHSC. He stated that Faith Jones was to attend the meeting to give an overview of the LEAN Process. Mr. Mathey was then informed that Ms. Jones would need to reschedule her presentation.

CEO REPORT

Ms. Richardson reported that Plane Tree was on-site last week. The Patient Family Advisory Council will meet the third Monday of every month. The hospital is offering weekly Person Centered Care trainings every Wednesday from 9 am to 3 pm. These training sessions are being offered to everyone in the facility, including physicians. The consultant from Plane Tree noted that we won't see a culture shift until about 60% of the staff and leaders have had this training. Ms. Richardson commended the physicians as they are doing great with HCAHPS scores. She has looked at trends and they are trending upward. The hospital received over 550 surveys for the Community Healthcare Needs Assessment. The report will be presented to the Board of Trustees at their meeting on June 5th. The last of the capital needs for this fiscal year will be considered at the finance committee meeting, tomorrow night. Ms. Richardson said that she will be taking the 2020 budget to finance tomorrow and then to Board to approve at their June meeting.

OTHER BUSINESS

Mr. Mathey thanked the Medical Staff for their support over the years. He stated that he will chair the June and July board meetings, but he would not be running for president again, as he is termed out. He explained that the Board Bylaws only allow trustees to be elected president for three years.

ADJOURNMENT

ADJOURINIENT		
There being no further business to discuss, the meeting adjourned at 6:13 PM.

TITLE: Residents in Training

TYPE: Policy

DEPARTMENT: Medical Staff

REGULATORY STANDARD: MS 04.01.01

STATEMENT OF PURPOSE:

To outline the process for credentialing and supervision of residents, sponsored by a member of the Medical Staff, who provide services to patients of Memorial Hospital of Sweetwater County (MHSC). This policy defines the mechanism of how the residents are credentialed and the scope of practice or privileges that defines their role at MHSC.

TEXT:

Graduate Medical Education (GME) is the second phase of the formal education process that prepares doctors for medical practice. This phase of medical education is conducted primarily in clinical settings and requires direct participation by residents in the delivery of patient care services. MHSC wishes to support residents for short-term clinical rotations to enhance a resident's experience in practicing in a rural healthcare facility.

A physician must always supervise residents performing patient care activities. All clinical services provided by resident physicians must be supervised appropriately to maintain high standards of care, safeguard patient safety, and ensure high quality education. Individual resident programs will provide written guidelines governing supervision of residents.

PROCEDURE:

- MHSC and the sponsoring educational institution shall enter into a cooperative education 1. agreement. The educational institution must be ACGME accredited.
- The residency program will provide a letter stating the following: 2.
 - That the resident physician is enrolled and in good standing in their program.
 - That the resident is covered by the program's liability insurance while he or she is b. performing as a resident.
 - The resident will be functioning under the supervision of an attending physician at c. Memorial Hospital of Sweetwater County.
- All residents will be required to follow the MHSC credentialing process, and must submit 3. a complete application to the Medical Staff Office.
- Credentials Committee, MEC, and the hospital Board of Trustees will review the 4. resident's application. If approved, the residents will be allowed to complete a rotation in a specific specialty for a certain time period.
- The resident will wear a name badge for identification. 5.
- The resident will be provided with an orientation and tour of the facility before beginning 6. their rotation.

TITLE: Residents in Training

TYPE: Policy

DEPARTMENT: Medical Staff

REGULATORY STANDARD: MS 04.01.01

7. No health care benefits, workers' compensation, or other benefits are provided by MHSC in the event of illness or injury.

Supervision of Residents/Resident's Role

- 1. A resident may write orders for the care of patients under the supervision of the attending physician. All records of resident cases must document the attending physician's involvement in the supervision of the patient's care, including cosignature of the history and physical, operative report, and discharge summary. All admissions will be designated in name and responsibility to include an attending physician.
- 2. The attending/supervising physician is ultimately responsible for patient care although he or she may delegate responsibilities for care to the resident consistent with the resident's level of training and ability.
- 3. Any orders written must be countersigned by the attending physician within 24 hours.
- 4. The hospital staff may contact the attending physician regarding any orders that are questionable or need clarification prior to their being executed.
- 5. Discharge summaries, histories and physicals, operative reports, etc., must be cosigned by the attending physician.
- 6. The hospital attending physician is responsible for the quality of all the clinical care services provided to his/her patients.
- 7. Residents may not be supervised by Advance Practice Clinicians (APC's) such as Nurse Practitioners or Physician Assistants.

Supervising Physician's Responsibilities:

- 1. Each residency program will designate a supervising physician who will serve as the contact with the residency program and who will oversee training of the residents. This supervising physician will act as the liaison between the graduate education committee and the organized medical staff and the governing body.
- 2. Written descriptions of the roles, responsibilities, and patient care activities of the participants of graduate education programs are provided to the supervising physician. The supervising physician is responsible for sharing this information with the organized medical staff and hospital staff. The supervising physician will send email communication alerting the hospital and medical staff that a resident is rotating through

<u>TITLE</u>: Residents in Training

TYPE: Policy

DEPARTMENT: Medical Staff

REGULATORY STANDARD: MS 04.01.01

their department. The email will include the resident's name, dates of rotation, roles, responsibilities, patient care activities, treatment, and services provided by each resident. The email will also include the supervisory needs of each resident and that they will be following the rules and policies of the hospital and the medical staff.

- 3. The supervising physician responsible for overseeing each resident communicates to the organized medical staff and its governing body about the patient care, treatment, and services provided by, and the related educational and supervisory needs of, each participant in the professional graduate education program. The supervising physician will send a brief report to the monthly General Medical Staff meeting. The Chief of Staff will communicate pertinent information from that report, to the Board of Trustees, as indicated. The supervising physician will inform the organized medical staff and its governing body about the patient care, treatment, and services provided by, and the related educational and supervisory needs of, each participant in the professional graduate education program.
- 4. The supervising physician is responsible to communicate information to the GMEC of the residency program about the quality of care, treatment, and services and educational needs of the participants. The supervising physician is responsible to complete all required evaluation forms for each resident in each residency program. The supervising physician will also meet regularly with the GMEC and will submit all required documentation.
- 5. The supervising physician may delegate resident training to an attending physician, when needed.
- 6. Medical Staff Services will notify those areas in the hospital where a resident physician would be involved with patient care (for example, nursing units, lab, x-ray, etc.).

INTRODUCTION AND OVERVIEW

MEMORIAL HOSPITAL OF SWEETWATER COUNTY

At Memorial Hospital of Sweetwater County, we believe in *Compassionate Care For Every Life We Touch*.

MHSC is a nonprofit, 99-bed, regional acute-care facility in scenic southwestern Wyoming, within easy reach of Flaming Gorge Reservoir, Killpecker Sand Dunes, and the Wind River Mountain Range.

Memorial Hospital of Sweetwater County is accredited by The Joint Commission. It is a not-for-profit, charitable corporation operated for the sole purpose of promoting the health of the people in its service area.

The MHSC campus is home to about 286,000 square feet of buildings, including the approximately 193,624 square feet that make up the three main floors of the hospital. In July 2014, the hospital completed construction of a 77,392 square-foot building that houses the Specialty Clinics of Sweetwater Memorial and Sweetwater Regional Cancer Center. In spring 2017, just down the street from the main campus, the hospital opened the 15,000 square foot Family, Internal, and Occupational Medicine Clinics of Sweetwater Memorial.

Our highly trained professionals deliver quality care with the newest technology. We offer numerous services through the hospital and our employed physician team. MHSC offers intensive care, emergency, obstetrics, medical/surgical, surgery and same-day surgery, and a dialysis unit. We also offer a full-service laboratory and pathology team, a sleep disorder lab, physical therapy, cardiac rehabilitation, speech therapy, and much more.

Our Medical Imaging Center is the best in the region and includes the first and only large-bore MRI in the area, ultrasound, nuclear medicine, PET scan, and digital mammography, as well as the only 64-slice CT scanner in the region. Sweetwater Regional Cancer Center is an affiliate partner of the University of Utah's Huntsman Cancer Institute.

We are one of the top five employers in Sweetwater County, with a workforce of more than 500 people.

GEOGRAPHIC ASSESSMENT AREA

Sweetwater County was utilized as the geographic area for the CHNA and the source of county data.

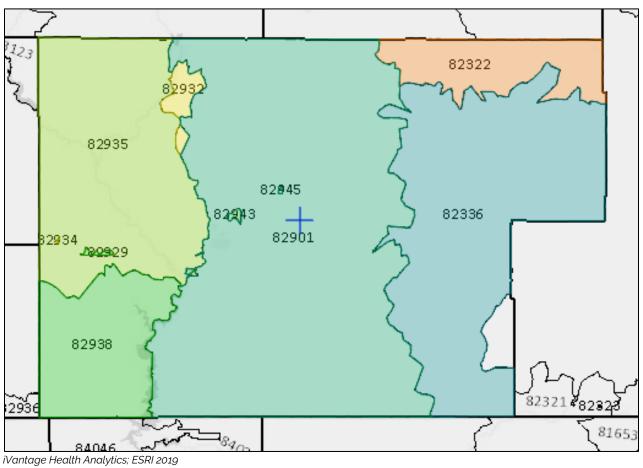

Sweetwater County is in southwestern Wyoming and consists of 10,427 square miles of land and 64 square miles (0.6%) of water. Population density is 4.2 per square mile. Sweetwater County is the largest geographic county in Wyoming and the eighth largest county in the United States. The county seat is Green River, and the largest city is Rock Springs.

The zip codes for both incorporated and unincorporated communities in Sweetwater County are listed below.

ZIP CODE	Сітч
82322	Bairoil
82901	Bitter Creek
82932	Eden
82932	Farson
82934	Granger
82935 & 82938	Green River
82929	Little America
82938	McKinnon
82942	Point of Rocks
82336	Red Desert
82943	Reliance
82901	Rock Springs
82945	Superior
82336	Wamsutter

SWEETWATER COUNTY MAP

STEERING COMMITTEE

The steering committee established the framework and methodology for conducting the CHNA and provided guidance and direction throughout the process.

The steering committee members included:

Irene Richardson Chief Executive Officer, MHSC
Kari Quickenden, PharmD Chief Clinical Officer, MHSC
Kristy Nielson, DNP Chief Nursing Officer, MHSC
Tami Love Chief Financial Officer, MHSC
Suzan Campbell, JD Chief Legal Executive, MHSC
Leslie Taylor, RN Clinic Director, MHSC
Dr. Barbara Sowada Board of Trustees, MHSC
Dr. Cielette Karn Laboratory Medical Director, MHSC
Kim Lionberger, MSN Director, Sweetwater County District Board of Health

Dr. Jean Stachon County Health Officer

RESEARCH METHODOLOGY

The CHNA was conducted between January 2019 and June 2019. Quantitative and qualitative methods were utilized to gather data.

QUANTITATIVE DATA

A variety of sources were used to obtain data about health trends and health disparities, including but not limited to: iVantage Health Analytics, County Health Rankings & Roadmaps, Community Commons, Centers for Disease Control (CDC), Wyoming Department of Public Health, U.S. Census Bureau, Institute for Health Metrics and Evaluation, National Center for Education Statistics, and the Bureau of Labor Statistics.

Every effort was made to obtain the most current data. Data were analyzed for comparison purposes with the United States, the state of Wyoming, counties within the state, and Healthy People 2020 when comparative data was available.

QUALITATIVE DATA

Qualitative data collection included a key stakeholder survey, key stakeholder interviews, key stakeholder focus groups, and a community survey. In total, more than 550 individuals provided input for the CHNA.

KEY STAKEHOLDER INTERVIEWS

There were a total of 27 key stakeholder interviews conducted with individuals that represented the broad interests of the community, including public health and individuals with knowledge of medically underserved, low-income, minority populations, and populations with chronic disease. Individuals to be interviewed were recommended by the steering committee. A summary is included in *Appendix 1*.

KEY STAKEHOLDER FOCUS GROUPS

Four focus groups were held with a total of approximately 43 participants. Focus groups were held with: MHSC Primary Care Providers, MHSC Clinical Leadership, MHSC Case Management, and the Sweetwater County Economic Development Coalition Enterprise Committee. A summary is included in *Appendix 2*.

KEY STAKEHOLDER SURVEY

A survey was distributed to key stakeholders between February 2019 and March 2019. The survey was distributed to community stakeholders, including those who were interviewed inperson or by phone. There was a total of 83 respondents. The results are included in *Appendix* 3.

COMMUNITY SURVEY

A community survey was conducted between February 2019 and March 2019. The survey was distributed in various public locations and was also made available electronically. There was a total of 439 respondents. The results are included in *Appendix 4*.

GAP ANALYSIS

The 2019 CHNA includes:

- Community demographics and populations served
- Methods for obtaining, analyzing and synthesizing data about the health needs of the community
- Process for consulting with persons representing the broad interest of the community, including those with special knowledge of or expertise in public health and/or tribal health

Memorial Hospital of Sweetwater County is not aware of any information gaps affecting the assessment or prioritization of community health needs.

CONSULTANTS

Memorial Hospital of Sweetwater County contracted with HealthTechS3 to assist in conducting the 2019 Community Health Needs Assessment. HealthTechS3 is a healthcare consulting and hospital management company based in Brentwood, Tennessee. Carolyn St.Charles, Regional Chief Clinical Officer and Cheri Benander, HealthTechS3 Consultant were the principal consultants for the project.

EXECUTIVE SUMMARY

The Executive Summary summarizes findings from the secondary data and input from the Community and Key Stakeholders.

In total, more than 550 individuals provided input for the 2019 CHNA.

Additional detail, including sources of data, are included in the Main Report.

COMMUNITY AND KEY STAKEHOLDER RECOMMENDED PRIORITIES

The number one priority for Memorial Hospital of Sweetwater County (MHSC) to focus on over the next three years in collaboration with community partners, identified by both the Community and Key Stakeholders, was Behavioral Health Care. One respondent stated when asked about priorities: "Priority 1 is Mental Health Care, Priority 2 is Mental Health Care, and Priority 3 is Mental Health Care."

Multiple comments and feedback were received regarding mental health care, including the lack of psychiatrists and other mental health providers, lack of access to treatment, and the number of patients admitted under a Title 25 (involuntary detention) hold that cannot be transferred due to a lack of beds in the state. Southwest Counseling Service was identified as an important resource, but residents found it sometimes difficult to get an appointment.

Consideration of a small inpatient unit at MHSC was identified as a potential solution as well as adding additional mental health providers.

Other important priorities identified by the Community and Key Stakeholders differed only by the ranking (importance).

Сомминту	KEY STAKEHOLDERS	
 Help people get mental health care Increase the number of specialists Help support caregivers Help people stay healthy who have a chronic disease Help adults and teens stop using Illegal drugs, opioids, alcohol or tobacco 	 Help people get mental health care Help people stay healthy who have a chronic disease Help support caregivers Help adults and teens stop using Illegal drugs, opioids, alcohol or tobacco Increase the number of specialists 	

HEALTH OF THE COMMUNITY

County Health Rankings & Roadmaps is a collaboration between the Robert Wood Johnson Foundation and the University of Wisconsin Population Health Institute. The rankings are based on a model of population health that emphasizes the many factors that, if improved, can help make communities healthier places to live, learn, work, and play. The rankings are determined by both Health Outcomes and Health Factors, which are weighted to determine an overall ranking for each county. A ranking of one represents the healthiest county.

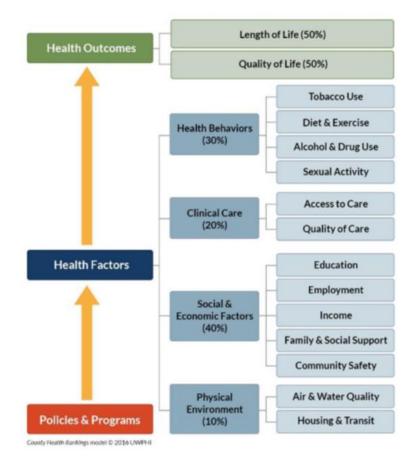

Compared to 23 counties in Wyoming, Sweetwater County ranks 18th for Health Outcomes and 21st for Health Factors. The measures included under each category and definitions are included in *Appendix 5*.

HEALTH OUTCOMES-18TH

- 14th Length of Life
- 19th Quality of Live

HEALTH FACTORS-21ST

- 19th Health Behaviors
- 16th Clinical Care
- 21st Social & Economic Factors
- 18th Physical Environment

DEMOGRAPHICS

POPULATION

The population of Sweetwater County is estimated to decline from 45,694 to 45,302 by 2023, a 0.17% decrease.

AGE

The median age of 34.7 years is expected to have minimal changes by 2023. Children under 4 years of age make up 8% of the population, and 23% are 14 years or younger. Twelve percent of the population is over 65.

ETHNICITY

79.4% of the population is White alone (not Hispanic or Latino), and 16.2% are Hispanic or Latino.

PHYSICAL ENVIRONMENT

RADON

Radon levels in Sweetwater County are 5.6pCi/L. The EPA recommends fixing any home as soon as possible that tests over 4.0pCi/L.

Housing

Nine percent of residents in Sweetwater County are considered to have a severe housing cost burden, and 10% of residents have severe housing problems. Housing in Sweetwater County is expensive and limited. More than 50% of key stakeholders felt that lack of access to affordable housing contributes to the health challenges of atrisk populations.

Social and Economic Factors

EDUCATION

91.3% of the population over 25 years of age have a high school degree or higher, and 22.2% have a bachelor's degree or higher. Approximately 2% have less than a 9th-grade education.

ENGLISH PROFICIENCY

89.4% of the population speak only English. Of those who speak another language, 9.3% speak Spanish.

INDUSTRY

Slightly over 20% of the jobs in Sweetwater County are related to mining.

UNEMPLOYMENT

The unemployment rate in Sweetwater County in 2018 was 4.2%, the same as the state. The unemployment in February of 2019 was 4.3%, a decrease from 4.8% the prior month.

INCOME

The average income in Sweetwater County is \$82,373, with a per-capita income of \$31,700. However, approximately 10.5% of the population and 15.7% of children live below the Federal Poverty Level. According to the Wyoming Economic Analysis Division, the number of residents with an income below the poverty level increased from 2017 to 2018 in Sweetwater County.

CLINICAL CARE

INSURANCE

Approximately 15% of adults and 7% of children are uninsured in Sweetwater County, which is about the same rate as the state. The percent of patients seen at the MHSC ED without insurance ranged from 18% to 22% between April 2018 and March 2019.

PREVENTABLE HOSPITAL STAYS

Based on 2016 data, preventable hospital stays per 100,000 Medicare enrollees are slightly lower in Sweetwater County than the state.

Preventable hospital stays are defined as the rate of hospital stays for ambulatory-care-sensitive conditions.

PRIMARY CARE

Sweetwater County is a Health Professional Shortage Area for primary care. There are 2,940 residents for each primary care provider in Sweetwater County, compared to 1,4701 residents for each primary care provider in the state. Primary care providers do not include OB/GYN physicians.

There are 1,741 residents for each other primary care provider in Sweetwater County, compared to 1,025 other primary care providers in the state. Other primary care providers include nurse practitioners, physician assistants, and clinical nurse specialists.

34% of respondents to the community survey reported difficulty getting an appointment with a primary care provider. Lack of appointment times, lack of

convenient appointment times, and cost were all identified as reasons for lack of access. Between April 2018 and March 2019 approximately 36% to 44% of patients seen in the MHSC Emergency Department did not have a primary care provider.

SPECIALTY CARE

ACCESS TO SPECIALTY CARE

32% of respondents to the community survey felt that increased access to specialty care would help improve both their health and their families' health.

Appointments with mental health providers, psychiatry, orthopedics, pediatrics, and gynecology were identified as the most difficult to access by community survey respondents. Key stakeholders agreed that mental health providers, psychiatry, and orthopedics were in the top five. However, they added cardiology and internal medicine as difficult to access.

The top four specialists that residents and key stakeholders traveled outside of Sweetwater County to access were the same, including dermatology, cardiology, orthopedics, and endocrinology. The community survey respondents chose mental health care as number five, and key stakeholders chose oncology.

Respondents suggested telemedicine as a way to increase access to specialists.

EMERGENCY DEPARTMENT (ED) TRANSFERS

Between April 2018 and April 2019 approximately 84% of patients seen in the ED at MHSC were discharged home, 11% were admitted, and 4% were transferred to another hospital.

Both the Community and Key Stakeholders commented on the number of transfers and the desire to keep as many patients as possible in Sweetwater County for care.

MENTAL HEALTH CARE

Sweetwater County is a Health Professional Shortage Area for mental health care. There are 440 residents for each mental health provider in Sweetwater County, compared to 310 residents for each mental health provider in the state. Mental health providers include psychiatrists, psychologists, licensed clinical social workers, counselors, marriage and family therapists, and mental health providers that treat alcohol and other drug abuse, as well as advanced practice nurses specializing in mental health care.

32% of respondents to the community survey reported difficulty getting an appointment with a mental health provider, and 22% reported difficulty getting an appointment with a psychiatrist.

The top five reasons identified by key stakeholders for lack of access to mental health care were: (1) lack of understanding of mental health disorders; (2) not enough psychiatrists; (3) stigma or prejudice; (4) drug or alcohol abuse; (5) cost of mental health care.

DENTAL CARE

Sweetwater County is a Health Professional Shortage Area for dental care. There are approximately 1,8901 residents for each dentist in Sweetwater County compared to 1,510 residents for each dentist in the state.

HEALTH BEHAVIORS

TOBACCO, ALCOHOL, AND DRUGS

The community and key stakeholders both identified the use of tobacco, and the use of alcohol and drugs, as risk factors for adults and teens.

Data available for Sweetwater County did not show a significant difference in the use of tobacco, alcohol, or drugs compared to the state.

In Wyoming from 2016 to 2017, 4.5% of teens and 2.5% of adults reported not being able to access treatment for drug use, and 6.6% of adults and 2.2% of teens reported not being able to access treatment for alcohol use. The data is from a report on Alcohol & Drug Dependence Abuse & Treatment published by the Henry J. Kaiser Family Foundation.

DIET AND EXERCISE

Almost 29% of adults in Sweetwater County are considered obese. Poor eating habits and obesity were identified as significant risk factors for both adults and teens by the community and key stakeholder respondents.

In Sweetwater County, 11% of the population have limited access to healthy foods and 11% experience food insecurity.

SFXUAL ACTIVITY

Teen births are higher in Sweetwater County than the state. Community and key stakeholder respondents identified teen pregnancy as a significant risk affecting health outcomes.

HEALTH OUTCOMES

LIFE EXPECTANCY

The life expectancy for residents of Sweetwater County is 78.4 years. However, healthy life expectancy is approximately ten years less than total life expectancy.

The five highest risk factors that contribute to disability-adjusted life years in Wyoming are tobacco use, alcohol and drug use, high body mass index, dietary risks, and high systolic blood pressure.

Cause of Death

The top five causes of death in Sweetwater County are major cardiovascular disease, cancer, Alzheimer's disease, chronic lower respiratory disease, and accidents and adverse events (unintentional injury).

HEALTH STATUS

DISABILITY STATUS

Approximately 11.5% of residents of Sweetwater County have a disability compared to 12.9% in the state.

BIRTH & EARLY CHILDHOOD

C-Section births and mothers who smoked while pregnant are both slightly higher (worse) than the state. Infant mortality and adequate prenatal care are better than the state. These may not be statistically different than the state.

MENTAL HEALTH

Reported poor mental health days within the last 30 days in Sweetwater County were the same as the state. 5.5% of respondents to the community survey rated their mental health as poor.

Both community and key stakeholder respondents rated chronic mental illness and depression as the 2nd and 3rd choices for the chronic diseases they would like to see MHSC focus on over the next three years.

There was a total of three hundred (300) patients admitted under a Title 25 hold at MHSC between April 2017 and April 2019, an average of 6.25 patients per month. The average length of stay was 2.1 days for adults and 1.1 days for juveniles.

The CDC ranks Wyoming as 3rd highest compared to other states for age-adjusted suicide. Only Montana and Alaska have a higher rate of suicide. Sweetwater County has the fifth highest rate of age-adjusted suicide in the state compared to other counties.

CANCER

Cancer is the second most common cause of death in Sweetwater County.

Cancer incidence and mortality are approximately the same as the state.

Recommended cancer screening for mammograms, PAP tests, and colorectal screenings are lower (worse) than the state.

DIABETES

Approximately 9% of adults in Wyoming have been diagnosed with diabetes.

Respondents to the community survey and key stakeholder survey identified diabetes as the most important chronic disease for MHSC to focus on over the next three years.

CARDIOVASCULAR & CEREBROVASCULAR DISEASE

Major cardiovascular disease is the number one cause of death for residents of Sweetwater County.

Approximately 31% of adults in Wyoming have been diagnosed with hypertension.

Respondents to the community and key stakeholder survey identified heart disease as one of the top four important chronic diseases for MHSC to focus on over the next three years.

RESPIRATORY DISEASE

Chronic lower respiratory disease is the fourth most common cause of death in Sweetwater County.

6.7% of adults in Wyoming have been diagnosed with chronic obstructive pulmonary disease (COPD), and 9.1% with asthma.

MAIN REPORT

HEALTH OF THE COMMUNITY

COMMUNITY NEEDS INDEX

In 2005, Dignity Health, in partnership with Truven Health, pioneered the nation's first standardized Community Need Index (CNI). The CNI is strongly linked to variations in community healthcare needs and is a strong indicator of a community's need for various healthcare services.

The CNI score is an average of five different barrier scores that measure various socioeconomic indicators of each community. The five barriers are listed below, along with the indicators that are analyzed for each barrier.

BARRIERS TO HEALTHCARE ACCESS	Indicator(s) Underlying Causes of Health Disparities		
	Percentage of	households below poverty line, with head of household age 65 or more	
Іпсоме	Percentage of	families with children under 18 below poverty line	
	Percentage of	single female-headed families with children under 18 below the poverty line	
Culture /	Percentage of	population that is minority (including Hispanic ethnicity)	
LANGUAGE	Percentage of	population over age 5 that speaks English poorly or not at all	
EDUCATION	Percentage of	population over age 25 without a high school education	
INCURANCE	Percentage of	population in the labor force, aged 16 or more, without employment	
INSURANCE	Percentage of	population without health insurance	
Housing	Percentage of	households renting their home	

A score of 1.0 indicates a ZIP code with the least need, while a score of 5.0 represents a ZIP code with the most need.

1.0-1.7	Lowest Need	
1.8-2.5	2ND LOWEST NEED	
2.6-3.3	MID NEED	
3.4-4.1	2ND HIGHEST NEED	
4.2-5.0	HIGHEST NEED	

82322	3.8	97	Bairoil	Sweetwater	Wyoming
82336	3.8	410	Wamsutter	Sweetwater	Wyoming
82901	3.6	29465	Rock Springs	Sweetwater	Wyoming
82932	2.2	407	Farson	Sweetwater	Wyoming
82935	3.0	13288	Green River	Sweetwater	Wyoming
82938	3.4	145	McKinnon	Sweetwater	Wyoming

Source: Truven Health Analytics, 2018; Insurance Coverage Estimates, 2018; The Nielson Company, 2018; and Community Need Index, 2018.

Sweetwater County has a median score of 3.5. Farson is in the second lowest need category, and Green River is in the mid-need category. The remaining cities, Bairoil, Wamsutter, Rock Springs and McKinnon are in the second highest need category.

COUNTY HEALTH RANKINGS & ROADMAPS

County Health Rankings & Roadmaps is a collaboration between the Robert Wood Johnson Foundation and the University of Wisconsin Population Health Institute. The rankings are based on a model of population health that emphasizes many factors that, if improved, can help make communities healthier places to live, learn, work, and play. The rankings are determined by Health Outcomes and Health Factors, which are weighted to determine an overall ranking for each county.

HEALTH OUTCOMES

The overall rankings in health outcomes represent how healthy counties are in Wyoming compared to 23 other Wyoming counties. The healthiest county is ranked #1. The ranks are based on two types of measures: how long people live and how healthy people feel while alive.

HEALTH FACTORS

The overall rankings in health factors represent what influences the health of a county. They are an estimate of the future health of counties in Wyoming compared to 23 other counties. The ranks are based on four types of measures: health behaviors, clinical care, social and economic factors, and physical environment.

Appendix 5 includes additional information, including data definitions, the weight of each measure, county data, and state data.

SWEETWATER COUNTY RANKING

Sweetwater County ranks 18th for Health Outcomes and 21st for Health Factors compared to 23 other counties in Wyoming.

Health Outcomes-18th

14th Length of Life

19th Quality of Live

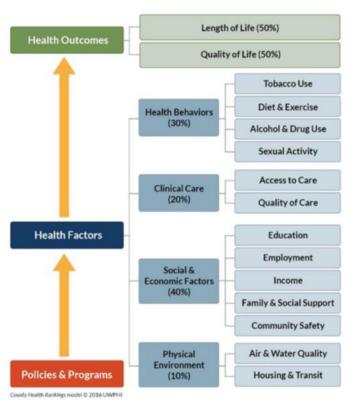

Health Factors-21st

19th Health Behaviors

16th Clinical Care

CHILD WELL-BEING

Wyoming ranks 18th compared to 50 other states for child well-being based on data from the 2018 Kids Count Profile published by the Annie E. Casey Foundation. The following table shows the ranking and measures for each indicator.

Economic Well-Being: Rank 6				
	Wyoming	United States		
Children in poverty (2016)	11%	19%		
Children whose parents lack secure employment (2016)	23%	28%		
Children living in a household with a high housing cost burden (2016)	20%	32%		
Teens not in school and not working (2016)	5%	7%		
Education	on: Rank 25			
	Wyoming	United States		
Young children (ages 3 and 4) not in school (2014 – 2016)	59%	52%		
Fourth graders not proficient in reading (2017)	59%	65%		
Eight graders not proficient in math (2017)	62%	67%		
High school students not graduating n on time (2015-2016)	20%	16%		
Health	: Rank 49			
Wyoming United States				
Low birth-weight babies (2016)	8.5%	8.2%		
Children without health insurance (2016)	9%	4%		
Child and teen deaths per 100,000 (2016)	32	26		
Teens who abuse alcohol or drugs (2015-2016)	6%	5%		
Family and Community: Rank 7				
	Wyoming	United States		
Children in single-parent families (2016)	28%	35%		
Children in families where the household head lacks a high school diploma (2016)	5%	14%		
Children living in high-poverty areas (2012 – 2016)	1%	13%		
Teen births per 1,000 (2016)	26	20		

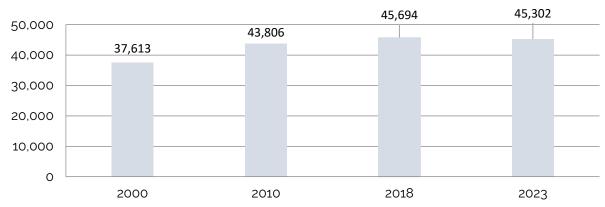

DEMOGRAPHICS

POPULATION

Sweetwater County experienced a steady increase in population from 2000-2018 growing from 37,613 to 45,694. The population is expected to decrease at an annual rate of 0.17% from 2018-2023.

SWEETWATER COUNTY POPULATION

Source: iVantage Health Analytics, ESRI 2019

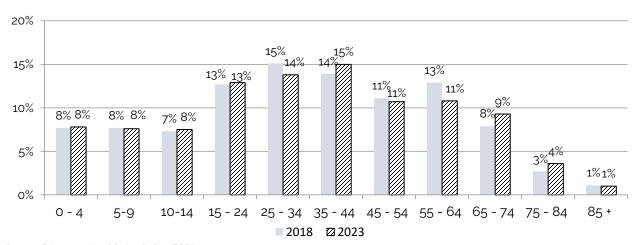

AGE

The median age in Sweetwater County is 34.7 years.

Eight percent of the population are 4 years of age or younger, 23% are 14 years of age or younger, and 12% are 65 years or older.

There are minimal changes projected in the age of the population by 2023.

POPULATION BY AGE

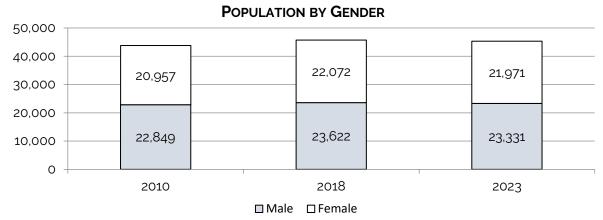

Source: iVantage Health Analytics, ESRI 2019

GENDER

The population distribution by gender is fairly even between males and females, although there are slightly more males than females. There is no significant change expected in gender distribution by 2023.

Source: iVantage Health Analytics, ESRI 2019

RACE AND ETHNICITY

94.1% of the population is White. 79.4% are White alone, not Hispanic, and 16.2% are Hispanic or Latino.

Race	Percent
White, alone	94.1%
Black or African American, alone	1.3%
American Indian and Alaska Native alone	1.5%

Housing

The median home value in 2018 in Sweetwater County was \$196,435 and is estimated to increase to \$208,122 by 2023.

The percentage of housing units that are owner-occupied is higher than the state.

Nine percent of residents are considered to have a severe housing cost burden, defined as households that spend 50% or more of their household income on housing. There is no statistical difference between the county and the state.

Ten percent of residents have severe housing problems defined as the percentage of households with at least 1 of 4 housing problems; overcrowding, high housing costs, lack of kitchen facilities, or lack of plumbing facilities. The occurrence of severe housing problems is lower (better) than the state.

Housing	Sweetwater County	Wyoming
Owner-occupied Housing (2013-2017)	74% (72%-76%)	69%
Severe Housing Cost Burden (2013-2017)	9% (7%-12%)	10%
Severe Housing Problems (2011-2015)	10% (8%-11%)	12%

Source: County Health Rankings & Roadmaps

COMMUNITY AND KEY STAKEHOLDERS: Almost all respondents to the community survey, 99%, indicated that they had housing. However, 6.7% felt that access to affordable housing would help improve both their health and the health of their family.

55.6% of key stakeholders felt that lack of access to affordable housing is a factor that contributes to the health challenges of at-risk populations in Sweetwater County.

TRANSPORTATION

Driving alone to work is not statistically different than the state. However, the length of the commute is longer than the state.

Transportation	Sweetwater County	Wyoming
Drive Alone to Work (2013-2017)	77% (75%-80%)	78%
Long Commute-Driving Alone (2013-2017)	19% (16%-21%)	15%

INCOME

The average household income in 2018 in Sweetwater County was \$82,373 and is predicted to increase to \$93,605 by 2023. The median household income is \$71,083, with a per-capita income of \$31,700.

Manufacturing, mining, and utilities, have annual salaries of over \$97,000.5

SWEETWATER COUNTY HOUSEHOLD INCOME

Source: iVantage Health Analytics

⁵ Wyoming County Profiles. Department of Administration & Information Economic Analysis Division

Sweetwater County has an income inequality ratio of 4.4 compared to 4.2 in Wyoming.⁶ Income inequality is the ratio of household income at the 80th percentile to that at the 20th percentile. A higher inequality ratio indicates greater division between the top and bottom ends of the income spectrum.

The U.S. Department of Health and Human Services defines the poverty level in 2019 as an income of \$12,490 for one individual and \$25,750 for a family of four.

Approximately 12% of the population and 15.7% of children in Sweetwater County live below the federal poverty level. 7 10.6% of children live in households with supplemental security income (SSI), cash public assistance income, or food stamps / supplemental nutrition assistance program (SNAP) benefits. 8

The percentage of residents living below the poverty level was higher than the state average of 7.5% in 2018. According to a report by the Wyoming Economic Analysis Division, the number of Sweetwater County residents with income below the poverty level increased from 4,868 in 2017 to 5,274 in 2018.

For the 2016/2017 school year, 35% of children were eligible for free or reduced price lunch, which is slightly lower than the rate in the state of 39%.9

RESIDENTIAL SEGREGATION

Residential segregation is an index of dissimilarity where higher values indicate greater residential segregation between non-white and white residents. Sweetwater County is lower (better) than the state.

Residential Segregation	Sweetwater County	Wyoming
Residential Segregation (2013-2017)	36	39

CLINICAL CARE

RURAL HEALTH RANKING

Wyoming ranks 14th in the nation for rural health out of 47 states with rural counties and received an overall grade of B from the F. Marie Hall Institute for Rural and Community Health. Wyoming ranks higher (better) than all mountain division region states (Arizona, Idaho, Montana, Nevada, New Mexico, and Utah), except Colorado.¹¹

INSURANCE COVERAGE

As of 2017, Wyoming had the sixth highest uninsured rate in the country, with a rate of 12.3%, an increase from 2016.¹²

In 2016, 15% of adults and 7% of children did not have insurance coverage in Sweetwater County. The rate of uninsured in the county is not statistically different than the state.

Uninsured	Sweetwat	Wyoming	
Oninsured	NUMBER	PERCENT	PERCENT
Uninsured Adults (2016)	4,164	15% (13%-17%)	16%
Uninsured Children (2016)	878	7% (5%-9%)	8%

PRIMARY CARE PROVIDERS

Sweetwater County is a Health Professional Shortage Area for primary care.

There are 2,940 residents for each primary care provider in Sweetwater County, compared to 1,4701 residents for each primary care provider in the state. Primary care providers do not include OB/GYN physicians.

There are 1,741 residents for each other primary care provider in Sweetwater County, compared to 1,025 other primary care providers in the state. Other primary care providers include nurse practitioners, physician assistants, and clinical nurse specialists.

SPECIALTY CARE

32% of respondents to the community survey reported that increased access to specialty care would help improve both their health and their families' health.

The community survey responses and those from key stakeholders differed in the specialties that were perceived as the most difficult to access except for access to mental health providers. The difference may have to do with the average age of the community survey respondents and the emphasis on services for families and children. However, access to mental health providers was number one for both the community and key stakeholders.

Difficulty Getting an Appointment	Community Survey	Rank	Key Stakeholder Survey	Rank
Mental Health Provider	31.9%	1	28.6%	1
Psychiatry	22.3%	2	12.5%	4
Orthopedics	13.9%	3	10.7%	5

Dermatology	1	1
Cardiology	2	2
Orthopedics	3	3
Endocrinology	4	4
Mental Health Care	5	(8)
Oncology	(9)	5

Source: MHSC Community and Key Stakeholder Survey, 2019

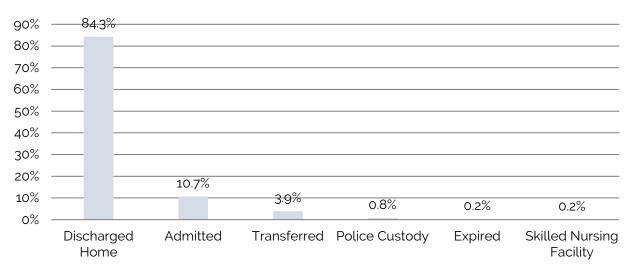

The relationship with the University of Utah and visiting specialists was viewed as positive by the majority of key stakeholders. However, availability of appointments was identified as a concern by both key stakeholders and community members.

Tele-medicine was identified as a way to increase access to specialists.

MHSC EMERGENCY DEPARTMENT

From April 2018 to April 19, 2019, there were a total of 16,913 patients seen in the Emergency Department (ED) at MHSC. The majority, 84.3%, were discharged home. Approximately 11% were admitted, and 4% were transferred to another hospital.

MHSC EMERGENCY DEPARTMENT APRIL 1, 2018 - APRIL 19, 2019

Source: Memorial Hospital Sweetwater County

COMMUNITY AND KEY STAKEHOLDERS: Both the community and key stakeholders commented on the number of transfers to other hospitals from the Emergency Department (ED) and the desire to keep as many people as possible in Sweetwater County for care.

Numerous respondents mentioned long wait times in the ED. The need for more access to primary care and the availability of urgent care as an alternative to the ED were both identified as strategies to decrease the use of the ED for a minor illness.

MENTAL HEALTH CARE

Sweetwater County is a Health Professional Shortage Area for mental health.

There are 440 residents for each mental health provider in Sweetwater County, compared to 310 residents for each mental health provider in the state. Mental health providers include psychiatrists, psychologists, licensed clinical social workers, counselors, marriage and family therapists, and mental health providers that treat alcohol and other drug abuse, as well as advanced practice nurses specializing in mental health care.

	*Sweetwater County	*Wyoming (2018)			**Wyoming Grade and National
	(2018)	(2010)	RURAL WYOMING	RURAL U.S.	Rank

^{*}Source: County Health Rankings & Roadmaps

COMMUNITY AND KEY STAKEHOLDERS: 32% of community respondents and 28.5% of key stakeholders reported difficulty getting an appointment with a mental health care provider.

22% of community respondents and 12.5% of key stakeholders reported difficulty getting an appointment with a psychiatrist.

20.5% of community respondents felt that increased access to mental health care would help improve both their health and their families' health.

Mental Health Care Access	Community Survey	Key Stakeholder Survey
Difficulty getting an appointment with a mental health provider	31.9%	28.5%
Difficulty getting an appointment with a psychiatrist	22.3%	12.5%
Increased access would improve health	20.5%	

Source: MHSC Community and Key Stakeholder Survey, 2019

The top five reasons identified by key stakeholders for lack of mental health care were:

- Lack of understanding of mental health disorders
- Not enough psychiatrists
- Stigma or prejudice
- Drug or alcohol abuse
- Cost of mental health care

^{**}Source: Rural Health Report Card

DENTAL CARE

Sweetwater County is a Health Professional Shortage Area for dental care.

There are approximately 1,8901 residents for each dentist in Sweetwater County compared to 1,510 residents for each dentist in the state.

	*Sweetwater	*Wyoming		racticing in nmunities	**Wyoming Grade and
	County (2018)	(2018)	RURAL WYOMING	RURAL UNITED STATES	National Rank

HEALTH BEHAVIORS

Товассо

DISABILITY-ADJUSTED LIFE YEARS

A study published by the Journal of the American Medical Association (JAMA), in 2018, identified risk-factors that contributed to disability-adjusted life-years. In Wyoming, the highest risk factor was tobacco use.

TOBACCO CONTROL GRADE

The American Lung Association awards a grade to each of five indicators related to tobacco control. As noted below, Wyoming received an F for every measure except "access to cessation services," which received a grade of D.

Tobacco Control Grade Factors	Wyoming
Tobacco Prevention and Cessation Funding	F
Smoke-free Air	F
Tobacco Taxes	F
Access to Cessation Services	D
Age to purchase Tobacco 21	F

Source: American Lung Association: State of Tobacco Control 2018- Wyoming Local Grades

TOBACCO USE

According to the American Lung Association, adult and youth cigarette smoking rates are near historically low levels in the U.S., but there was a staggering 78% increase in youth ecigarette use from 2017 to 2018 that caused both the FDA Commissioner and U.S. Surgeon General to declare youth e-cigarette use an epidemic.

Adults who smoke in Sweetwater County is not statistically different than the state.

The prevalence of high school students in Sweetwater County who smoked in the past 30 days was 7%, the second lowest prevalence rate in the state.¹⁷

15% of pregnant women in Sweetwater County reported smoking at least one cigarette during pregnancy, which is double the national rate of 7.2%.¹⁸

¹⁷ Wyoming Tobacco Prevention & Control Evaluation

¹⁸ Wyoming Tobacco Prevention & Control Evaluation

Tobacco Use	Sweetwater County	Wyoming	Healthy People 2020 Target
Adults who are current smokers (2016)	*18% (17%-19%	**18.7% (17.2%-20.3%)	12%
***Percentage of mothers who self- report smoking at least one cigarette during their pregnancy (2016)	15%	14.1%	

^{*}Source: County Health Rankings & Roadmaps-2016

COMMUNITY AND KEY STAKEHOLDERS: 72% of respondents to the community survey identified tobacco use as the third highest risk factor for adults and 77% identified tobacco use as the second most important risk factor for teens. Key stakeholders ranked tobacco use and vaping by youth and teens as the second highest risk behavior.

Risk Factor Use of Tobacco	Adults	Youth & Teens
Community Survey	72% (3 rd)	76.9% (2 nd)
Key Stakeholder Survey	79.3% (6 th)	86.8% (2 nd)

ALCOHOL

DISABILITY-ADJUSTED LIFE YEARS

A study published by the Journal of the American Medical Association (JAMA), in 2018, identified risk-factors that contributed to disability-adjusted life-years. In Wyoming, the second highest risk factor was alcohol and drug use.

ALCOHOL DEPENDENCE

The percent of adults who report binge or heavy drinking is the same as the state and the percent of alcohol-impaired driving deaths is not statistically different than the state.

The percent of adults and teens needing treatment for alcohol dependence is higher in Wyoming than the United States.

Alcohol Dependence	Sweetwater County	Wyoming	United States
*Percent of adults who reported binge or heavy drinking (2016)	20% (19-21)	20%	
**Adults reporting alcohol dependence or abuse in the past year (2016-2017	(13 21)	6.6%	5.7%

DIET AND EXERCISE

DISABILITY-ADJUSTED LIFE YEARS

A study published by the Journal of the American Medical Association (JAMA), in 2018, identified risk-factors that contributed to disability-adjusted life-years. In Wyoming, the third and fourth highest risks were high body mass index and dietary risks.

OBESITY

Obesity for adults is defined as a body mass index (BMI) greater than or equal to 30 kg/m2.

Wyoming has the 34th highest adult obesity rate in the nation and the 14th lowest obesity rate for youth ages 10 to 17. Wyoming's adult obesity rate is 29%, an increase from 16.6% in 2000. The rate of adult obesity is not statistically different in Sweetwater County than the state.

HEALTH OUTCOMES

LIFE EXPECTANCY

Sweetwater County ranks 14th compared to 23 other counties in Wyoming for length of life.²²

A study published by the Journal of the American Medical Association (JAMA), in 2018, identified life expectancy and healthy life expectancy by state. In Wyoming, the healthy life expectancy is approximately 12 years less for females, and 10 years less for males than total life expectancy.

Hawaii is ranked #1 for the longest healthy life expectancy for males and females combined at 70.1 years. Minnesota has the longest healthy life expectancy for males at 69.1 years, and Hawaii has the longest healthy life expectancy for female at 71.9 years.

Gender	WYOMING Life Expectancy 2016	WYOMING Healthy Life Expectancy	U.S. Life Expectancy 2016	U.S. Healthy Life Expectancy

The JAMA study identified risk factors for disability-adjusted life-years. The top ten risk factors in Wyoming, from highest risk to lowest risk were:

- 1. Tobacco use
- 2. Alcohol and drug use
- 3. High body mass index
- Dietary risks
- 5. High systolic blood pressure
- 6. High fasting plasma glucose
- 7. High total cholesterol
- 8. Occupational risks
- 9. Impaired kidney function
- 10. Air pollution

LEADING CAUSE OF DEATH

The top five causes of death in Sweetwater County in 2017 were.²³

- 1. Major cardiovascular disease
- 2. Cancer
- 3. Alzheimer's Disease
- 4. Chronic lower respiratory disease
- 5. Accidents and adverse events (unintentional injury)

Wyoming consistently has a higher rate than the United States of unintentional injury deaths, 61.9 per 100,000 compared to 47.4 per 100,000, based on data from 2016. Unintentional injury mortality rates are highest among males and those 75 years and older. The leading mechanisms of unintentional injury mortality are motor vehicle crashes, unintentional poisoning, and falls.²⁴

HEALTH STATUS

The percentage of adults who report poor or fair health is not significantly different than the state.

The percentage of adults who report poor physical health days is lower (better) than the state.

Health Status	Sweetwater County	Wyoming
*Population with a Disability	11.5%	12.9%
**Poor or Fair Health (2016)	15% (15%-16%)	15%
**Poor Physical Health Days (2016)` Average number of physically unhealthy days reported in the past 30 days ageadjusted)	3.5 (3.4-3.7)	3.8

^{*}Source: Wyoming County Profiles

COMMUNITY SURVEY: 55% of respondents to the community survey felt that their physical health was good and any issues they had were being treated while 37% indicated they rarely have issues and would rate their health as excellent. 9% indicated their physical health was poor.

BIRTH AND EARLY CHILDHOOD

Babies born prematurely (before 37 weeks gestation) can have immediate complications and long-term health challenges such as impaired vision, dental problems, behavioral and learning challenges, and chronic health issues. ²⁵ The rate of pre-term deliveries in Sweetwater County is 9%, which is the same as the state.

	Sweetwater County	Wyoming
Pre-Term Deliveries	9%	9.1%
Pre-Term Births by Medicaid-Paid Delivery		11.4%
C-Section Births	32%	27%
Adequate Prenatal Care	28%	25%
Mothers who smoked while pregnant	15%	14%
Low birth-weight babies	9%	9%
Infant Mortality per 1,000 live births	2.8	4.5
Births to women with less than a high school education	14%

MENTAL HEALTH

The percent of adults reporting poor mental health days is not significantly different than the state. Other data for Wyoming shows a significant percentage of adults and teens with some depression or mental illness, although this may not be statistically different than the United States.

Health Status	Sweetwater County	Wyoming	United States
*Poor Mental Health Days (2016) Average number of mentally unhealthy days reported in the past 30 days (age- adjusted)	3.5 (3.4-3.7)	3.6	
**Depression (2017)		21.3%	
***Adults reporting mental illness in the past year (2016-2017)		20.0%	18.2%
***Adults reporting serious mental illness in the past year (2016-2017)		4.8%	4.3%
***Adults 18+ reporting a major depressive episode in the last year (2016-2017)		7.0%	6.8%
***Teens 12-17 reporting a major depressive episode in the last year (2016- 2017)		13.4%	12.9%

^{*} Source: County Health Rankings & Roadmaps

COMMUNITY SURVEY: 59% of respondents to the community survey felt their mental health was excellent, 35% felt it was good and any mental health concerns were being treated. 5.5% rated their mental health as poor.

Community Survey Mental Health	Number of Respondents	Percentage
Excellent, I rarely have issues	260	59.36%
Good, any issues I have are treated	154	35.16%
Poor, I have many issues	24	5.48%

Source: MHSC Community Survey, 2019

COMMUNITY & KEY STAKEHOLDER: Respondents to the community survey identified chronic mental illness and depression as the second and third most important chronic disease for MHSC to focus on over the next three years. Key stakeholders ranked chronic mental illness as second and depression as fifth.

Chronic Disease Focus	Community Survey	Key Stakeholder Survey
Chronic Mental Illness	38.5% (2 nd priority)	44.6% (2 nd priority)
Depression	38.8% (3 rd priority)	33.8% (5 th priority)

Source: MHSC Community & Key Stakeholder Survey, 2019

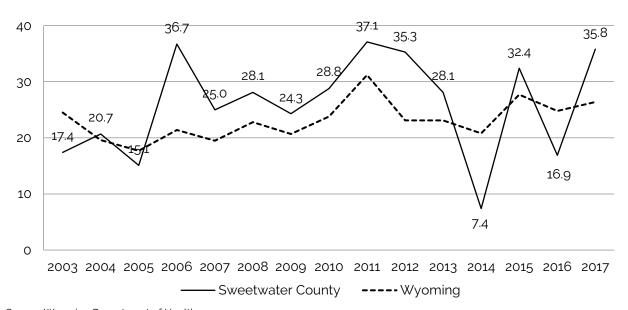

SUICIDE

According to the Kaiser Family Foundation, 4.3% of adults in Wyoming reported having serious thoughts of suicide in the past year (2016-2017). The rate in Wyoming is slightly higher than in the United States, which has a rate of 4.1%.

The CDC National Center for Health Statistics ranked Wyoming 3rd highest compared to other states for age-adjusted rate of suicide in 2017.²⁶

The age-adjusted suicide rate varies by year but shows a slight upward trend. Based on 2017 data, Sweetwater County has the fifth highest rate of age-adjusted suicide in the state compared to 23 other counties. Hot Springs, Big Horn, Platte, and Johnson Counties have a higher rate of age-adjusted suicide.²⁷

TITLE 25 INVOLUNTARY DETENTION

The Wyoming State legislature defines Title 25 involuntary detention as:

- (ii) "Dangerous to himself or others" means that, as a result of mental illness, a person:
- (A) Evidences a substantial probability of physical harm to himself as manifested by evidence of recent threats of or attempts at suicide or serious bodily harm; or
- (B) Evidences a substantial probability of physical harm to other individuals as manifested by a recent overt homicidal act, attempt or threat or other violent act, attempt or threat which places others in reasonable fear of serious physical harm to them; or
- (C) Evidences behavior manifested by recent acts or omissions that, due to mental illness, he is unable to satisfy basic needs for nourishment, essential medical care, shelter or safety so that a substantial probability exists that death, serious physical injury, serious physical debilitation, serious mental debilitation, destabilization from lack of or refusal to take prescribed psychotropic medications for a diagnosed condition or serious physical disease will imminently ensue, unless the individual receives prompt and adequate treatment for this mental illness. No person, however, shall be deemed to be unable to satisfy his need for nourishment, essential medical care, shelter or safety if he is able to satisfy those needs with the supervision and assistance of others who are willing and available."

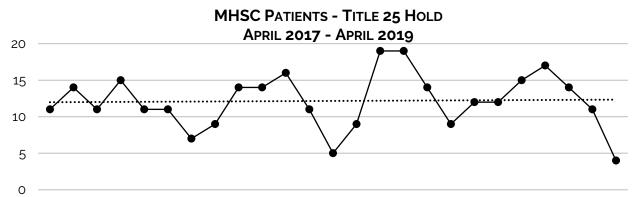

There was a total of 300 patients under a Title 25 hold seen at MHSC between April 2017 and April 2019, an average of 6.25 per month. Of that number, 250 were adults, and 50 were juveniles. 119 were considered to have a severe mental illness.

The rate of adult patients experiencing a Title 25 hold appears to be stable or slightly decreasing, but the number of juvenile patients appears to be increasing.

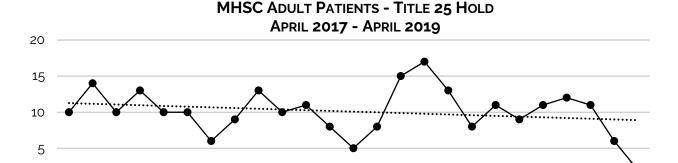

There does appear to be some seasonality for juvenile patients under a Title 25 hold in the winter months, but this may not be statistically significant.

The average length of stay for patients under a Title 25 hold before transfer or discharge was, 2.03 days for all patients, 2.15 days for adults, and 1.08 days for juveniles.

KEY STAKEHOLDER FEEDBACK: Key stakeholders provided numerous comments related to the involuntary detention of behavioral health patients. The lack of available beds in the state and

the impact of long-hold times at MHSC were both identified as serious issues. Several respondents recommended consideration of a small mental health unit at MHSC.

DIABETES

A study published by the Journal of the American Medical Association (JAMA), in 2018, identified risk-factors that contributed to disability-adjusted life-years. In Wyoming, the sixth highest risk factor was high fasting plasma glucose.

9% of adults have been diagnosed with diabetes in the state, with the rate increasing with age. The CDC reported approximately 25% of adults with diabetes do not know they have the condition, and only 11.6% of adults were aware that they had prediabetes.²⁸

According to *The State of Obesity*, Wyoming ranks 40th out of 51 states for the current rate of adult diabetes. There was a total of 48,566 cases in 2010 with a projected increase to 73,889 cases by 2030 if the current pace continues.

CARDIOVASCULAR AND CEREBROVASCULAR DISEASE

A study published by the Journal of the American Medical Association (JAMA), in 2018, identified risk-factors that contributed to disability-adjusted life-years. In Wyoming, the fifth major cause was high systolic blood pressure, and the seventh was high total cholesterol.

According to *The State of Obesity*, Wyoming ranks 30th out of 51 states for the current rate of adult hypertension. There was a total of 118,620 cases in 2010 with a projected increase to 151,312 cases by 2030 if the current pace continues.

There was a total of 35,021 cases of heart disease in Wyoming in 2010 with a projected increase to 167,970 cases by 2030.

COMMUNITY & KEY STAKEHOLDER: Respondents to the community survey identified heart disease as the third highest priority and key stakeholders the fourth highest priority for MHSC to focus on over the next three years.

Chronic Disease Focus	Community Survey	Key Stakeholder Survey
Heart Disease	34.1% (4 th priority)	41.2% (3 rd priority)

Source: MHSC Community & Key Stakeholder Survey, 2019

RESPIRATORY DISEASE

A study published by the Journal of the American Medical Association (JAMA), in 2018, identified risk-factors that contributed to disability-adjusted life-years. In Wyoming, the tenth major cause was air pollution, which is a contributor to respiratory disease.

6.7% of adults in Wyoming have been diagnosed with COPD and 9.1% with asthma. Adults who have been told that they have ever had asthma is 13.6%.

Respiratory Disease	Wyoming
COPD (2017)	6.7%
Asthma (2017)	9.1%

APPENDIX 1: KEY STAKEHOLDER INTERVIEWS

A total of 26 interviews were completed. The key stakeholders who were interviewed are listed at the end of this section.

The most frequent identified community needs and recommendations for what the Hospital and community partners should focus on were:

- Mental health care
- 2. Access to primary care
- 3. Drug and alcohol prevention and treatment
- 4. Increase specialists and specialty care

There were two basic interview questions:

- 1. What are the health needs of the residents of Sweetwater County?
- 2. What do you think the Hospital in conjunction with community partners should focus on over the next two-three years to improve the health of the community?

The input from stakeholders who were interviewed was similar to the data gathered by the stakeholder survey. However, due to the interactive nature of the interviews, additional information was gathered on key topics.

Several stakeholders commented on the importance of not duplicating efforts in the community, but rather supporting programs that were already in place. The need to "balance what we can do with what we want to do," was a common theme.

One stakeholder commented on the shift in patient expectations, especially millennials who have already looked up what's wrong with them on Google and expect immediate help.

MENTAL HEALTH

The majority of key stakeholders identified the need for increased access to mental health services as the most important issue impacting the community and the priority focus area for MHSC. One stakeholder commented that the community wants the Hospital to be responsible for many of the mental health challenges, but it is a community issue.

The need for additional mental health providers, including psychiatry, was identified by almost every individual interviewed. Access to psychiatry, potentially through telehealth, was viewed as a feasible option. One stakeholder mentioned the potential of sharing a psychiatrist with *Southwest Counseling*.

Managing the care of patients under a Title 25 hold was viewed as especially difficult due to the lack of mental health beds and patients being kept in the ED for extended periods. The need for a small inpatient unit was mentioned as a potential solution.

Several physicians commented on the difficulty of trying to provide care for patients within their practice. Another stakeholder commented that resources are available, but physician offices do not always know where to refer patients for help.

PRIMARY CARE

Key stakeholders felt there was not necessarily a lack of primary care providers, but rather limited access to primary care providers. Reasons that were given for lack of access included:

- Patients not following up with primary care after ED visit because of inability to afford the co-pay
- Lack of available appointments (same day appointments and after-hour appointments were recommended)
- Lack of insurance coverage
- Lack of knowledge about how to sign up for Medicaid

EMERGENCY CARE

Multiple stakeholders commented on the need for urgent care as an alternative to the ED. One provider noted that the ED is more convenient than making an appointment with a primary care physician, even if the time spent in the ED can be 2-3 hours.

Other stakeholders mentioned the number of transfers and felt that more patients could be kept at MHSC with an increase in specialty care. Services that were specifically mentioned were inpatient dialysis and intensive care.

Not being able to make an appointment with a doctor when there was an unpaid bill was mentioned by several key stakeholders as contributing to use of the ER and as a barrier to care.

SPECIALTY CARE

The relationship with the University of Utah was viewed as positive, including visiting specialists. However, availability of appointments was identified as a concern.

Key stakeholders commented that more specialty care was needed so that fewer patients were transferred. However, they also acknowledged that the population might not support some specialties.

Several mentioned the need for telehealth to provide more access to specialists, including psychiatry and mental health providers.

DRUGS AND ALCOHOL

Several stakeholders described the county as one that "works hard and parties hard." Another commenter said, "there are a lot of working alcoholics." Several individuals commented that individuals who work in the mines use alcohol as their "drug of choice."

Abuse of alcohol, as well as methamphetamines and opioids, were seen as pervasive, especially in young adults.

One respondent noted that 80% of domestic violence is related to alcohol or drugs or both.

An inpatient detoxification unit was identified as a need.

OTHER COMMENTS

- Importance of focusing on chronic disease management
- Importance of identifying Adverse Childhood Events (ACEs) and intervening early

KEY STAKEHOLDERS INTERVIEWED

- Cody Barnhart, Aspen Mountain Medical Center, CEO
- Mike Bauer, Southwest Counseling
- Nicole Bolton, Sweetwater School District #1, Human Resources
- Dr. Bernadine Craft, Sweetwater Board of Cooperative Educational Services, Executive Director
- Taylor Jones, MHSC Board of Trustees
- Nena James, State of Wyoming, District Court Judge
- Tom Jarvie, Green River, Chief of Police
- Dr. Cielette Karn, MHSC Laboratory Pathologist, Medical Director
- Timothy Kaumo, Rock Springs, Mayor
- Martin Kelsey, MHSC Board of Trustees
- Matt Keslar, Rock Springs Police Department
- Marty Kesley, MHSC Board of Trustees
- Dr. Charles Knight, MHSC Hospitalist
- Kim Lionberger, Sweetwater County District Board of Health Director
- Richard Mathey, MHSC Board of Trustees, President
- Kellie McGovern, Sweetwater County School District #1, Superintendent
- Dr. Melinda Poyer, MHSC, Chief Medical Officer
- Robert Recker, MHSC, Chaplain
- Irene Richardson, MHSC, CEO
- Judy Roderick, Sweetwater County Emergency Management
- Pete Rust, Green River, Mayor
- Kevin Smith, MHSC, Chaplain
- Dr. Barbara Sowada, MHSC Board of Trustees
- Dr. Jean Stachon, County Health Officer
- Dr. B.E. Symington, MHSC Medical Director
- Edward Tardoni, MHSC Board of Trustees
- Dr. Christian Theodosis, MHSC Emergency Department Medical Director

APPENDIX 2: FOCUS GROUPS

FOCUS GROUP-PRIMARY CARE PROVIDERS

Attendees

- Dr. Bowers
- Dr. Dansie
- Dr. Lauridsen
- Dr. Stewart
- Tenny Hanson, FNP-C
- Melissa Jewel, PA-C
- Jocely Palinek, FNP-BC
- Mark Sanders, PA-C

SUMMARY OF FEEDBACK

Providers overwhelming agreed that behavioral health is the number one health-related issue in Sweetwater County. Comments included:

- Patients with acute mental health needs stay in the ED for long periods because there is no place to transfer them
- We need more mental health providers, including psychiatry
- It is difficult to manage medications needed by patients in a primary care practice. We need assistance with medication management

OTHER COMMENTS

- Community perception of ED is long wait times and then transferred out
- Need more options for addiction counseling and treatment
- Additional dental care is needed
- Fluoride treatment is needed for children since there is no fluoride in the water
- Software to manage diabetes would be very beneficial as well as a diabetic educator

FOCUS GROUP-ENTERPRISE COMMITTEE

An interactive discussion was held regarding the health needs of the community.

The group was first asked, "What's Working?" Responses included the positive changes at the hospital in the last couple of years, the cancer care program, the relationship with the University of Utah, and access to healthcare services provided by mining companies.

OTHER COMMENTS

- Health care services drive business expansion
- Market what services are available to residents and the business community
- Continue to work with the University of Utah and other large providers
- Involve the University of Utah in conversations about what is needed
- Ask residents who do not have insurance what they need
- Increase access to primary care
- Invest in telehealth

The group was asked to identify the priority health needs in Sweetwater County. The majority of the responses centered around providing as much care as possible at MHSC, "affordable care close to home," and developing alternatives to the ED, including insta-care or urgent care.

The top five priorities were:

- Access to affordable care including increased access to primary care and specialty care; increased access to cancer care and providing more advanced surgical care were both specifically mentioned
- 2. Alternatives to the ED such as extended primary care hours or urgent care
- 3. Behavioral and mental health care
- 4. Alcohol and substance abuse prevention and treatment
- 5. Preventive care and wellness

FOCUS GROUP-MHSC CASE MANAGEMENT / CARE TRANSITIONS

Attendees

- Robin Jenkins
- Jeanne West
- Patty O'Lexey

The majority of comments were related to behavioral health care, including:

- Mental health is an issue state-wide
- Many patients have a dual-diagnosis (mental illness and alcohol/drug use) which makes treatment difficult
- The ED often must care for patients who are under a Title 25 hold and are not able to be transferred
- Southwest Counseling is busy and difficult to access
- A psychiatrist or psychiatric nurse practitioner is a critical need
- Medication management is needed

Other comments related to barriers to health included:

- Lack of homeless shelters
- Lack of transportation
- Affordability of medications resulting in some patients going without medicine
- Lack of assistance to sign up for Medicaid
- Lack of formalized inpatient detoxification program
- Lack of affordable caregivers for older adults
- Isolation of many seniors which can lead to loneliness and depression

FOCUS GROUP-MHSC CLINICAL LEADERSHIP

Attendees

- Danielle Bernatis, Interim Director Surgical Services
- Valerie Boggs, Med-Surg / ICU Clinical Coordinator
- Deborah DeFauw, Rehabilitation Services Director
- Mary Fischer, Laboratory Director
- Crystal Hamblin, Cardiopulmonary Services Director
- Tasha Harris, Cancer Center Director
- Megan Jacobsen, Women's Health Director
- Joy Ohnstad, Pharmacy Director
- Tracie Soller, Medical Imaging Director
- Leslie Taylor, Clinic Director

After a group discussion about community health needs, participants were asked to identify the top three priorities.

Access to Care received the most responses. Mental Health Care, Wellness and Prevention, and Substance Abuse all received an equal number of responses.

ACCESS TO CARE

Access to care included the need for both increased access to appointments as well as more affordable care. Lack of transportation, lack of knowledge about available resources, and lack of health insurance coverage were identified as barriers to care.

MENTAL HEALTH CARE

Lack of sufficient resources to provide care and treatment for patients with mental health care needs, including both inpatient and outpatient treatment.

WELLNESS AND PREVENTION

The majority of comments were related to the prevention of chronic disease. However, general community education about health and healthcare-related concerns were also identified.

SUBSTANCE ABUSE

Substance abuse by youth was identified as a priority relative to both education and treatment options. The group noted that it is not uncommon to have at least one or more patients in the hospital that are being treated for withdrawal from drugs or alcohol.

APPENDIX 3: KEY STAKEHOLDER SURVEY

Memorial Hospital of Sweetwater County requested input from key stakeholders regarding the health needs of Sweetwater County. The survey was in addition to key stakeholder interviews.

QUESTION 1: PLEASE IDENTIFY YOURSELF AND THE ORGANIZATION YOU REPRESENT.

There were 83 respondents. Names of key stakeholders who completed the survey are included at the end of the section.

QUESTION 2: PLEASE TELL US THE TYPE OF ORGANIZATION YOU REPRESENT.

The respondents represented varying service types and organizations. In some cases, respondents identified that they represented more than one program or service.

Type of Organization	Number of Respondents
Government	14
Law Enforcement	13
Healthcare	40
Industry/Business	8
Social Services	6
Education	10
Mental Health/Behavioral Health	1
Other: Public Health Religious/Spiritual Coroner's Office Senior Center Fire Department	11

QUESTION 3: PLEASE TELL US IF YOUR ORGANIZATION PROVIDES SERVICES OR PROGRAMS TO ANY OF THE POPULATIONS LISTED BELOW.

Services and/or Programs	Number of Respondents	Percentage
Individuals over the age of 65	61	76.25%
Women and children	60	75.00%
Teens	59	73.75%
Individuals with chronic disease	50	62.50%
Ethnic minorities	48	60.00%
Individuals with limited English proficiency	45	56.25%
Adults with mental illness	43	53.75%
Individuals who are victims of domestic violence; child abuse and neglect; or elder abuse and neglect	42	52.50%
Adults with an addiction to alcohol or drugs, use tobacco products, marijuana, or illegal drugs	40	50.00%
Children or teens with mental illness	38	47.50%
Homeless	34	42.50%
Youth and teens who use alcohol, tobacco products, marijuana, or illegal drugs	33	41.25%
Other	22	27.50%

WRITTEN COMMENTS:

The majority of the written comments were from respondents who indicated that they provided services and/or programs to all the groups listed.

Additional services or programs mentioned included care for cancer patients, services to children of varying ages, employee assistance programs, and programs for men.

QUESTION 4: WHAT BEHAVIORS PUT ADULTS OVER THE AGE OF 18 AT RISK IN SWEETWATER COUNTY?

The majority of respondents, 95%, felt that alcohol use was the behavior that put adults at most risk in Sweetwater County, followed by illegal drugs use and driving while intoxicated.

Behaviors	Number of Respondents	Percentage
Alcohol use	78	95.12%
Illegal drug use	71	86.59%
Driving when intoxicated (drugs or alcohol)	68	82.93%
Poor eating habits	66	80.49%
Overweight or obesity	65	79.27%
Tobacco use including vaping	65	79.27%
Not accessing preventative care including regular doctor visits and immunizations	61	74.39%
Not managing a chronic disease like diabetes or heart disease	60	73.17%
Risky sexual behaviors	56	68.29%
Other	13	15.85%

WRITTEN COMMENTS:

Other risks identified in the comments included: mental health issues and the ability to access care, prescription drug abuse, risk of driving to Salt Lake City for services that are available locally, recreational pursuits, and texting while driving.

People who work at night were seen as having additional challenges due to their work schedule.

QUESTION 5: WHAT BEHAVIORS PUT YOUTH AND TEENS UNDER THE AGE OF 18 AT RISK IN SWEETWATER COUNTY?

91% of respondents felt that alcohol use was the number one behavior that put youth and teens at risk. Tobacco use and illegal drug use were second and third.

Behaviors	Number of Respondents	Percentage
Alcohol use	76	91.57%
Tobacco use including vaping	72	86.75%
Illegal drug use	71	85.54%
Risky sexual behaviors	70	84.34%
Teen Pregnancy	65	78.31%
Driving when intoxicated (drugs or alcohol)	54	65.06%
Poor eating habits	54	65.06%
Overweight or obese	50	60.24%
Unsupervised parties	48	57.83%
Not getting preventative care, including regular doctor visits, immunizations, etc.	47	56.63%
School absences	44	53.01%
Unsafe use of firearms	32	38.55%
Other	10	12.05%

WRITTEN COMMENTS:

Several comments were received related to addictive behaviors, prescription drug use, low health literacy, decreasing vaccine rates, and infectious disease.

There were a couple of comments related to being left home alone, gangs, texting while driving, and the lack of sports and recreational opportunities.

An additional comment was received regarding the risks of youth and teens experiencing child abuse or neglect.

QUESTION 6: WHAT FACTORS OR BARRIERS DO YOU BELIEVE CONTRIBUTE TO THE HEALTH CHALLENGES OF AT-RISK POPULATIONS IN SWEETWATER COUNTY (SOCIAL DETERMINANTS OF HEALTH)?

Poverty was identified as the greatest barrier that contributes to the health challenges of atrisk populations.

Factors or Barriers	Number of Respondents	Percentage
Poverty	59	72.84%
Access to healthcare services	45	55.56%
Access to affordable housing that is maintained in good repair	45	55.56%
Access to a family doctor	43	53.09%
Social support from community, family or friends	43	53.09%
Access to healthy food	41	50.62%
Limited health literacy or limited English proficiency	41	50.62%
Access to transportation	36	44.44%
Crime and violence	34	41.98%
Access to educational opportunities	32	39.51%
Cultural norms	32	39.51%
Access to economic opportunities, jobs, and job training	31	38.27%
Distrust of government	21	25.93%
Access to leisure and recreational opportunities	16	19.75%
Discrimination or racism, including residential segregation	11	13.58%
Access to media and emerging technologies	9	11.11%
Other	7	8.64%

WRITTEN COMMENTS:

Access to mental health services and isolation were identified in four of the seven comments received.

The cost of insurance, access to health services, and medication were barriers identified by three respondents. One respondent felt that the lack of parental support was also a barrier.

QUESTION 7: WHAT STRATEGIES OR PROGRAMS HAVE BEEN SUCCESSFUL IN ADDRESSING THE CHALLENGES OF AT-RISK POPULATIONS?

There were ten respondents who did not identify any strategies or who said there were none.

Five respondents felt that Climb Wyoming had been successful. Other programs or strategies mentioned by more than one respondent were DARE, Drug Court, and YWCA.

WOMEN AND CHILDREN

- Pregnancy center
- Bright Beginnings
- Child Development Center
- Day Care
- Pre-School Agency
- Nurse-Family Partnership
- Services to first-time mothers beginning prior to their 28th week of pregnancy and continuing until their delivery
- Young children removed from abusive/neglectful homes while parents receive treatment and training to nurture their children properly
- Services special education students

YOUTH AND TEENS

- Life Are You Ready
- Camp FEAT
- Big Brothers/Big Sisters Program
- Boys and Girls Club
- A program at Eastside elementary school that has dads/grandpas/males volunteer to walk around between classes
- Well-funded and properly ran support groups (United Way, Boys and Girls, YWCA, Life skills, etc...)

FOOD AND NUTRITION

- Food Bank
- Loaves and Fishes Soup Kitchen
- Meals on Wheels

PREVENTION AND WELLNESS

- Free cancer screenings, Wyoming Cancer Resource Coordinator
- Health Fairs
- Sports Physicals
- Health education in schools
- Doctors in the community
- Community education
- State immunizations
- Providing people with the knowledge and understanding of where and how to find the help that they require goes a long way
- Community outreach

Housing

- Homeless funding
- Rock Springs Housing Authority
- Public housing
- Low-income housing

DRUG AND ALCOHOL

- Treatment court of Sweetwater County
- Enforcing underage drinking laws
- Sweetwater County prevention coalition
- DUI National Highway Transportation Safety Administration (NHTSA) grant
- High visibility enforcement grant
- Alcohol and tobacco compliance check grants
- Drug Court

COMMUNITY SAFETY

- Rock Springs Police Department
- Junior Police Academy
- School Resource Officers
- County agencies providing protection for abused family members
- Emergency Management
- Fire District

ACCESS TO CARE

- Funding for Transportation Barriers
- Medicaid
- Children's Health Improvement Project (CHIP)
- Income-based services
- Public Health-accepting those with low income.
- Non-discriminatory policy of BOH
- Securing Medicaid approval to facilitate access to health and/or mental health services
- Case management providing assistance to access all available resources
- Providing health services at a reduced rate and during hours that are accessible to those who work various shifts
- Public Health
- Wyoming In-Home Services
- Medical Translation
- Services for English language learners

CHRONIC CARE

- Chronic Care Management
- Care Coordination

MENTAL HEALTH

- Sweetwater Family Resource Center
- Southwest Counseling Service
- The SWC Special Needs Committee
- Mental health awareness training
- Program at the detention center run by a physician who specialized in mental health
- Crisis beds for behavioral health patients

OLDER ADULTS

- Senior luncheon
- Senior Center
- Handicap adult day care

QUESTION 8: WHAT IS THE ONE ACTION OR STRATEGY THAT IF UNDERTAKEN, COULD JUMPSTART OTHER ACTIONS TO POSITIVELY IMPACT CHALLENGES OF AT-RISK POPULATIONS?

CHILDREN AND FAMILY SUPPORT

- Early education and risk intervention
- More educational programs in the early stages of life
- Teach younger age demographics
- Child neglect and child abuse education
- Healthy home environment
- Breaking the cycle of at-risk families
- Engagement of children by social services and community
- Afterschool programs or work studies for kids
- Identifying and helping youth in multi-generational at-risk homes
- Student engagement in school
- Positive relationship with adults
- Parent/family involvement with their youth

HEALTH CARE

- Medicaid expansion
- Free access
- Easier access to specialists
- Comprehensive obstetrical care to the underserved and vulnerable populations
- Health fairs at the schools

Housing

- Lower housing price
- Better housing for seniors

MENTAL HEALTH

- Outpatient psychiatry
- Access to mental health services
- Counseling, outreach programs from MHSC

COMMUNICATION

Communication between agencies

NUTRITION

• Additional food options for seniors

RESOURCES

- Educate regarding the available resources, better advertising of the available resources
- Make a connection with someone or a resource that can help individuals know how to navigate the different resources available to them

DRUGS AND ALCOHOL

- Detox clinic
- Elimination of opioid addiction
- Better rehabilitation services

TRANSPORTATION

Public transportation

OTHER

- Change the cultural behavior of society
- Showing people a different way about living life
- Kindness and understanding
- Open the planning meetings to everyone
- Support current goals

QUESTION 9: WHAT ARE THE TOP THREE REASONS YOU THINK PEOPLE DO NOT GET THE MEDICAL SERVICES THEY NEED?

The top three reasons were the cost of medical services (73.49%), only seeking medical care when in pain or very sick and high insurance and copayments. Only 5% responded that people generally get the medical services they need.

Reasons	Number of Respondents	Percentage
I think people generally get the medical services they need	4	4.82%
Cost of medical services	61	73.49%
High insurance premiums and copayments	48	57.83%
Only seeking medical care when in pain or very sick	48	57.83%
Cost of medications	44	53.01%
Untreated mental health issues	26	31.33%
Not understanding what services are available or how to access them	23	27.71%
Lack of trust in the system	21	25.30%
Difficulty finding a specialist	19	22.89%
Not understanding the importance of regular check-ups	17	20.48%
Families with complicated lives	17	20.48%
Difficulty getting an appointment when it is needed	14	16.87%
Cultural and language barriers	14	16.87%
Limited transportation	11	13.25%
Difficulty finding a doctor or medical provider	10	12.05%
Complicated enrollment process for health insurance	10	12.05%
Other	3	3.61%
Fear of deportation	2	2.41%
Discrimination	1	1.20%

WRITTEN COMMENTS:

Additional responses included substance abuse, poverty, and health & wellness.

QUESTION 10: WHAT ARE THE TOP THREE REASONS YOU THINK PEOPLE DO NOT GET THE MENTAL HEALTH SERVICES THEY NEED?

The top three were a lack of understanding of mental health disorders, 53%, not enough psychiatrists, 47%, and stigma or prejudice, 40%.

Reasons	Number of Respondents	Percentage
Lack of understanding of mental health disorders	44	53.01%
Not enough psychiatrists	39	46.99%
Stigma or prejudice	33	39.76%
Drug or alcohol abuse	32	38.55%
Cost of mental health care	31	37.35%
Financial concerns	28	33.73%
Not enough family, individual, or group therapy providers	26	31.33%
Lack of support	25	30.12%
Not enough screenings and referrals for mental health	20	24.10%
Multi-generational mental health issues	17	20.48%
Mental health issues not diagnosed by providers	16	19.28%
Lack of coping skills or problem-solving strategies	13	15.66%
Chronic stress	10	12.05%
Language or cultural barriers	7	8.43%
Other	5	6.02%

WRITTEN COMMENTS:

Two respondents indicated that it is a small town, and there are concerns about confidentiality.

Others indicated that there can be denial that care is needed, and individuals neglect themselves or those in their care.

One respondent stated that people are put on drugs and sent on their way, and many of them either can't afford the drugs or stop taking them once they feel better.

QUESTION 11: WHAT DOCTORS OR PROVIDERS DO YOU OR YOUR FAMILY TRAVEL OUTSIDE OF SWEETWATER COUNTY TO SEE?

The top three specialties seen outside the county were dermatology, cardiology, and orthopedics.

Providers	Number of Respondents	Percentage
Dermatology	34	45.33%
Cardiology	24	32.00%
Orthopedics	23	30.67%
Endocrinology	21	28.00%
Oncology	18	24.00%
Neurology	15	20.00%
Gastroenterology	15	20.00%
Mental health providers including therapists and counselors	15	20.00%
Internal Medicine	13	17.33%
Psychiatry	13	17.33%
Rheumatology	12	16.00%
Plastic Surgery	10	13.33%
Pulmonology	10	13.33%
Other	10	13.33%
General Surgery	12	13.00%
Neurosurgery	9	12.00%
Gynecology	8	10.67%
Allergy	8	10.67%
Infectious Disease	7	9.33%
Primary Care	7	9.33%
Urology	6	8.00%
Pediatrics	6	8.00%
ENT	3	4.00%
Gerontology	3	4.00%
Nephrology	3	4.00%
Obstetrics	2	2.67%

WRITTEN COMMENTS:

Other types of providers included liver specialist, specialized surgery, dentistry, ophthalmology, and sleep clinic.

QUESTION 12: THE FOLLOWING DOCTORS OR PROVIDERS ARE AVAILABLE IN SWEETWATER COUNTY. PLEASE TELL US IF YOU OR YOUR FAMILY HAVE ANY TROUBLE GETTING AN APPOINTMENT OR ACCESSING CARE.

32% indicated they have difficulty getting an appointment or accessing primary care providers, and 29% indicated difficulty accessing mental health providers.

Providers	Number of Respondents	Percentage
Primary Care	18	32.14%
Other	17	30.36%
Mental health providers including therapists and counselors	16	28.57%
Cardiology	8	14.29%
Internal Medicine	7	12.50%
Psychiatry	7	12.50%
Orthopedics	6	10.71%
Urology	6	10.71%
General Surgery	5	8.93%
Gynecology	5	8.93%
Pediatrics	5	8.93%
Gastroenterology	4	7.14%
Allergy	4	7.14%
Pulmonology	4	7.14%
Oncology	4	7.14%
ENT	3	5.36%
Plastic Surgery	3	5.36%
Obstetrics	3	5.36%
Nephrology	1	1.79%
Neurology	1	1.79%

WRITTEN COMMENTS:

One respondent indicated they used the VA for services. Other comments included difficulty accessing pediatric psychologist/psychiatrist, naturopathic providers, and long wait times to see a specialist.

QUESTION 13: IN THE PAST SIX MONTHS, HAVE YOU USED A SMART APPLICATION ON YOUR PHONE, COMPUTER, OR TABLET TO DO ANY OF THE FOLLOWING?

58% of respondents indicated they use smart applications to track the number of miles they are walking or running. 41% indicated a mobile device helps them to remember to schedule a routine doctor's appointment.

Applications	Number of Respondents	Percentage
Track how many miles you are walking or running	47	58.02%
Helped you to remember to schedule a routine doctor's appointment	33	40.47%
Looked at the information available online from your doctor's office about your health	22	27.1%
Help you lose weight	22	27.1%
I don't use smart applications to manage my health	16	19.75%
Virtual care	8	9.88%
Helped you to manage a chronic disease like diabetes or congestive heart failure	7	8.64%
Other	3	3.70%
Helped you to remember to take medicine	2	2.47%

WRITTEN COMMENTS:

One individual indicated they track their caloric intake to be compliant with a chronic condition. One individual indicated they were a Maven provider. (Note: According to their web site, Maven is a virtual clinic dedicated to women and family health.)

QUESTION 14: WHAT WOULD YOU LIKE TO SEE MEMORIAL HOSPITAL OF SWEETWATER COUNTY IN COOPERATION WITH COMMUNITY PARTNERS FOCUS ON OVER THE NEXT THREE (3) YEARS?

The overwhelming choice was helping people access mental health care. The next three choices were helping people who have a chronic disease, support caregivers, and help adults and teens to stop using drugs.

Focus	Number of Respondents	Percentage
Help people get mental health care	50	60.24%
Help people to stay healthy who have a chronic disease like diabetes, heart failure, lung disease, cancer or Alzheimer's Disease	32	38.55%
Help support caregivers	31	37.35%
Help adults and teens to stop using drugs including illegal drugs, opioids, alcohol or tobacco	30	36.14%
Increase the number of specialists	26	31.33%
Help people get the medicine they need to stay healthy	25	30.12%
Increase the number of family doctors or increase the number of appointments	21	25.30%
Help people to lose weight and eat more healthy foods	18	21.69%
Help stop domestic violence, child abuse and neglect, or elder abuse and neglect	16	19.28%
Help people get to doctor appointments	14	16.87%
Help people sign up for insurance	13	15.66%
Help to stop teenage pregnancy	11	13.25%
Other	9	10.84%
Help women who are pregnant to have a healthy baby	8	9.64%
Help prevent sexually transmitted diseases	6	7.23%

WRITTEN COMMENTS:

There were a few comments related to the affordability of health care, and the need to lower the cost of medical services and insurance costs.

Several comments were related to patients under a Title 25 hold, including helping patients to receive the care they need and honoring the Title 25 process.

Additional focus areas mentioned were facilitating workshops and lectures, investing in physician retention, palliative care, and end of life care.

QUESTION 15: IF YOU THINK ONE OF THE PRIORITIES SHOULD BE CHRONIC DISEASE, WHAT CHRONIC DISEASES WOULD YOU RECOMMEND THE HOSPITAL AND COMMUNITY PARTNERS FOCUS ON?

Diabetes was the chronic disease priority selected by 49% of respondents. Chronic mental illness was selected by 45%, followed by heart disease with 42%.

Chronic Disease Focus	Number of Respondents	Percentage
This is important, but I don't think it should be one of the priorities	11	14.86%
Diabetes	36	48.65%
Chronic Mental Illness	33	44.59%
Heart Disease	31	41.89%
Cancer	30	40.54%
Depression	25	33.78%
COPD	18	24.32%
Alzheimer's disease or dementia	16	21.62%
Asthma	7	9.46%
Chronic Kidney Disease	7	9.46%
Other	6	8.11%
Arthritis	2	2.70%
Osteoporosis	1	1.35%

WRITTEN COMMENTS:

Comments related to chronic disease were varied. One person indicated a focus should be placed on all the above. Another respondent indicated that the focus should be on the top two or three in our community that are current and emerging. Another respondent felt the focus should be on the costliest conditions.

QUESTION 16: IF YOU THINK ONE OF THE PRIORITIES SHOULD BE SUPPORTING CAREGIVERS, WHAT WOULD YOU RECOMMEND THE HOSPITAL AND COMMUNITY PARTNERS FOCUS ON?

35% of respondents felt that caregiver support classes were needed.

Caregiver Support Focus	Number of Respondents	Percentage
This is important, but I don't think it should be one of the priorities	25	34.25%
Caregiver support classes	26	35.62%
Families caring for a child or adult with special needs	19	26.03%
Families caring for a child or adult with mental health needs	19	26.03%
Families caring for an older adult	18	24.66%
Parenting classes	17	23.29%
Families caring for a child or adult with a disability	16	21.92%
Grandparents caring for grandchildren	14	19.18%
Other	4	5.48%

WRITTEN COMMENTS:

Additional comments included a desire to focus on all the above services, focusing on those who care for someone with a chronic illness, increasing access to respite services, and providing community lectures to help educate groups and families.

QUESTIONS 17: IF YOU THINK ONE OF THE PRIORITIES SHOULD BE DRUGS, ALCOHOL, OR TOBACCO, WHAT WOULD YOU RECOMMEND THE HOSPITAL AND COMMUNITY PARTNERS FOCUS ON?

Respondent's answers were somewhat evenly spread, but opioid use received the most support (55%).

Drug, Alcohol, Tobacco Focus	Number of Respondents	Percentage
This is important, but I don't think it should be one of the priorities	16	20.51%
Opioid use	43	55.13%
Alcohol use by youth and teens	38	48.72%
Tobacco use including smoking and vaping by teens	37	47.44%
Illegal drug use by youth and teens	33	42.31%
Adult alcohol abuse	32	41.03%
Illegal drug use by adults	30	38.46%
Tobacco use including smoking and vaping by adults	27	34.62%
Other	5	6.41%

WRITTEN COMMENTS:

Two of those commenting felt all the areas related to drugs. alcohol or tobacco should be a focus.

Another commenter indicated that opioid use should be the initial focus, with a partnership with the police department.

Another commenter felt that while tobacco is an obvious problem, the population is well informed and unlikely to benefit much from a focused intervention.

One commenter stated that early alcohol use, illegal substances, and opiates are a major problem. People aren't particularly well informed, and the long-term impact of improving the use pattern among young people could greatly improve health outcomes.

QUESTION 18: IF YOU THINK ONE OF THE PRIORITIES SHOULD BE DOMESTIC VIOLENCE, ABUSE, OR NEGLECT, WHAT WOULD YOU RECOMMEND THE HOSPITAL AND COMMUNITY PARTNERS FOCUS ON?

Child abuse and neglect (47%) was identified as the highest priority.

Domestic Violence, Abuse, Neglect Focus	Number of Respondents	Percentage
This is important, but I don't think it should be one of the priorities	27	38.03%
Child abuse and neglect	33	46.48%
Domestic violence or abuse	25	35.21%
Elder abuse and neglect	21	29.58%
Intimate partner violence or abuse	15	21.13%
Other	3	4.23%

WRITTEN COMMENTS:

Two of the three comments received indicated that all abuse and neglect should be a priority.

The remaining comment indicated that a considerable amount of pretty serious domestic violence and intimate partner violence is occurring. The hospital is focused on this and is making good progress, but there is still more to do.

QUESTION 19: ADDITIONAL COMMENTS

CLINICAL CARE

- I think that the hospital is doing a great job. More specialized providers would help.
- The number of transfers out of Sweetwater County needs to be reduced.

MENTAL HEALTH CARE

- Mental Health needs of our students are on the rise. We have identified this need in the
 District Strategic Plan would like to partner together to meet the needs of our students,
 staff, and community. Thank you for asking for input.
- Title 25: These people need help and placement in a proper facility. To just lift Title 25 and show them the door does nothing but causes more issues for the community. Jail is not the proper facility for these people to end up in.
- I didn't see anything regarding suicide prevention, or treatment-this is something that is associated with mental health but impacting many families.

- I feel that one of the biggest challenges we face is acknowledging and addressing a growing mental and behavioral health issue, not only in our community but the nation as a whole. Untreated mental and behavioral health problems build into other issues such as self-medication and the opioid crisis, risky sexual behaviors, inability to seek out treatment or a lack of understanding of how to do so, and so on. I believe that if we are to begin fixing these issues within our community, we need to begin treating the disease, instead of just the symptoms.
- We discuss many of these concerns during the Care Coalition meetings. Most important to what I see lacking in the community is mental health services

GENERAL

- Thanks for doing this and inviting us to participate. We will look forward to the results of the CHNA.
- It is getting better, but the work is never done. The hospital needs to keep good things happening to build trust again.
- I hope that this survey helps the residents of Sweetwater County gain access to the services that they need and are able to use them.
- I think it's great you're continuing to improve. I think reaching out to people is the beginning step. Most often, people know they need something to change; however, they are afraid or unsure of what or how to change it. Holding classes or presentations to the public would be a good starting point for things like domestic violence to drug use. I appreciate you guys. Good luck.
- I think it is important to work together as a community. I notice a lot of competition between the profit and the nonprofit sector. MHSC can still benefit from improving outpatient services like collecting and running labs for nonaffiliated primary care providers or coming together as a community to address the needs of the population. It should be affordable to access medical needs in the area; otherwise, anyone with a choice to seek healthcare outside of the area (ability and healthy enough to tolerate the trip will continue to do so). Improving morale and understanding physician retention more in depth is important also.

Key Stakeholder Survey Respondents

Please note that names are included as they were provided in the survey.

Bobbie Amos, High Desert Rural Health Care District dba Wamsutter Community Health Center, Trustee and Contract Manager	Bailie Dockter, Castle Rock Medical Center, CEO
Charles Joseph Amy, Castle Rock Hospital District, Physician Assistant	Marilyn Dockter, Mission at Castle Rock, Social Services Director

APPENDIX 4: COMMUNITY SURVEY

A community survey was available in February and March 2019. The survey was available electronically, and hard copies were distributed in various public areas. A total of 439 surveys were completed.

QUESTIONS 1-5

Of the 439 surveys completed, 77% of the respondents were from Rock Springs, and 20% were from Green River.

Location	Number of Responses
Bairoil	0
Eden/Farson	2
Granger	0
Green River	87
McKinnon	0
Point of Rocks	1
Reliance	1
Rock Springs	339
Superior	1
Wamsutter	1
Laramie, Unita, Jackson, Lyman	7

The majority of respondents identified as White, 89%, and 7% identified as Hispanic or Latino. Less than 1% identified as another race or ethnicity.

Race or Ethnicity	Number of Responses	Percentage
American Indian	4	0.91%
White	391	89.07%
Black/African American	1	0.23%
Asian	3	0.68%
Pacific Islander	1	0.23%
Hispanic or Latino	29	6.61%
Other	10	2.28%

The majority of respondents, 49%, were between 26 and 45 years of age.

Age	Number of Respondents	Percentage
Under 18 years old	1	0.23%
18-25 years old	24	5.47%
26-35 years old	109	24.83%
36-45 years old	105	23.92%
46-55 years old	74	16.86%
56-64 years old	79	18.00%
65-75 years old	34	7.74%
76 years old and older	13	2.96%

Almost all the respondents indicated that they were most comfortable speaking English.

Language	Number of Respondents
English	426
Spanish	2
Both English and Spanish	9
Sanskrit	1
Tagalog	1

64% reporting having an associate degree or higher.

Educational Level	Number of Respondents	Percentage
Less than a high school degree	4	0.92%
High school diploma or GED	118	27.13%
Trade School or Certificate program	39	8.97%
Associates Degree	126	28.97%
Bachelor's Degree or higher	154	35.40%

QUESTION 6: TELL US ABOUT YOUR PHYSICAL HEALTH? QUESTION 7: TELL US ABOUT YOUR MENTAL HEALTH?

Respondents were asked to rate both their physical and mental health.

of respondents felt their physical health was good and any issues they had were being treated while 37% indicated they rarely have issues and would rate their health as excellent. 8.7% indicated their physical health was poor.

59% of respondents felt their mental health was excellent, and 35% felt it was good, and any mental health concerns were being treated. 5.5% of respondents rated their mental health as poor.

Physical Health	Number of Respondents	Percentage
Excellent, I rarely have issues	160	36.53%
Good, any issues I have are treated	243	55.48%
Poor, I have many issues	38	8.68%

Mental Health	Number of Respondents	Percentage
Excellent, I rarely have	260	59.36%
issues	200	59.30%
Good, any issues I have are	154	35.16%
treated	154	39.10%
Poor, I have many issues	24	5.48%

QUESTION 8: HOW MANY PEOPLE, INCLUDING YOURSELF, LIVE IN THE SAME HOUSE?

The majority of respondents, 38%, live with one other person.

Number of People	Number of Respondents	Percentage
1	65	14.91%
2	166	38.07%
3	75	17.20%
4	76	17.43%
5	36	8.26%
6	13	2.98%
7	4	0.92%
8	1	0.23%
9	0	0
10	0	0
More than 10	1	0.23%

QUESTION 9: WHAT IS YOUR HOUSING SITUATION?

The majority of respondents, 99%, indicated that they had housing.

Housing	Number of Respondents	Percentage
I have housing	428	98.62%
I do not have housing	4	0.92%
Other	5	1.15%

WRITTEN COMMENTS:

Other housing responses included living in a rehab facility, with family, in an apartment or an older mobile home.

QUESTION 10: TELL US IF YOU ARE PROVIDING CARE FOR SOMEONE ELSE IN YOUR FAMILY?

The majority of respondents, 85%, indicated they were not providing care to any of the individuals listed.

Care provided	Number of Respondents	Percentage
I am a grandparent, and my grandchildren live with me	2	0.47%
My parents or older relatives live with me, and I am responsible for taking care of them	11	2.59%
I provide care for someone with special needs	11	2.59%
I provide care for someone with a disability	21	4.94%
I provide care for someone with a chronic mental illness	10	2.35%
I do not provide care for any of those listed	360	84.71%
Other	20	4.71%

WRITTEN COMMENTS:

Several comments were received indicating the respondents were taking care of children, older parents, or others that live at a location separate from where they live.

A couple of respondents commented they are caring for those who have needs related to cancer, diabetes, or disabilities in general.

QUESTION 11: WHAT IS YOUR WORK SITUATION?

Approximately two-thirds of the respondents reported they work full-time.

Work Situation	Number of Respondents	Percentage
I am unemployed and actively looking	0	0
I am unemployed	12	2.78%
I am working part-time or have temporary work	39	9.03%
I work full-time	311	71.99%
I am retired	46	10.65%
I am disabled and not able to work	9	2.08%
Other	21	4.86%

WRITTEN COMMENTS:

Several respondents indicated they were stay at home caregivers to children, grandchildren, and/or parents. A couple of respondents indicated they were unable to work due to health issues. A few reported working multiple jobs to make ends meet, and others reported they were retired or living in a healthcare facility.

QUESTION 12: WHAT IS YOUR MAIN INSURANCE?

84% of respondents have private insurance. 3.5% indicated they did not have insurance.

Insurance	Number of respondents	Percentage
Private Insurance like Tri- Care, Blue Cross, United, and Aetna	362	83.60%
Medicare	41	9.47%
I don't have insurance	15	3.46%
Medicaid	7	1.62%
Other	7	1.62%
Both Medicaid and Medicare	3	0.69%
V.A.	1	0.23%

WRITTEN COMMENTS:

Respondents reported other private insurance coverage through United Healthcare, Cigna, a combination of Medicare and secondary insurance or multiple types of coverage within their family.

QUESTION 13: IN THE PAST YEAR, HAVE YOU OR YOUR FAMILY THAT YOU LIVE WITH BEEN UNABLE TO GET ANY OF THE FOLLOWING WHEN IT WAS REALLY NEEDED?

The majority of respondents indicated they were not having problems getting what they needed. However, 11% identified problems getting an appointment with a doctor.

Needed Services	Number of respondents	Percentage
I have not had any problems getting these things	322	76.48%
Appointments with a doctor	45	10.69%
Mental Health Care	30	7.13%
Dental Care	28	6.65%
Medicine	26	6.18%
Vision Care	17	4.04%
Child Care	15	3.56%
Food	11	2.61%
Hospital Care	10	2.36%
Other	9	2.14%
Housing	7	1.66%
Clothing	5	1.19%
Utilities	5	1.19%

WRITTEN COMMENTS:

A couple of respondents indicated they were unable to access services due to a complicated insurance process or the availability of insurance.

Other respondents commented they were unable to receive specific services locally such as neurology or care for a disabled child.

QUESTION 14: HAS LACK OF TRANSPORTATION KEPT YOU FROM MEDICAL APPOINTMENTS, MEETINGS, WORK, OR FROM GETTING THE THINGS YOU NEED?

The majority of respondents, 98%, reported having no issues with transportation.

Transportation	Number of Respondents	Percentage
NO-Transportation is not a problem	420	98.13%
YES-Transportation has kept me from medical appointments with a doctor-or-other medical care	6	1.40%
YES-Transportation has kept me from getting to meetings, appointments, work or other things I need	5	1.17%
YES-Transportation has kept me from getting medicine	3	0.70%

QUESTION 15: WHAT DO YOU THINK WOULD HELP YOU AND YOUR FAMILY IMPROVE YOUR HEALTH?

The most frequent response was access to specialty medical care. 28% identified more times available for doctor's appointments would help improve health.

Improving Health	Number of Respondents	Percentage
Access to specialty medical care	105	32.11%
More times available for doctor appointments	93	28.44%
Access to mental health care	67	20.49%
Access to healthy food	66	20.18%
Other	56	17.13%
More education opportunities	42	12.84%
Insurance coverage	36	11.01%
Having a family doctor	35	10.70%
Help to stop smoking	31	9.48%
More opportunities for steady work	25	7.65%
Access to housing we can afford	22	6.73%
Help to resolve legal issues	16	4.89%
Help to stop using alcohol	14	4.28%
Access to transportation	7	2.14%
Help to stop using opioids	4	1.22%
Help to stop using illegal drugs	4	1.22%

WRITTEN COMMENTS:

Numerous comments were related to nutrition and physical fitness including losing weight, eating more healthy foods, access to healthy affordable foods, exercise, access to fitness facilities, and developing a healthy lifestyle including assistance to eat more healthy foods and access to fitness facilities.

The need for additional medical and dental services included: nephrologist, naturopathic or functional medicine doctor, dental care, vision care, consistency of specialty care, breast cancer care, mental health care, pediatrician, a doctor who deals with Type 1 diabetes,

Affordable care was also identified. One respondent stated, "I do not make appointments unless I am gravely injured or sick because of the cost. I would see a doctor regularly if it didn't cost a fortune."

The need for consistent providers, including the availability of evening appointments, affordable care, and services in Green River, were identified.

QUESTION 16: WHAT BEHAVIORS PUT ADULTS OVER AGE 18 AT RISK IN SWEETWATER COUNTY?

Alcohol use was the most frequent response, 83.7%, followed by illegal drug use 78.10%.

Behaviors	Number of Respondents	Percentage
Alcohol use	344	83.70%
Illegal drug use	32	78.10%
Tobacco use or vaping	296	72.02%
Driving when intoxicated	295	71.78%
Poor eating habits	275	66.91%
Overweight or obese	274	66.67%
Risky sexual behaviors	235	57.18%
Not managing a chronic disease like diabetes or heart disease	233	56.69%
Not accessing preventative care including regular doctor visits or immunizations	229	55.72%
Other	22	5.35%

WRITTEN COMMENTS:

Several comments were received regarding mental health, including lack of access to mental health care, the stigma attached to mental illness, and untreated depression/mental health disorders.

Opiate dependence was mentioned, including the difficulty to obtain legal chronic pain medication from physicians and labeled as a drug user.

Other comments included lack of transportation, drivers not obeying traffic laws, poor school attendance, and lack of affordable education for non-traditional students.

QUESTION 17: WHAT BEHAVIORS PUT YOUTH AND TEENS UNDER AGE 18 AT RISK IN SWEETWATER COUNTY?

Similar to those behaviors identified for adults, alcohol was the number one response, 83%, followed by Illegal drug use and tobacco use/vaping, 77%.

Behaviors	Number of Respondents	Percentage
Alcohol use	339	83.29%
Tobacco use or vaping	313	76.90%
Illegal drug use	313	76.90%
Risky sexual behaviors	286	70.27%
Poor eating habits	260	63.88%
Teen pregnancy	259	63.64%
Unsupervised parties	235	57.74%
Overweight or obese	216	53.07%
Driving when intoxicated	195	47.91%
Not getting preventative care, including regular doctor visits, immunizations, etc.	188	46.19%
School absences	157	38.57%
Unsafe use of firearms	113	27.76%
Other	20	4.91%

WRITTEN COMMENTS:

The majority of comments were focused on mental health. Comments included the need for a safe place for teens to go who are feeling suicidal and more access to mental health care.

One commenter stated there needs to be classes to teach youth how to be safe with the evolving social media that is taking over.

Lack of parental responsibility and adults who condone youth alcohol/drug consumption "with supervision" was identified, as was not holding youth accountable for their actions (enabling).

Lack of opportunities for youth to engage in safe, fun activities to counteract or mitigate boredom was mentioned, as was lack of a healthy diet.

QUESTION 18: WHAT ARE THE REASONS YOU OR YOUR FAMILY DO NOT USE HEALTHCARE SERVICES THAT ARE AVAILABLE IN SWEETWATER COUNTY?

The majority of respondents, 64.2%, indicated they use healthcare services in Sweetwater County.

Of those who do not use healthcare services in Sweetwater County, the main reason was quality of care.

Reasons	Number of Respondents	Percentage
I use healthcare services in Sweetwater County	256	64.16%
Quality of care in Sweetwater County	87	21.80%
Not comfortable with local doctors	54	13.53%
Doctor appointments are not available at a time I can go due to work or other reasons	46	11.53%
My doctor recommended I go out of Sweetwater County for care	45	11.28%
High insurance co-pays- I can't afford care for my family or for me	36	9.02%
No insurance coverage	25	6.27%
My insurance made me go out of Sweetwater County for care	15	3.76%
I don't have transportation	1	0.25%
Other	55	13.78%

WRITTEN COMMENTS:

There were several comments indicating dissatisfaction with providers, lack of consistent providers, billing practices, and the cost of local services.

Other reasons for not using services in Sweetwater County included: lack of services including psychiatrists, mental health providers, pediatric mental health, inpatient mental health, transplant care, dermatology, rehabilitation, comprehensive cardiac care, endoscopy, and endocrinology.

Several respondents identified long wait times to get an appointment with primary care and specialists in Sweetwater County.

One commenter stated their insurance provides 'Healthy You' through telehealth that does not have fees or copayments and is available 24/7.

Other comments included being uninsured, cost of care, cost of radiology, and going out of the area to be closer to family for support.

QUESTION 19: WHAT DOCTORS OR PROVIDERS DO YOU OR YOUR FAMILY TRAVEL OUTSIDE OF SWEETWATER COUNTY TO SEE?

The majority of respondents indicated they travel outside of *the county* to see a dermatology provider (23.6%), followed by cardiology (18.03%) and endocrinology (16.06%).

Doctors or Providers	Number of Respondents	Percentage
Dermatology (Skin)	84	23.66%
Cardiology	64	18.03%
Endocrinology (Diabetes, Thyroid)	57	16.06%
Orthopedics	53	14.93%
Mental Health providers including therapists and counselors	47	13.24%
Neurology	49	13.80%
Oncology	44	12.39%
Gastroenterology (GI)	42	11.83%

Other	76	21.41%

WRITTEN COMMENTS:

Other providers or services mentioned in the comments included:

- Dental providers including advanced dental procedures
- Emergency providers
- Gynecology Oncologist
- Infertility specialist
- Liver specialist
- Mammography
- Men's Clinic
- Naturopathic/Functional Medicine
- Optometrist/Ophthalmologist/Neuro-Ophthalmologist
- Pediatric specialists

- Pediatric Neurology
- Podiatry
- Psychiatrist
- Spine specialist
- Surgical specialist

QUESTION 20: THE FOLLOWING DOCTORS OR PROVIDERS ARE AVAILABLE IN SWEETWATER COUNTY.

Please tell us if you have any trouble getting an appointment or accessing care.

The majority of respondents indicated they have the most difficulty getting an appointment with a primary care provider or a mental health provider.

Providers	Number of Respondents	Percentage
Primary Care	57	34.34%
Mental Health providers including mental health therapists	53	31.93%
Psychiatry	37	22.29%
Orthopedics	23	13.86%
Pediatrics	20	12.05%
Gynecology	17	10.24%
ENT	16	9.64%
Cardiology	15	9.04%
Gastroenterology	13	7.83%
Neurology	13	7.83%
Pulmonology	13	7.83%
Internal Medicine	10	6.02%
Allergy	9	5.42%
Plastic Surgery	9	5.42%
Urology	8	4.82%
General Surgery	5	3.01%
Obstetrics	5	3.01%
Oncology	3	1.81%
Nephrology	2	1.20%

WRITTEN COMMENTS:

The majority of comments received were related to the inability to get an appointment in a timely manner, including appointments with both primary care and specialists. The lack of same-day appointments with primary care was noted as being very limited.

QUESTION 21: IN THE PAST SIX MONTHS, HAVE YOU USED A SMART APPLICATION ON YOUR PHONE, COMPUTER, OR TABLET TO DO ANY OF THE FOLLOWING:

Twenty-eight percent of respondents indicated they do not use smart applications to manage their health. The number one reason respondents use a smart application on a mobile device is to track how far they are walking or running.

Use of Smart Application	Number of Respondents	Percentage
I don't use smart application to manage my health	111	27.75%
Track how many miles you are walking or running	195	48.75%
Helped you to remember to schedule a routine doctor's appointment	151	37.75%
Help you lose weight	133	33.25%
Looked at the information available online from your doctor's office about your health	103	25.75%
Help you remember to take your medicine	59	14.75%
Help you to manage a chronic disease like diabetes or congestive heart failure	26	6.50%
Virtual care	17	4.25%
Other	10	2.5%

WRITTEN COMMENTS:

Comments related to the use of applications not listed above included looking up symptoms, searching for available doctors, using a pregnancy application, sodium tracker, and tracking menstrual cycle.

QUESTION 22: WHAT WOULD YOU LIKE TO SEE MEMORIAL HOSPITAL OF SWEETWATER COUNTY IN COOPERATION WITH COMMUNITY PARTNERS FOCUS ON OVER THE NEXT THREE YEARS?

The top three responses were: helping people get mental health care, increasing the number of specialists, and helping support caregivers.

Focus	Number of Respondents	Percentage
Help people get mental health care	206	53.37%
Increase the number of		
specialists	178	46.11%
Help support caregivers	176	45.60%

Other	33	8.55%

WRITTEN COMMENTS:

Increasing access to service was the most frequent comment including access to primary care, virtual medicine, more facilities, more doctors, psychiatric providers, mental health care, trauma care, urgent care (insta-care), and more access in Green River.

Several comments focused on the high cost of care and making care more affordable.

Other suggestions included providing end of life education, suicide prevention, and nutrition counseling.

QUESTION 23: IF YOU THINK ONE OF THE PRIORITIES, SHOULD BE CHRONIC DISEASE, WHAT CHRONIC DISEASES WOULD YOU RECOMMEND THE HOSPITAL AND COMMUNITY PARTNERS FOCUS ON?

Respondents felt diabetes was the most important chronic disease to focus on, followed by chronic mental illness and depression.

Chronic Disease Focus	Number of Respondents	Percentage
This is important, but I don't think it should be one of the priorities	42	11.73%
Diabetes	158	44.13%
Depression	139	38.83%
Chronic Mental Illness	138	38.55%
Heart Disease	122	34.08%
Cancer	112	21.28%
Alzheimer's disease or dementia	75	20.95%
COPD	70	19.55%
Asthma	41	11.45%
Chronic Kidney Disease	41	11.45%
Arthritis	35	9.78%
Other	26	7.26%
Osteoporosis	14	3.91%

WRITTEN COMMENTS:

The majority of comments received identified the need for all chronic diseases to be a focus and to provide services that focus on chronic disease management.

Other chronic diseases identified included adult ADHD, addiction, multiple sclerosis, thyroid disease, children with diabetes, Type 1 diabetes, obesity, cancer, pediatric asthma, Parkinson's disease, and affordable weight loss programs.

QUESTION 24: IF YOU THINK ONE OF THE PRIORITIES SHOULD BE SUPPORTING CAREGIVERS, WHAT WOULD YOU RECOMMEND THE HOSPITAL AND COMMUNITY PARTNERS FOCUS ON?

The responses were fairly evenly divided, but caregiver support classes received a few more responses than the rest. Families caring for older adults received the second highest response.

Supporting Caregivers Focus	Number of Respondents	Percentage
This is important, but I don't think it should be one of the priorities	94	26.78%
Caregiver support classes	121	34.47%
Families caring for an older adult	113	32.19%
Families caring for a child or adult with mental health needs	96	27.35%
Families caring for a child or adult with special needs	91	25.93%
Grandparents caring for grandchildren	83	23.65%
Families caring for a child or adult with a disability	82	23.36%
Parenting classes	65	18.52%
Other	16	4.56%

WRITTEN COMMENTS:

Several commenters indicated that caregivers need support, education, and affordable healthcare for themselves. There was also a comment indicating most caregivers do not have time to attend classes or support groups.

Two comments related specifically to the care of cancer patients and the need for more education and support for families.

QUESTION 25: IF YOU THINK DRUGS, ALCOHOL, OR TOBACCO SHOULD BE A PRIORITY, WHAT WOULD YOU RECOMMEND THE HOSPITAL AND COMMUNITY PARTNERS FOCUS ON?

Illegal drug use and alcohol use by youth and teens were both above 50%.

Drugs, Alcohol, Tobacco Focus	Number of Respondents	Percentage		
This is important, but I don't think it should be one of the priorities	57	16.10%		
Illegal drug use by youth and teens	183	51.69%		
Alcohol use by youth and teens	179	50.56%		
Illegal drug use by adults	154	43.50%		
Adult alcohol abuse	153	43.22%		
Tobacco use including smoking and vaping by teens	153	43.22%		
Opioid use	151	42.66%		
Tobacco use including smoking and vaping by adults	110	31.07%		
Other	21	5.93%		

WRITTEN COMMENTS:

Several respondents stated that although important, they did not feel it was a priority for the Hospital.

Availability of medical detox, education, and more time with physicians to talk about risks and available resources were mentioned.

Child abuse and neglect was the most frequent response.

Domestic Violence, Abuse, Neglect Focus	Number of Respondents	Percentage
This is important, but I don't think it should be one of the priorities	89	25.57%
Child abuse and neglect	214	61.49%
Domestic violence or abuse	177	48.85%
Elder abuse or neglect	170	50.86%
Intimate partner violence or abuse	118	33.91%
Other	13	3.74%

WRITTEN COMMENTS:

Comments primarily related to the Hospital's role in identifying abuse and reporting to appropriate authorities.

QUESTION 27: PLEASE FEEL FREE TO SHARE ANY COMMENTS.

There was a total of eight-three individual comments around the following themes.

HOSPITAL: Several individuals commented on the improvements that have been made by the Hospital over the last couple of years. Specific comments related to the need for improvements in care were shared with Hospital Administration.

Access: The most frequent responses were related to increasing access to both specialists and primary care. Same day and evening appointments with primary care and increased access to specialists including endocrinology, dermatology, neurology, and pediatrics were recommended. The difficulty in getting appointments with specialists that come to the Hospital was also noted.

Several individuals commented on the long wait times in the ED and the lack of consistency of ED providers.

MENTAL HEALTH CARE: The need for additional mental health services, including the need for more providers, more treatment facilities, and more options for patients under a Title 25 hold.

EDUCATION AND PREVENTION: The need for more health education and emphasis on prevention and lifestyle changes was identified.

2019 Community Health Needs Assessment

Community Health Needs Assessment

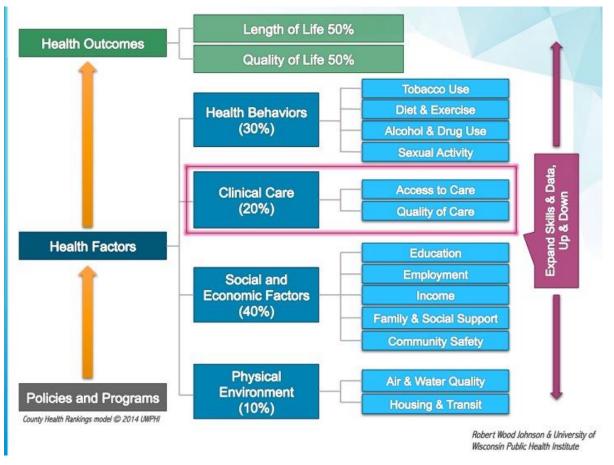

A community health needs assessment is a systematic process involving the community to identify and analyze community health needs and assets in order to prioritize these needs, and to plan and act upon significant unmet community health needs.

Social Determinants of Health

Eighty percent of what affects health outcomes is associated with factors outside the traditional boundaries of healthcare delivery—health behaviors (tobacco use, sexual activity), social and economic factors (employment, education, income), and physical environment (air quality, water quality).

THE DATA

County Health Rankings

Sweetwater County ranks 18th compared to 23 other Wyoming counties for Health Outcomes

- 14th for Length of Life
- 19th for Quality of Live

Sweetwater County ranks 21st compared to 23 other Wyoming counties for Health Factors

- 19th for Health Behaviors
- 16th for Clinical Care
- 21st for Social & Economic Factors
- 18th for Physical Environment

Demographics

Population

• Estimated to decline from 45,694 to 45,302 by 2023, a 0.17% decrease

Age

- Median age 34.7 years is expected to have minimal changes by 2023
 - 8% of the population are children under 4
 - 23% of the population are 14 years or younger
 - 12% of the population are over 65

Ethnicity

- 79.4% White alone (not Hispanic or Latino)
- 16.2% Hispanic or Latino

Physical Environment

Radon

- Radon levels in Sweetwater County are 5.6pCi/L
- EPA recommends fixing any home as soon as possible that tests over 4.0pCi/L
- The Wyoming Department of Health reports that Radon is the second most common cause of lung cancer in the state after smoking

Housing

- 9% of residents have a severe housing cost burden (2013 2017) compared to the state rate of 10% (*No statistical difference*)
- 10% of residents have severe housing problems (2011 2015) compared to the state rate of 12% (Sweetwater County is statistically better than the state)
- More than 50% of key stakeholders felt that lack of access to affordable housing contributes to the health challenges of at-risk populations

Social and Economic Factors

Education

- 91.3% of the population over 25 have a high school degree or higher
- 22.2% of the population have a bachelor's degree or higher
- 2% of the population have less than a 9th grade education

English Proficiency

- 89.4% of the population speak only English
- Of those who speak another language, 9.3% speak Spanish

Industry

20% of the jobs are related to mining

Unemployment

• Unemployment rate is approximately the same as the state (4.2% in 2018)

Income

- Average household income is \$82,373
- Per-capita income is \$31,700
- 10.5% of the population live below the Federal Poverty Level
- 15.7% of children live below the Federal Poverty Level
- Number of residents with income below the poverty level increased from 2017 to 2018 in Sweetwater County (Wyoming Economic Analysis Division)

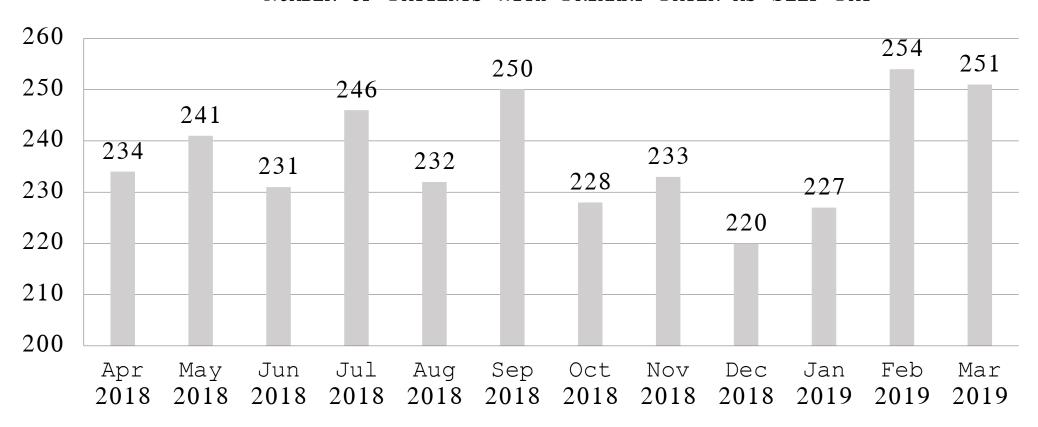

Insurance Coverage

- 15% of adults in Sweetwater County are uninsured (2016)
 - Not statistically different than the state rate of 16%

- 7% of children in Sweetwater County are uninsured (2016)
 - Not statistically different than the state rate of 8%

18% - 22% of patients seen at the MHSC ED between April 2018 and March 2019 did not have insurance coverage

MHSC EMERGENCY DEPARTMENT
Number of Patients With Primary Payer as Self Pay

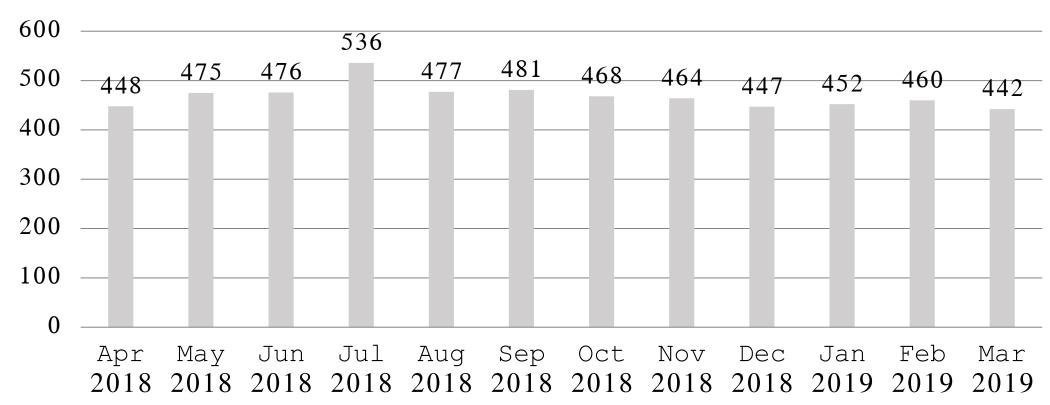

Primary Care

- Sweetwater County is a Health Professional Shortage Area for primary care
 - Primary Care Physicians: 2,940:1 in Sweetwater County compared to 1,470:1 in Wyoming (2016) *Primary care does not include obstetrics / gynecology*
 - Other Primary Care Providers: 1,741:1 in Sweetwater County compared to 1,470 in Wyoming (2018) *Includes nurse practitioners, physician assistants, clinical nurse specialists*
- 34% of respondents to the community survey reported difficulty getting an appointment with a primary care provider. Reasons included:
 - Lack of appointment times
 - Lack of appointment times that were convenient
 - Cost unable to afford co-pay

Between April 2018 and March 2019, approximately 36% to 44% of patients seen in the MHSC ED, did not have a primary care provider

MHSC 2019 CHNA

16

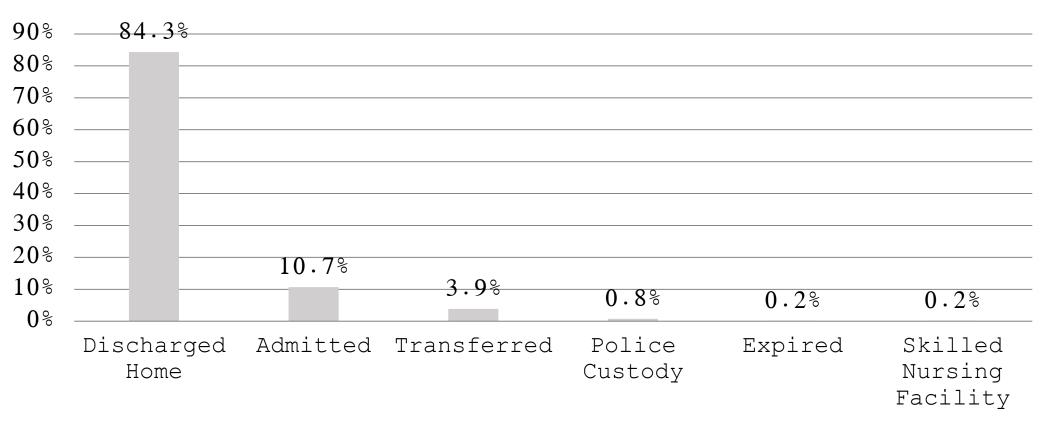

Specialty Care

- 32% of respondents to the community survey felt that increased access to specialty care would help improve both their health and their families' health
- Community Survey specialists most difficult to access
 - Mental health providers
 - Psychiatry
 - Orthopedics
 - Pediatrics
 - Gynecology
- Key stakeholders agreed with community adding
 - Cardiology
 - Internal Medicine

- The top five specialists that residents and key stakeholders traveled outside of Sweetwater County to see
 - Dermatology
 - 2. Cardiology
 - 3. Orthopedics
 - 4. Endocrinology
 - 5. Mental Health Care (Community)
 - 5. Oncology (Key Stakeholders)

Both the community and key stakeholders commented on the number of transfers from the ED and the desire to keep as many patients as possible in Sweetwater County for care

Dental Care

- Sweetwater County is a Health Professional Shortage Area for dental care
 - 1,890:1 in Sweetwater County compared to 1,510:1 in Wyoming (2016)

• 6.6% of community survey respondents reported difficulty getting an appointment with a dentist

Tobacco and Alcohol

- **Tobacco:** American Lung Association Tobacco Control Grade Grade of **F** for Wyoming (2018)
 - F: Tobacco Prevention and Cessation Funding
 - **F:** Smoke-free Air
 - **F**: Tobacco Taxes
 - **D:** Access to Cessation Services
 - F: Age to purchase Tobacco 21
- **Tobacco:** No significant difference for the use of tobacco in Sweetwater County compared to the state (18% compared to 18.7%)
- Alcohol: No significant difference for the use of alcohol in Sweetwater County compared to the state
 - Alcohol impaired driving deaths (33% in Sweetwater County compared to 36% in the state)
 - Adults who report binge or heavy drinking (20% in both county and state)
 - Wyoming: Teens 12 17 reporting alcohol dependence or abuse (2.2%)
 - Wyoming: Adults who reported having driving after drinking too much (4.7%)
- Alcohol: Wyoming: 6.6% of adults and 2.2% of teens reported not being able to access treatment for alcohol use (2016-2017)

Source Henry J. Kaiser Family Foundation: Alcohol & Drug Dependence, Abuse and Treatment

Drug Use – Wyoming Data

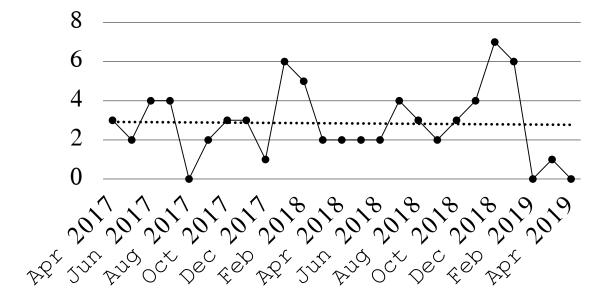

- Age-adjusted opioid deaths per 100,000 are lower than the U.S.
 - 8.7 compared to 14.9
- All drug overdose deaths per 100,000 are lower than the U.S.
 - 12.2 compared to 21.7
- 2.5% of adults report illicit drug dependence or abuse
 - U.S. rate 2.7%

- 4.5% of teens report illicit drug dependence or abuse
 - U.S. rate 3.1%
- 6.3% of individuals report past year opioid use disorder per 1,000 population
 - U.S. rate 8.4%
- 4.5% of teens and 2.5% of adults reported not being able to access treatment for drug use(2016-2017)

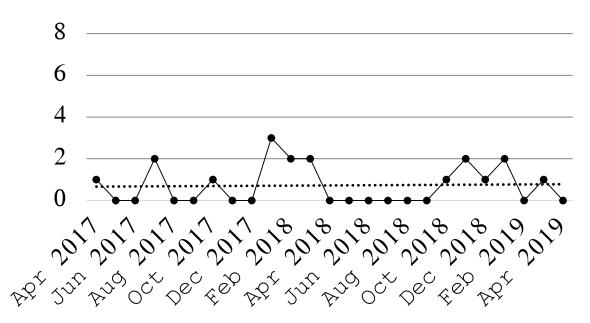

Source Henry J. Kaiser Family Foundation: Alcohol & Drug Dependence, Abuse and Treatment

MHSC Overdose Data

MHSC OVERDOSE BY JUVENILES APRIL 2017 - APRIL 2019

71 adults and 18 juveniles were seen in the MHSC ED with an overdose between April 2017 and April 2019

Diet and Exercise

• 30% of adults in Sweetwater County are considered obese compared to 29% in the state (*No significant difference*)

11% have limited access to healthy food compared to 9% in Wyoming

11% experience food insecurity compared to 13% in Wyoming

 Poor eating habits and obesity were identified as significant risk factors for both adults and teens by community and key stakeholders

Sexual Activity

• Teen births are higher in Sweetwater County than the state (34 per 1,000 compared to 30 per 1,000) (2014 -2017)

 Both community and key stakeholder identified teen pregnancy as a significant risk affecting health outcomes

• Chlamydia rate is lower than the state (221.8 per 100,000 compared to 351.5)

Life Expectancy

GENDER	WYOMING LIFE EXPECTANCY 2016	WYOMING HEALTHY LIFE EXPECTANCY	U.S. Life Expectancy 2016	U.S. Healthy Life Expectancy
Male and Female	78.4	67.4	78.9	67.7
Female	80.8	68.6	81.2	69.0
Male	76.2	66.3	76.5	66.3

Five highest risk factors that contribute to disability-adjusted life years in Wyoming

- 1. Tobacco use
- 2. Alcohol and drug use
- 3. High body mass index
- 4. Dietary risks
- 5. High systolic blood pressure

Hawaii: Longest healthy life expectancy for both males and females combined (70.1 years)

Minnesota Longest healthy life expectancy for males (69.1 years)

Hawaii: Longest healthy life expectancy for females (71.9 years)

Cause of Death

Sweetwater County 2017

- 1. Major cardiovascular disease
- 2. Cancer
- 3. Alzheimer's disease
- 4. Chronic lower respiratory disease
- 5. Other unintentional injuries

Top 5 are essentially the same as the state

Wyoming 2017

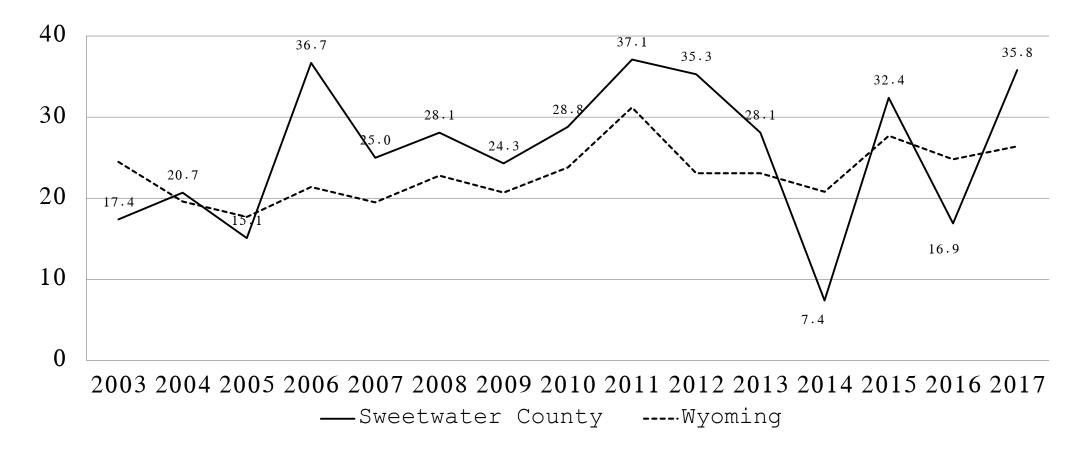

- 1. Heart disease
- 2. Cancer
- 3. Chronic lower respiratory disease
- 4. Accidents
- 5. Alzheimer's disease
- 6. Stroke
- 7. Suicide
- 8. Diabetes
- 9. Flu / Pneumonia
- 10. Chronic Liver Disease / Cirrhosis

Suicide

- CDC ranks Wyoming as 3rd highest for age-adjusted rate of suicide compared to other states
 - Only Montana and Alaska have a higher rate of suicide

- Sweetwater County has the fifth highest rate of age-adjusted suicide in the state compared to other counties
 - Hot Springs, Big Horn, Platte and Johnson counties are higher

AGE-ADJUSTED SUICIDE RATES 2003 - 2017

Mental Health Care

- Sweetwater County is a Health Professional Shortage Area for mental health care
 - 440:1 in Sweetwater County compared to 310:1 in the state
- 32% of respondents to the community survey reported difficulty getting an appointment with a mental health provider and 22% reported difficulty getting an appointment with a psychiatrist
- Reasons identified for lack of access to mental health care
 - Lack of understanding of mental health disorders
 - Not enough psychiatrists
 - Stigma or prejudice
 - Drug or alcohol abuse
 - Cost of mental health care

Mental Health

• 3.5 poor mental health days reported within the last 30 days in Sweetwater County (2016) (not statistically different than the state)

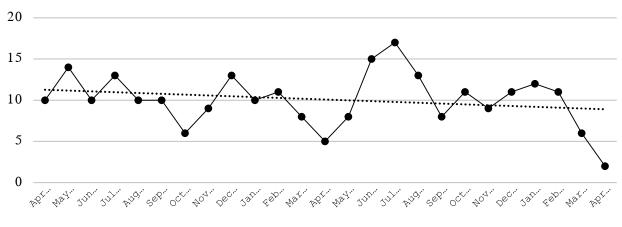

- Community Survey
 - 59.4% rated mental health as Excellent
 - 35.2% rated mental health as Good
 - 5.5% rated mental health as Poor
- Mental Illness and depression were 2nd and 3rd choices for Chronic Disease Focus (Diabetes was #1)

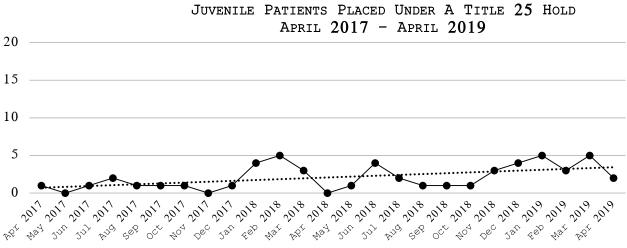

Title 25 Patients

ADULT PATIENTS PLACED UNDER A TITLE 25 HOLD APRIL 2017 - APRIL 2019

300 patients placed under a Title 25 hold were seen in the ED between April 2017 and April 2019, an average of 6.25 per month

The average length of stay was 2.1 days for adults and 1.1 days for juveniles before discharge or transfer

Chronic Disease

Cancer

- Cancer is the second most common cause of death in Sweetwater County
- Cancer incidence and mortality are approximately the same as the state
- Recommended cancer screening for mammograms, PAP tests, and colorectal screenings are lower in Sweetwater County than the state.

Diabetes

- 9% of adults in Wyoming have been diagnosed with diabetes
- Respondents to the community survey and key stakeholder survey identified diabetes as the <u>most important</u> chronic disease for MHSC to focus on over the next three years

Chronic Disease

Cardiovascular & Cerebrovascular Disease

 Major Cardiovascular Disease is the number one cause of death for residents of Sweetwater County

 Approximately 31% of adults in Wyoming have been diagnosed with hypertension

 Community & Key Stakeholders chose heart disease as one of the four chronic diseases for MHSC to focus on over the next three years

Respiratory Disease

 Chronic Lower Respiratory Disease is the fourth most common cause of death in Sweetwater County

 6.7% of adults in Wyoming have been diagnosed with COPD

• 9.1% of adults in Wyoming have been diagnosed with asthma

Women and Infants

- Pre-Term Deliveries are essentially the same in Sweetwater County as the state (9% compared to 9.1%)
- C-Section births in Sweetwater County are 32% compared to 27% in the state (this may not be statistically significant)
- 28% of pregnant women received adequate prenatal care in Sweetwater County compared to 25% in the state (this may not be statistically significant)
- 15% of pregnant women in Sweetwater County smoked during pregnancy compared to 14% in the state (this may not be statistically significant)
- Low-Birth weight babies in Sweetwater County are the same as the state (9%)
- Infant mortality is 2.8 per 1,000 live births in Sweetwater County compared to 4.5 in the state (this may not be statistically significant)

Use of Technology

Question 13: In the past six months, have you used a smart application on your phone, computer, or tablet to do any of the following?

- 58% indicated that they use smart applications to track the number of miles they are walking or running
- 41% indicated that a mobile device helps them to remember to schedule a routine doctor's appointment.

Applications	Number of Respondents	Percentage
Track how many miles you are walking or running	47	58.02%
Helped you to remember to schedule a routine doctor's appointment	33	40.47%
Looked at the information available online from your doctor's office about your health	22	27.1%
Help you lose weight	22	27.1%
I don't use smart applications to manage my health	16	19.75%
Virtual care	8	9.88%
Helped you to manage a chronic disease like diabetes or congestive heart failure	7	8.64%
Other	3	3.70%
Helped you to remember to take medicine	2	2.47%

PRIORITIES

Community and Key Stakeholder Priorities

Community

- Help people get mental health care
- Increase the number of specialists
- 3. Help support caregivers
- 4. Help people stay healthy who have a chronic disease
- 5. Help adults and teens stop using Illegal drugs, opioids, alcohol or tobacco

Key Stakeholders

- 1. Help people get mental health care
- 2. Help people stay healthy who have a chronic disease
- 3. Help support caregivers
- 4. Help adults and teens stop using Illegal drugs, opioids, alcohol or tobacco
- 5. Increase the number of specialists

Community and Key Stakeholder Chronic Disease Focus

Community

Key Stakeholders

- 1. Diabetes
- 2. Depression
- 3. Chronic Mental Illness
- 4. Heart Disease
- 5. Cancer

- 1. Diabetes
- 2. Chronic Mental Illness
- 3. Heart Disease
- 4. Cancer
- 5. Depression

Note: Question was worded IF YOU THINK THIS SHOULD BE ONE OF THE PRIORITIES — what are the focus areas you would recommend. Survey respondents completed question even if they did not choose it as a priority

Community and Key Stakeholder Alcohol – Drugs - Tobacco

Community

- 1. Illegal drug use by youth and teens
- 2. Alcohol use by youth and teens
- 3. Illegal drug use by adults
- 4. Adult alcohol abuse
- 5. Tobacco use including smoking and vaping by teens
- 6. Opioid use

Key Stakeholders

- 1. Opioid use
- 2. Alcohol use by youth and teens
- Tobacco use including smoking and vaping by teens
- 4. Illegal drug use by youth and teens
- 5. Adult alcohol abuse
- 6. Illegal drug use by adults

Note: Question was worded IF YOU THINK THIS SHOULD BE ONE OF THE PRIORITIES — what are the focus areas you would recommend. Survey respondents completed question even if they did not choose it as a priority

Community and Key Stakeholder Domestic Violence, Abuse or Neglect

Community

- 1. Child abuse and neglect
- 2. Domestic violence or abuse
- 3. Elder abuse or neglect
- 4. Intimate partner violence or abuse

Key Stakeholders

- 1. Child abuse and neglect
- 2. Domestic violence or abuse
- 3. Elder abuse or neglect
- 4. Intimate partner violence or abuse

Note: Question was worded IF YOU THINK THIS SHOULD BE ONE OF THE PRIORITIES — what are the focus areas you would recommend. Survey respondents completed question even if they did not choose it as a priority

Community and Key Stakeholder Supporting Caregivers

Community

- 1. Caregiver support classes
- 2. Families caring for an older adult
- Families caring for a child or adult with mental health needs
- 4. Families caring for a child or adult with special needs
- 5. Grandparents caring for grandchildren

Key Stakeholders

- 1. Caregiver support classes
- 2. Families caring for an older adult
- 3. Families caring for a child or adult with mental health needs
- 4. Families caring for an older adult
- 5. Parenting classes

Note: Question was worded IF YOU THINK THIS SHOULD BE ONE OF THE PRIORITIES — what are the focus areas you would recommend. Survey respondents completed question even if they did not choose it as a priority

Themes

Leadership

- Many positive comments about Hospital leadership
- Hospital is "improving"

Health Behaviors

- Lots of alcohol and drug use in the community
- Lots of "working alcoholics"
- A community that --- Works Hard and Parties Hard

Behavioral Health

- Almost everyone interviewed --- commented on the need for more behavioral health services (#1 priority)
- Need resources for patients who are involuntarily detained and unable to transfer due to lack of beds
 - Small inpatient unit at MHSC
- Need more mental health access including psychiatry
- Need more alcohol and drug treatment options
- Need more resources to manage mental health patients in primary care practices including medication management

Themes (cont.)

Access to Healthcare Services

- More access to primary care
- Keep as many people as possible in Sweetwater County for care reduce the number of transfers although
 offering all services may not be feasible
- Alternative to the ED that is faster and less expensive, including urgent care in Green River
- Positive comments about relationship with University of Utah --- but hard to get an appointment with visiting specialists – need more availability
- Health care services drive business expansion -- Market services not only to community residents but to the Business Community (Enterprise Committee)

Next Steps

1. Identify priorities

2. Identify resources available to meet priorities

3. Develop implementation plan to address priority community health needs – in collaboration with community partners

Reg. Standard:

Quality Assessment Performance Improvement (QAPI) Plan

MISSION

Compassionate care for every life we touch.

VISION

To be our community's trusted healthcare leader.

STATEMENT OF PURPOSE

The organizational-wide Quality Assessment Performance Improvement (QAPI) Plan is designed to provide a systematic and organized approach by which Memorial Hospital of Sweetwater County (MHSC) utilizes objective measures to monitor and evaluate the quality of services provided to patients in alignment with the organization's strategic plan. The QAPI plan encompasses a multidisciplinary and integrated approach, to include all disciplines and departments, to identify and act upon opportunities to improve processes, patient outcomes and reduce the risks associated with safety in a manner consistent with MHSC's mission, vision, values and strategic objectives. Refer to Appendix 1- MHSC 2018-2021 Strategic Plan for outline of strategic objectives. The QAPI plan includes activities related to quality improvement, patient experience, and safety. This annual hospital plan is approved by the Board of Trustees. Data, reports, and other work resulting from the QAPI plan are used by the Board to assist in fulfilling its oversight responsibilities.

QUALITY DEFINITION

Memorial Hospital of Sweetwater County aligns itself with the National Academy of Medicine's (formerly Institute of Medicine) definition of healthcare quality in that "quality of care is the degree to which health care services for individuals and populations increase the likelihood of desired health outcomes and are consistent with current professional knowledge" (Agency for Healthcare Research and Quality [AHRQ], 2018; Institute of Medicine [IOM], 1990). Implicit in MHSC's QAPI activities are the National Academy of Medicine's six aims for improvement: care is safe, effective, timely, patient-centered, equitable and efficient.

STRUCTURE & LEADERSHIP

Memorial Hospital of Sweetwater County carries out quality improvement activities through multi-displinary approaches. Key employees from senior leadership, department directors, Quality Department staff, and front-line leaders comprise the hospital's QAPI Committee. These leaders are responsible for the development of the QAPI plan and work directly and openly with improvement teams to enhance quality by setting goals, modeling

behaviors that lead to quality improvement, acting on recommendations and opportunities for improvement, and allocating resources for improvement.

Specific relationships that enable the QAPI Committee to accomplish quality assessment, performance improvement, patient experience and safety initiatives include designated work teams and the activities of the medical staff. These groups and the key individuals on the teams are supported by a structure of formal and informal committees or work groups where components of the program are defined, implemented, refined, and monitored. Individual work teams report to the QAPI Committee. The QAPI Committee reports opportunities, interventions and performance to the Quality Committee of the Board.

RESPONSIBILITIES

Quality is the responsibility of everyone employed by, on the Medical Staff of, or contracted with MHSC. Engagement in quality improvement activities is an expectation while working at MHSC.

Employees are responsible for reporting safety and quality events and working to fix system issues. Employees work collaboratively with leadership to achieve quality, patient experience and safety goals. The following areas have the additional responsibilities:

Department and/or Service

Each department and/or service is responsible for establishing specific quality improvement indicators and metrics that are supportive and in congruence with the strategic objectives and/or other focus areas as identified as opportunities for improvement. Each department and/or service is responsible for identifying and participating in the analysis of identified occurrences impacting system processes and functions vital to the delivery of care, safety of the environment, and process efficiency.

Each department and/or service is responsible to communicate and disseminate information and data as appropriate, as well as take active roles in initiating and following through with Lean methodology and/or MHSC's model for improvement (Appendix 2- MHSC Model for Improvement or Appendix 5 - A3 Template) when opportunities for improvement exist. Departments and/or Services will:

- 1. Promote the development of standards of care and criteria to objectively measure the quality, patient experience and safety of care/services rendered in their departments.
- 2. Monitor and analyze the processes in their areas that affect patient care, safety, process efficiency, outcomes or satisfaction.
- 3. Design and evaluate work processes to improve quality, patient experience and safety.
- 4. Collect data identified and assigned through the QAPI initiatives.
- 5. Report performance improvement findings and actions.
- 6. Communicate the status of departmental quality, safety, patient experience and survey readiness initiatives regularly to departmental staff members.
- 7. Evaluate the performance of all clinically contracted services and report the results of the evaluation.
- 8. Take active roles in initiating and following through with Lean methodology and/or MHSC's model for improvement when opportunities for improvement exist.
- 9. Understand and support the use of Lean methodology and/or MSHC's model for improvement (Appendix 2-MHSC Model for Improvement or Appendix 5 A3 Template).

Medical Staff

The organized medical staff of MHSC has a leadership role in organizational quality, patient experience and

safety activities to improve the quality and safety of care, treatment, and services, and is ultimately accountable to the Board of Trustees. The organized medical staff oversees the quality of care provided by those individuals with clinical privileges. The Ongoing Professional Practice Evaluation (OPPE) process provides opportunities for improvements in processes, structures, or systems and identified opportunities for improvement will be integrated into the QAPI Plan as appropriate. Refer to the Professional Practice Review Process (Medical Staff Peer Review).

The organized Medical Staff will:

- 1. Participate in developing specific patient care quality indicators. This may be accomplished by individual medical staff departments or medical staff committees.
- 2. Through its Officers, Committees, and individual members, review and evaluate the results of ongoing monitoring and evaluation of patient care. This includes, but is not limited to, the required Medical Staff peer review functions as well as risk management, safety, patient experience, infection prevention, resource management, environment of care (EOC), root cause analysis (RCA), sentinel event processes and/or organizational initiatives.
- 3. Identify and analyze problems and opportunities, take appropriate actions and monitor the effect of the actions taken to determine that problems have been resolved or there has been significant improvement to the highest achievable level that can be expected.
- 4. Monitor the appropriateness of clinical practice patterns and significant departures from established patterns of evidence-based clinical practice.
- Report Medical Staff quality, patient experience and safety results to the Quality Committee of the Board or MEC by way of written reports and summaries with Medical Staff representation. Results are then reported to the Board.

Organizational Leadership

Organizational leadership supports the maintenance of the QAPI process through allocation of staff and resources necessary to fulfill the requirements of the program. Leaders will:

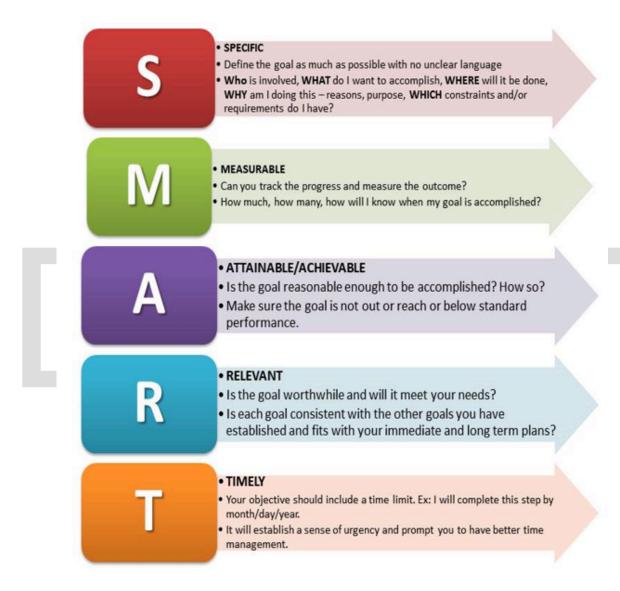

- 1. Promote the participation of appropriate staff members and departments in the program through collaborative monitoring and evaluation of patient outcomes, process efficiency, and important functions.
- 2. Set expectations for using data and information to improve the safety and quality of care.
- 3. Promote collaborative monitoring and evaluation of patient outcomes and key functions.
- 4. Analyze data and information in decision-making that supports the safety and quality of care.
- 5. Evaluate how effectively data and information are used throughout the organization, including contracted services.
- 6. Manage change and quality improvements that foster the safety of the patient and environment, the quality of care, the patient experience, and process efficiency and effectiveness.
- 7. Regularly evaluate the culture of safety and quality using valid and reliable tools.

QUALITY ASSESSMENT AND PERFORMANCE IMPROVEMENT PROCESS QAPI MODEL

Memorial Hospital of Sweetwater County has a strategic goal to fully implement Lean methodology by Fiscal Year 2021. MHSC utilizes a combination of Lean methodology as well as processes outlined by the Institute for Healthcare Improvement (IHI) Model for Improvement, which incorporates process observation designed to

determine targeted areas for process improvement. These models for improvement are person-centered, aim for the ideal state, outline, implement, and test interventions, as well as ensure changes have become standard of work. Specific, Measurable, Achievable, Realistic, and Time-bound (S.M.A.R.T.) goals are encouraged to be utilized when appropriate in setting aims. See Appendix 2 - MHSC Model for Improvement or Appendix 5 - A3 Template for reference.

S.M.A.R.T. Goals

(Minute Movement, 2015)

Scope of Activities

Memorial Hospital of Sweetwater County's QAPI Plan includes activities that are designed to assess key functions that impact patient care, overall quality, safety of the environment and process efficiency and effectiveness. The intent is to identify, study, correct problems and address improvement opportunities found within the process of the QAPI functions to enhance care delivery. Through this process, MHSC collaborates with, and is engaged in, regional and national initiatives to enhance the delivery of patient care and improve patient outcomes. All departments, and/or services at MHSC are included in the QAPI process.

Establishing Priorities

The Quality Committee of the Board will oversee the setting of priorities and measurement for quality, patient experience and safety activities. The QAPI Committee will be responsible for annually prioritizing operational objectives to meet strategic plan initiatives (see Appendix 4 - QAPI Work Plan 2019-2020). Priorities are identified based on strategic objectives, leadership objectives, regulatory requirements, survey outcomes, deviations from expected outcomes or benchmarks, opportunities identified through analysis of safety events and sentinel events, evidence-based standard of care findings, financial opportunities and/or financial performance or Root Cause Analysis findings. Objectives or topics will be evaluated annually, at minimum, through the Quality Committee to review priority areas for MHSC. The QAPI Work Plan outlines active projects that MHSC has identified as priority focuses needing improvement interventions. The QAPI Committee will be responsible for ensuring adequate resource allocation for agreed upon operational objectives. See Appendix 4-QAPI Work Plan & Goals 2019-2020.

Developing Measure Specifications

Work groups or committees define the metrics (indicators, goals, benchmarks, time lines, etc.) for each focus area based on identified opportunities. These teams work collaboratively to develop specific measures and guidelines along with data collection tools when necessary. The teams will utilize members of the QAPI Committee to assist in developing meaningful measures consistent with project objectives and intervention. Measures for improvement should be developed using S.M.A.R.T Goals. See Appendix 2- MHSC Model for Improvement.

Data Gathering and Reporting

Each committee, sub-committee or work group will be responsible for collecting data pertinent to their area of focus based on the specifications for measurement. This will be collected by a designated person on that committee or work group. This individual will be responsible for gathering the information and having data available for review by the committee's pre-determined reporting dates. Sampling of data is determined by the work group when applicable. Real time, concurrent data is collected when possible. A summary of the data and interventions are reported to the QAPI Committee to promote transparency and reduce overlap in improvement efforts. Data reporting to follow accepted facility guidelines.

Data Analysis

Data analysis is expected to be objective and ethical in nature, consistent with MHSC's values. The QAPI Committee will review and discuss data to assist teams in determining what interventions must be carried out to attain desired outcomes. When possible and appropriate, comparison with published benchmarks is used to analyze quality, patient experience and safety measures. In the absence of published benchmarks internal benchmarks will be created to measure success.

The QAPI committee will analyze the data for trends and outliers to assess the need for intervention. If intervention is required, the committee will adjust objective priorities and appropriately reallocate resources. An overview of the analysis and interventions will be shared with the Medical Staff and the Quality Committee of the Board, as appropriate.

Implementation of Interventions

Interventions will be based off of countermeasures and will have a target and anticipated completion date. Interventions will be measured to determine if they have become standard of work. This process is conducted using Lean methodology or through the Plan, Do, Study, Act (PDSA) model used by MHSC for process improvement activities. See Appendix 2- MHSC Model for Improvement or Appendix 5 - A3 Template.

PATIENT EXPERIENCE

Memorial Hospital of Sweetwater County integrates concepts from Planetree and is focused on fostering a culture of person centered care where patients, families, and staff consistently experience quality, compassion, and partnership.

Planetree utilizes five primary drivers to create an effective and lasting culture of person-centered care. The primary drivers are expected to be implemented and practiced at all levels within the organization when interacting with patients and families. The primary drivers include:

- 1. Create organizational structures that promote engagement.
- 2. Connect values, strategies and action
- 3. Implement practices that promote partnership
- 4. Know what matters
- 5. Use evidence to drive improvement

Patient experience is a priority at MHSC and is included as part of the QAPI plan and organizational strategic plan. Planetree initiatives and development of person centered care culture will assist us in improving our overall Patient experience at MHSC. Improving patient experience and providing person-centered care is the responsibility of everyone employed by, on the Medical Staff of, or contracted with MHSC. Engagement in patient experience activities and training is an expectation while working at MHSC.

SAFETY

Safety is a leadership and governance priority at MHSC. Safety is critical to quality outcomes and impacts financial objectives and standards of practice. Therefore, safety is integrated with all QAPI activities. It encompasses risk assessment and mitigation, systemic reviews (Failure Mode Effect Analysis, Root Cause Analysis, etc), external resources, safety events, and/or employee surveys. Refer to the Risk Management Plan.

QUALITY IMPROVEMENT RESOURCES

The Quality Department and Compliance & Risk Department support and facilitate ongoing organizational quality assessment, performance improvement, patient experience and safety activities. Resources within the Quality Department and Compliance & Risk are provided to assist hospital employees and providers with identification of appropriate data resources, development, and coordination of quality assessment performance improvement activities and analysis of data to support and evaluate quality performance improvement efforts. Refer to supplemental appendices/attachments for additional information on goal setting and Lean worksheets to guide you through implementation of interventions and tests of change.

Additional tools and resources for quality assessment performance improvement, patient experience and safety are made available as electronic attachments to this plan. These tools and resources will be reviewed on an annual basis and may be updated more frequently as deemed appropriate.

UNUSUAL CHANGES OR EVENTS

The QAPI Plan is flexible to accommodate changes in service, structure, unusual events, or other similar occurrences. Objectives and areas for focus can be introduced at any time based on new or additional findings, trends, or data and will be included in the scope of the QAPI Plan as deemed necessary. The QAPI Committee will adjust and reallocate resources to accommodate any changes in prioritization of improvement projects. The plan, including appendices, will be reviewed annually, at a minimum. Appendices may be updated more frequently as information is updated to reflect a change in practice or organizational needs.

IMMUNITY/CONFIDENTIALITY CLAUSES

WY Stat § 35-2-910. Quality management functions for health care facilities; confidentiality; immunity; whistle blowing; peer review.

Subsection A. "Each licensee [hospital, healthcare facility and health services] shall implement a quality management function to evaluate and improve patient and resident care and services in accordance with the rules and regulations promulgated by the division. Quality management information relating to the evaluation or improvement of the quality of health care services is confidential. Any person who in good faith and within the scope of the functions of a quality management program participates in the reporting, collection, evaluation, or use of quality management information or performs other functions as part of a quality management program with regards to a specific circumstance shall be immune from suit in any civil action based on such functions brought by a health care provider or person to whom the quality information pertains. In no event shall this immunity apply to any negligent or intentional act or omission in the provision of care."

Confidentiality shall be maintained, based on full respect of the patient's right to privacy and in keeping with Hospital Policy and State and Federal Regulations governing the confidentiality of quality and patient safety work. All quality and patient safety data and information shall be considered the property of Memorial Hospital of Sweetwater County.

DRAF

OUR VISION

To be our community's trusted healthcare leader.

2018 – 2021 STRATEGIC PLAN

Patient Experience (Irene Richardson)

- 1. Customer Service in Healthcare Training
- 2. Improve Star Rating
 - Improve Communication with Doctors & Nurses (HCAHPS "Hospital Consumer Assessment of Healthcare Providers and Systems")
 - Improve Perception of Hospital & Emergency Department
- 3. Guide to Your Stay

Workplace Experience (Suzan Campbell)

- 1. Staff Communication Improvement at All Levels
- 2. Become Employer of Choice
- 3. Professional Development

Quality & Safety (Kristy Nielson)

- 1. Improve Star Rating
 - Mortality, Safety of Care, Readmissions, Effectiveness of Care, Timeliness of Care, Efficient Use of Medical Imaging
- 2. Universal Training (LEAN)

Growth/Opportunity/Community (Kari Quickenden)

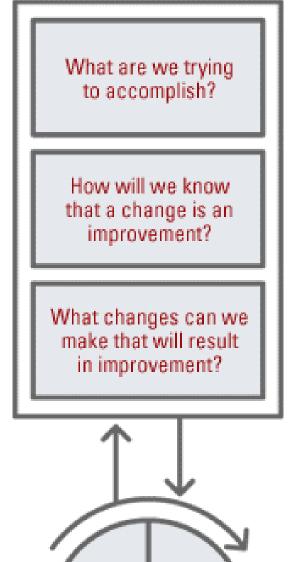

- 1. Clinic Improvements
 - Contact with Patients (before, after, reminders, etc.)
 - Telemedicine Visits
 - Concierge Service/Membership
- 2. Explore Avenues to Improve Access to Care (i.e., patient transportation service)
- 3. Collaborate with Chamber and College to Research Options for Performing a Community Needs Assessment

Financial Stewardship (Tami Love)

- 1. Improve Bond Rating
- 2. Increase Profit Margin Within Benchmarks
 - Improve Gross Revenue
 - Decrease Expenses
- 3. Decrease Reduction of Revenue
 - Utilization Review
- 4. 6 Cent Tax Project

MHSC Model for Improvement*

Plan

Do.

Study

Forming the Team

- Including the right people on your team is critical to success
- Teams may vary in size and composition
- Each team should include members that are relevant and specific to suit your needs and drive your outcome

Setting Aims

- Any change or improvement requires setting an aim
- The aim should be time specific and measureable
- The aim should include the specific population or system that will be affected
- Refer to S.M.A.R.T goals for specific aims

Establishing Measures

- Use quantitative measures to determine if a specific change actually leads to improvement
- The Quality Department is available to assist you in determining ways to obtain quantitative data

Selecting Changes

- Ideas for change may come from insights of those who work in the system or by borrowing the experience from others who have been successful in driving change
- Do not be afraid to be creative and innovative
- Do not be afraid to reach out to others and utilize their ideas- why re-invent the wheel?

Testing Changes

- The Plan-Do-Study-Act (PDSA) cycle is used for testing changes in the work setting
- Plan it, try it, observe results, and act on what is learned-repeat if needed

Implementing Changes

 After testing change on a small scale using the PSDA cycle, learning from each test, and refining your change (through several cycles if needed), you may begin to implement change on a larger scale

Spreading Changes

- After successful implementation of change, spread it!
- Do not be afraid to share your ideas and spread change throughout MHSC!

*MHSC Model for Improvement based on IHI's and Associates in Process Improvement Model for Improvement.

Updated: 6/19/2017

 SPECIFIC Define the goal as much as possible with no unclear language Who is involved, WHAT do I want to accomplish, WHERE will it be done, WHY am I doing this - reasons, purpose, WHICH constraints and/or requirements do I have? MEASURABLE Can you track the progress and measure the outcome? How much, how many, how will I know when my goal is accomplished? ATTAINABLE/ACHIEVABLE Is the goal reasonable enough to be accomplished? How so? · Make sure the goal is not out or reach or below standard performance. RELEVANT Is the goal worthwhile and will it meet your needs? Is each goal consistent with the other goals you have established and fits with your immediate and long term plans? TIMELY Your objective should include a time limit. Ex: I will complete this step by

month/day/year.

management.

It will establish a sense of urgency and prompt you to have better time

Quality Committee Meeting Memorial Hospital of Sweetwater County May 15, 2019

Present: Clayton Radakovich, Kara Jackson, Suzan Campbell, Cindy Nelson, Marty Kelsey,

Dr. Barbara Sowada, Irene Richardson, Leslie Taylor, Dr. Banu Symington, Dr. Kari

Quickenden, Dr. Kristy Nielson, Dr. Cielette Karn

Absent/Excused: Tami Love

Chair: Dr. Barbara Sowada

<u>Approval of Agenda & Minutes</u>

Dr. Sowada called the meeting to order at 8:15 am. Dr. Sowada presented the Agenda for approval and requested adding update of Blood Utilization by Dr. Karn to the Agenda. The Quality Minutes for April were presented for Approval. Mr. Radakovich motioned to approve, Dr. Nielson seconded. Motion approved.

Old Business

Dr. Nielson introduced LEAN discussion. Ms. Jackson noted they are working with Faith Jones to come for a training, returning in August for another. Dates not yet finalized, waiting on budget approvals. Dr. Sowada questioned the difference between IHI model and LEAN. Mr. Radakovich stated that LEAN is focused on patient centered care, IHI contains pieces. Dr. Sowada further questioned why we haven't dropped the IHI model. Again Mr. Radakovich answered – we are making a soft transition to LEAN.

Mr. Kelsey requested that a summary of completed goals be included in each Board packet, but continue to bring the full summary to the Quality Committee.

New Business

Dr. Sowada complimented Ms. Jackson and Mr. Radakovich on the work contained within the Quality Summary – it is very clear and concise, and very appreciated.

Dr. Sowada questioned how do physicians fit in developing Quality indicators? Mr. Radakovich stated they choose their goals within their committees. Dr. Sowada further questioned – how do they participate in LEAN. Dr. Karn noted at this point they haven't fully been exposed to LEAN. Dr. Nielson stated that when Faith arrives the plan is to help incorporate the physicians into the process. Dr. Sowada asked if we could bring in a few physicians at a time for specific projects, a little at a time. Dr. Symington stated that in previous hospital the physicians were not included and felt disenfranchised. Dr. Sowada suggested we be sure to include them from the beginning, and Dr. Symington agreed, noting they would then feel ownership. Ms. Jackson noted we need to ensure that "project owners" reach out to these physicians.

Discussion ensued on how to engage physicians without overuse of the few willing to help. How do we engage all physicians? Dr. Sowada requested a small ad hoc group be formed to explore options. Information will be brought back in August.

Ms. Nelson discussed Planetree. We have had 3 steering committee meetings so far, with a 4th scheduled next week with Karen from Planetree joining us. Five subcommittees have been created, with Patient centered meeting with patient advisor next week. Starting today and every Wednesday training sessions are scheduled. Mayor Kaumo announced our Patient Centered-care committee at the last City Council meeting – his support is much appreciated.

Ms. Nelson announced that the Boardeffect Portal will no longer be supported and we will be moving to Nasdaq system, starting this month with training in process.

Dr. Sowada questioned Ms. Nelson – what is her vision/dream for Memorial Hospital? Ms. Nelson hopes to see staff being comfortable in approaching patients and families and asking questions. "We don't need to teach people to be compassionate, they are here because of that compassion, we just need to help them reconnect," stated Ms. Nelson.

Consent Agenda

Dr. Sowada questioned, does anyone have pullouts from the Consent agenda?

Mr. Kelsey question the abbreviation – EMTALA = Emergency Medical Treatment and Labor Act.

Dr. Sowada noticed that statistics for the MRI spine for Low back pain measure has increased and questioned what would be the process to involve the physician. Ms. Jackson stated that when they review the cases they will include both Tracie Soller, MI Director and Dr. Matti, MI Medical Director. Dr. Karn suggested inviting project owners to Quality for report updates.

Mr. Kelsey questioned whether the 3 indicators (Sepsis, ED Patient Flow, HCAHPS) "that keep you up at night" have changed since last month? Ms. Jackson stated no, they continue to be the leading concerns.

We have worked with PRC on patient survey questions to downsize the number of questions, but made sure to leave in one specific question that we hope will be an indicator for our Planetree process.

Moving onto Risk and Safety, Dr. Sowada questioned again how physicians are involved. A concentrated effort between Infection Prevention, Pharmacy and Therapeutics and Physician committees occurs.

Dr. Karn gave a brief update on Blood Utilization. They tried to use MIDAS, but have had problem correlating the numbers. They have moved to offline, until "bugs" can be worked out. Our numbers are good, and we appear to be doing a good job! If you like the numbers can be brought to this committee, although the numbers are indicative that this would be unnecessary.

Ms. Campbell noted that the QAPI plan needs to be approved by the end of the month, would the committee be "OK" with an email vote? Dr. Sowada queried the group – consensus was Yes.

Dr. Sowada ended the meeting with a "feel good" from each member's area.

Dr. Sowada reminded the committee that June was targeted for LEAN project reporting – are we still on track? Ms. Jackson stated that the group was prepared. Next month there will be no Quality Committee Meeting, instead we will have LEAN presentations.

Meeting Adjourned The meeting adjourned at 9:45 am

Next Meeting June 19, 2019 at 11:00 am to 1:00 pm, CR 1, 2 & 3 for LEAN Project Presentations.

Respectfully Submitted,

Robin Fife, Recording Secretary

Quality Committee Consent Agenda Summary May 2019

1) Star Rating

- There are seven categories within the Star Rating and they are as follows: mortality, readmission, safety of care, efficient use of medical imaging, timeliness of care, and effectiveness of care. Each of these seven categories contain several data metrics. Data within the following categories continues to trend in right direction: mortality and readmissions. Efficient use of medical imaging has mixed results. MHSC received our annual facility specific report from CMS for efficient use of Medical Imaging (claims based measures). For OP – 8: MRI Lumbar Spine for Low Back Pain measure, our rate increased, from 48% to 53%, with national average at 38% (lower rate is better). Performing deep dive into data with medical imaging department and evaluate for opportunities for improvement. For OP-10: Abdomen CT Use of Contrast Material, went from 14% to 10%, with national average at 7.8% (lower rate better). This was identified as an opportunity for improvement last year, with work initiated by Medical Imaging Department in May of 2018. The 10% data point is for claims data from July 2017 to June 2018, and with monitoring on monthly Quality Dashboard, we are projected to continue improvement towards the national average of 7.8%. Within the Safety of Care category, the data metric, PSI 90 Composite, increased in March (one case with opportunity for improvement surrounding iatrogenic pneumothorax, case has been addressed). Fluctuations in monthly data is to be expected, especially with low volume of cases, will continue to monitor 6-month trend. Within the Timeliness of Care category, one data metric, Ed-2b: ED Median Admit Decision Time to ED Departure Time, is seeing fluctuation and the 6 month trend is above our benchmark and MHSC goal. We currently have three separate Lean projects that have the potential to impact this data metric. Please see separate Lean Summary on following page for more information. Within the Effectiveness of Care category, we have fluctuations with the data for Core Sep1 – Early Management Bundle, Severe Sepsis/Septic Shock, and also have Lean project with the potential to impact this data metric.
- b. Patient Experience-HCAHPS: The "Dashboard for HCAHPS" is the survey data that affects our Star Rating and Value Based Purchasing reimbursement program. This survey includes OB, ICU, and Med-Surg. Within this survey, we have seen a steady decrease in our scores within all questions from Q3 2018 to Q1 2019 (Q1 2019 data is not complete, may see some movement within this quarter still). We are beginning to see a slight increase in scores for Q2 2019, however the sample number is small so far.
 - i. Our current plan has identified Nurse and Doctor Communication and Quietness as our focus areas and are working at the department level to improve our scores. Our plan moving forward is to focus on the "Overall Quality of Care" score, at the QAPI Committee level. Our vendor for HCAHPS provides a statistical analysis of our HCAHPS and targets the three questions within the HCAHPS that will improve our "Overall Quality of Care" Score. Research has shown that if our patients perceive our "Overall Quality of Care" as excellent, they are more likely to rate us better in all of the other HCAHPS questions. Each department has been

provided with 3 key drivers, specific to their department, and are asked to pick a key driver to focus on and incorporate into a quality improvement project already occurring in the department. Directors were also encouraged to prioritize and focus on one quality improvement project at time. The Medical Staff have also received the Key Drivers pertaining to their departments and we are providing simple suggestions for improvement. The Quality Department is also rounding on the floors to assist in education staff on HCAHPS and answering questions. This new direction for HCAHPS is quite new and we are still in the process of educating staff, as well as setting goals and target completion dates. Will provide this information at next month's meeting.

2) Risk/Safety

a. The number of occurrence reports and grievances remain stable. The fall rate has increased to a statistical trend and needs to be addressed by committee. The Adverse Drug Event group continues to meet and discuss ADEs and their causes. This has resulted in the classification of more significant adverse drug events. The Employee Hazard Assessment is progressing as planned with an expected completion date in Q3 of 2019. PI Standards

3) PI Standards

a. Our PI Standards within the dashboard include data metrics defined by Centers for Medicare and Medicaid Services (CMS) and The Joint Commission (TJC), as well as priorities identified by MHSC on the Quality Assessment Performance Improvement (QAPI) plan. Data is trending in right direction on all metrics except the following: Maternal Deliveries - % with Labor Induction, which we have identified and have a Lean project addressing this data metric, and March data is showing an improvement.

4) Accreditation

a. We had both an EMTALA survey and an OSHA survey in April. Our EMTALA survey returned with no deficiencies. The preliminary results of the OSHA survey are listing one citation, rated "Other than serious". This citation involves the lack of emergency electrical disconnects on the industrial laundry washers. We are still waiting to receive our final determination on this, which is expected to be received in June.

HR Chair Report to the Board for May 2019

The Turnover and Open Positions Reports were reviewed and may be found in the Board Packet.

Minutes

The committee approved the submission of draft, current month, minutes to the monthly board packet. The intent of this is to allow the board to be current instead of seeing what happened two months ago. The provision is that the submission carry the title DRAFT.

Appeal Procedure

The committee was updated on the status of the existing Appeal Procedure. This is a board procedure that has been in existence for more than twenty five years. The topic was discussed but no action imitated or discussed.

Code of Conduct

The board, at the may meeting, voted to send a provision of the existing code of conduct to the HR committee for review. Specifically --- Section VII, Principle 6, Item C. The stated section covers the acceptance of vendor gifts by hospital personnel. Discussion was undertaken. Hospital Staff will review same and bring a proposal back to the full committee at the June meeting. It is anticipated that it may be referred back to the board for the July board meeting.

Telecommuting Agreement

Detailed discussions were conducted concerning why the policy was required and how it would be employed. A number of questions were raised and considered. The agreement will come before the committee for a vote at the June meeting.

Next Meeting of the Committee

The next committee meeting will be June 17, 2019

Human Resources Committee Meeting Monday, May 20th, 2019 3:00 PM – MOB Conference Room AGENDA

TELECOMMUTING AGREEMENT ("AGREEMENT")

BETWEEN

MEMORIAL HOSPITAL OF SWEETWATER COUNTY (MHSC)("EMPLOYER")

AND
 ("EMPLOYEE")

THIS AGREEMENT is entered into by the Employer and Employee effective ______ (date). Both parties acknowledge that sufficient consideration exists for this Agreement in the form of mutual gain and benefit.

THEREFORE, the parties agree as follows:

1) Scope of Agreement

The Employee agrees to perform services for Employer as a telecommuter. As a telecommuter, the Employee will perform his or her job duties from a remote office located in the Employee's personal residence.

The Employee agrees that this Agreement addresses only the terms and conditions of the telecommuting work arrangement. The Employee remains subject to the terms and conditions of employment pursuant to the Employer's policies, job descriptions, procedures, guidelines, and instruction. The Employee's salary, pension, and benefits are not affected by the telecommuting work arrangement, except as follows:

The Employee agrees that notwithstanding the telecommuting work plan, the Employer may from time to time require the Employee's presence at the Employer's main work site for work-related purposes.

- 2)_ The Employee understands and agrees that this Agreement does not guarantee employment for any period of time.
- 3) Modification or Termination of Telecommuting Work Plan

The Employee understands that the telecommuting arrangement is allowed at the discretion of the Employer. The Employer may modify or cease the telecommuting work plan upon verbal of 219 of 424 written notice to the Employee. The Employer will not be liable for costs, damages, or losses resulting from the cessation of the telecommuting arrangement. The Employee may seek modification or termination of the telecommuting arrangement by making a written request to the Employer.

Should either party wish to modify the telecommuting arrangement, the Employer reserves the right to determine what modifications, if any, will be made to the work arrangement. If either

party wishes to discontinue the telecommuting arrangement, the Employer will determine what other job assignment, if any, is available for the Employee at that time.

4) Equipment, Supplies, and Resources

The Employer WILL NOT provide any equipment or supplies for Employee.

The Employee will provide all other resources necessary to the telecommuting work site, including but not limited to: computer, desk, internet connection, printer, paper, furniture, file cabinet(s) with locking mechanisms, utilities, and telephone lines.

The Employee must allow the IT department access to the employees work computer so that IT can review and diagnosis security and remote access issues. Refusal to allow IT access to remote work computer will result in revocation of Employee's remote access into the hospitals systems.

5) Safety and Injury

The Employee agrees to maintain the telecommuting work site in a safe condition, free from hazards and other dangers to the Employee or any other person. The Employee will immediately report any personal injury, or injury to any other person, to the Employer when such injury occurs during working hours or involves any Employer property.

The Employee agrees to be liable for injuries to third persons and/or members of Employee's family on Employee's premises. Employee agrees to indemnify and hold harmless the Employer from any and all claims, demands, or liability resulting from, or arising in connection with, any injury or harm to persons, or damage to property, caused directly or indirectly, by the Employee's willful misconduct or negligence.

6) Confidentiality

The Employee agrees to follow all security and encryption measures to protect any company records or files, including electronic information. The Employee will follow company procedures related to computer use and network access and will store company records, files, or other data in a locked file cabinet. The Employee will not allow anyone other than the Employee to have access to any information related to the Employer's business, including access to Employer property.

7) Work Hours

The Employee's hours of work are Monday through Friday, 8:00 a.m. to 5:00 p.m., with a one-hour unpaid rest or meal period during these hours. The Employee will report worked time to the Employer consistent with the Employer's instructions. The Employee will not perform work outside of the hours specified above without express, prior approval from his supervisor.

8) On-site Visits

Page 220 of 424

The Employee understands that for business purposes, the Employer may conduct on-site visits of the Employee's home work site. The Employee will cooperate with any such visits. At the request of the Employer, the Employee will also fully cooperate with any on-site visit by a third party, including but not limited to any a state or federal agency or the Employer's insurance carrier. When possible, the Employer will try to provide advance notice to the Employee of any on-site visits.

9) Governing Law
Wyoming law will govern the interpretation of this Agreement.
10) Severability
If any of the provisions of this Agreement are found to be unreasonable, unenforceable, or otherwise invalid, the rest of the Agreement will remain in full force and effect.
11) Entire Agreement
This Agreement represents the entire telecommuting agreement between the parties. The Employee is not relying on any verbal or unwritten statement in entering into this Agreement.
12) Modification and Waiver
The terms of this Agreement cannot be modified or waived without a written agreement signed by both parties. The Employer's waiver of the breach of any provision will not be construed as a waiver of any subsequent breach.
Employer's Signature
Date
I affirm by my signature below that I have read this Agreement and understand its subject matter. I affirm that I was given the opportunity to have this Agreement reviewed by my own legal counsel prior to entering into it.

Re: draft Telecommuting Agreement

Comments on the proposed Telecommuting Agreement:

Scope of Agreement (First Paragraph, 2nd Sentence)

After the word "perform" add the words "some or all of" his or her job duties...

Scope of Agreement, (Second Paragraph, 3rd Sentence)

I recommend eliminating the word "pension" as it is not necessary because it is one of the benefits.

Question Regarding the Termination of the Telecommuting Work Plan

If a telecommuting work plan is discontinued and there is no other position for the incumbent, am I correct in assuming that the incumbent employee is terminated with or without cause as an employee-at-will?

IT Access Question

Is the language strong enough should an employee refuse access?

Safety and Injury

First Paragraph...should we add access to the worksite as well...e.g. sidewalks?

Work Hours

Are we sure the work hours will always be 8-5?

Thanks for the opportunity to review.

Marty

RE: draft Telecommuting Agreement

Good Morning,

Thanks for putting this together, Suzan.

I have 2 questions/thoughts:

- From a nursing perspective, 8 5 would be challenging as the same issues that happen from 8 5 happen on a 24 / 7 basis. For instance, if an Infection Prevention nurse worked remotely, infection issues happen 24/7, including nights, weekends and holidays. We also have education needs 24/7. Anyone working remotely for Nursing, or really any clinical department, would need to have flexible hours due to our 24/7 work.
- I would ask that we consider changing 'from home' to 'working off-site' to allow for more flexibility to help meet our 24/7 patient care and employee needs.

Thanks so much!

Ms. Angel Bennet, Director of Materials

Non-Voting Members Absent:

Ms. Suzan Campbell, Chief Legal Exec/General Counsel

Ms. Kari Quickenden, CCO

Dr. Augusto Jamias Dr. Larry Lauridsen

Guests:

Ms. Leslie Taylor, Clinic Director

Ms. Tracie Soller Director of Medical Imaging

Mr. Jim Horan, Director of Facilities

Call Meeting to Order

Mr. Kelsey called the meeting to order.

Approve Meeting Minutes

A motion to approve the meeting minutes of February 27, 2019 as presented was made by Ms. Richardson; second by Mr. Jones. Motion carried.

Capital Requests

Ms. Soller explained capital request FY19-36 & FY19-37 for the Portable X-ray Machines. She explained they would replace the current machines that are 18 years old and breakdown often. The new portable machines are easier to maneuver, have higher resolution digital images and are quieter. Ms. Soller said that this new technology would improve workflow and productivity in the department. Siemens came in with the lower quote over GE Healthcare. The motion to approve the requests to forward to the full Board was made by Mr. Kelsey; second by Mr. Jones. Motion carried.

Mr. Tyler presented FY19-38 for the replacement of QCPR server hardware. He explained that this is for the storage of patient records. It is currently 8-9 years old. The end of life is in July. After this time, this would no longer be supported. Mr. Kelsey noted that two bids were

obtained. Mr. Kelsey made a motion to approve this request from ConvergeOne; second by Mr. Jones.

Financial Report

Monthly Finance Statements & Statistical Data

Ms. Love reviewed the narratives included in the meeting packet. Mr. Kelsey asked if there was any update on the BCBS funds. Mr. Cheese explained that BCBS contacted us 2 weeks ago and told us they were hiring five new people to help process claims. Mr. Cheese said that as of now, they have not received any of the old funds. He said that he wrote them a letter and attached our aging and was waiting for a response. Mr. Cheese did a write-up on our AR problems over the last year. Mr. Kelsey asked that the write-up be emailed to everyone. Ms. Love explained that our Medicare payor mix is increasing. This seems to be the new trend. This will affect how we budget for FY2020.

Mr. Jones asked if there was a budgeted reduction of revenue percentage for the clinic. Ms. Love explained that there is and that it is 45.2%.

Mr. Kelsey asked if there is anything that stands out on the last page of the clinic statistics. Ms. Richardson said that she expected the surgeons to be in the black. Ms. Taylor thought that the Urologists were low.

Mr. Jones asked Ms. Taylor to tell us about the missed billing in the clinic. Ms. Taylor explained that there were approximately \$270,000 charges not billed in the last three months. They had consults that were not being captured. A new report was created to capture these charges. She said that they are implementing many double checks to improve their billing processes. She also said that they are assigning the billing staff certain days of the week to only work on collections to try to bring the days in AR down. The new Phreesia system is improving the collections. She said that the clinic is not being affected by the BCBS problem like the hospital is. She hopes to be down to 42 days in AR by the end of the fiscal year.

Other Business

Mr. Cheese distributed the potential bad debt information for review.

New Business

Financial Forum Discussion

Ms. Richardson and Ms. Love met with the County concerning how to request funds from the maintenance fund. Ms. Richardson said the main concern is that the statute is followed. Ms. Richardson also said that we will probably request around \$2 million for next year's budget. Ms. Love said that the budget is due to the County on April 26th.

Mr. Kelsey had two topics he wanted to bring up. The first topic was concerning our liability insurance with USI. He asked if MHSC had ever hired an independent consultant. Ms. Richardson said that no we have not. Mr. Kelsey suggested that we hire one to go out for bids

for us. He said that this can possibly save the hospital money and they will do all the work reviewing the bids.

Mr. Kelsey also mentioned that our audit is approaching soon. He was wondering how long the lead auditor had been working with MHSC. Ms. Richardson said that she thought he has been with us since 2009. Mr. Kelsey said that it is good practice to change lead auditors at least every 5 years. He asked that this be considered.

With no further business, the meeting adjourned at 5:23PM. Submitted by Jan Layne

OTHER CONSIDERATIONS

Medical Imaging is requesting a dedicated echocardiography machine (heart ultrasound). Currently echocardiography and general ultrasound share equipment that is capable of performing both echocardiography and general ultrasound. Echocardiography and general ultrasound are steadily increasing in volume. Between both modalities, there has been a 16% increase in volume from FY18 to FY19. On average, five echocardiograms are performed per day M-F. On average, 15-20 general ultrasound procedures are performed per day M-F.

Acquisition of an additional echocardiography machine will result in more timely access of patients for exams in both echocardiography and general ultrasound. It will also reduce overtime expenses. An additional echocardiography machine may reduce patients choosing to go elsewhere for echocardiograms and general ultrasound procedures due to the extended wait time resulting in increased procedures and revenue. General ultrasound would be able to add five additional scheduling slots to the daily outpatient schedule with the addition of this equipment. The hospital could expect to see a return on investment in 13 based on solely echocardiogram numbers. It is likely that the return on investment would be realized much sooner when financial considerations such as overtime and improved patient access are considered.

The echocardiogram volume increase is primarily driven by the presence of the U of U Cardiovascular clinic on site several times per week. The equipment is also utilized for U of U Vascular clinic and U of U Maternal Fetal Medicine clinic. These clinics require one machine being out of the department while those clinic patients are scanned resulting in a reduced schedule for our regular outpatients. As we currently only have one piece of equipment capable of performing echocardiograms, our stress echo schedule is severely limited. An additional piece of equipment would enable MHSC to offer more stress echocardiograms based on physician availability.

General ultrasound is adding approximately six patients per day to the schedule resulting in overtime as they await availability of equipment.

Gross patient revenue:

General Ultrasound - Actual YTD through March 2019 is 2,463,942 – Budgeted YTD is 2,236429.27. Echocardiography - Actual YTD through March 2019 is 1,205,464.00 – Budgeted YTD is1044,564.93

In summary, a dedicated echocardiography machine would free up equipment for general ultrasound while allowing echocardiogram patients to be scheduled in a more timely manner.

In an effort to be fiscally conscious, we have selected a refurbished unit which will meet the needs of the patients with no sacrifice in quality of exam.

Refurbished ACUSON SC2000 ultrasound system

All items listed below are included for this system: (See Detailed Technical Specifications at end of Proposal.)

Qty Part No. Item Description

1 11289815

SC2000, 5.0, REFURB BASE CONFIG

The ACUSON SC2000 PRIME ultrasound system offers excellent image quality for both 2D and 3D without compromise and helps increase productivity with one-click knowledge-based measurements, automated protocols and navigational tools. It is the versatile system for your cardiovascular needs, providing the precision and speed clinicians require today.

Premium Standard Features

- PRIME Configuration
- * IN Focus Coherent Technology
- Native TEQ dynamic ultrasound technology (NTEQ)
- * Pediatric Imaging Package
- * eSie Left Heart package
- * eSieScan Workflow Protocols
- * Wireless Connectivity
- * Integrated Gel Warmer

Premium Ultrasound System:

- * Large 21-inch high definition LCD display for easy viewing
- * Floating control panel with lock and Home Base design
- * 2 quick access USB ports on control panel, 3 USB ports on the back of the system and 1 USB port on the bottom right
- * Laser trackball
- * Ergonomic Micro-Pinless connector ports
- * 4 wheel swivel with high-end bearings for improved mobility
- * Rear Handle
- * Ambient, context sensitive lighting
- 2 Terabyte hard drive

System Security:

* McAfee(r) embedded security solution

Qty	Part No.	Item Description	Extended Price	Initial to Accept
1	10854295	6C1 HD Transducer, SC2000 The 6C1 HD high-density array transducer will enhance the ACUSON SC2000(tm) ultrasound system capabilities. It provides not only the imaging capabilities such as B-mode, Color and PW Doppler, Color Doppler Energy (CDE), Tissue Harmonic Imaging (THI) and TEQ(tm) ultrasound technology, but also supports advanced technologies such as Advanced SieClear(tm) spatial compounding. The transducer technology and design support a frequency range of 6MHz to 1.5MHz. Both fundamental and harmonic B-mode frequencies are supported.	+ \$14,000	X

FINANCING: The equipment listed above may be financed through Siemens. Ask us about our full range of financial products that can be tailored to meet your business and cash flow requirements. For further information, please contact your local Sales Representative.

ACCESSORIES: Don't forget to ask us about our line of OEM imaging accessories to complete your purchase. All accessories can be purchased or financed as part of this order. To purchase accessories directly or to receive our accessories catalog, please call us directly at 1-888-222-9944 or contact your local Sales Representative.

COMPLIANCE: Compliance with legal and internal regulations is an integral part of all business processes at Siemens. Possible infringements can be reported to our Helpdesk "Tell us" function at www.siemens.com/tell-us.

Upgrades/Options/Software packages purchased and requiring installation by Siemens must be installed 60 days post shipment. If Siemens' access to the equipment on which such package(s) are to be installed is not made available within 60 days post shipment then invoicing will occur and payment will be due based upon contractual payment terms.

1	1.00	H8018EB	Vivid* E90 v203 Console Package	

Net Price \$101,760.00

The Vivid* E90 v203 Console Package includes:

- One (1) Vivid E90 w/OLED monitor v203 Console
- One (1) ECG cable and lead set
- Three (3) days of Clinical Applications training

The Vivid E90 combines the proven breadth, quality and performance of the Vivid product line with a new and revolutionary software based image processing platform: cSound*. The Vivid E90 is GE cardiovascular ultrasound's 2D leadership scanner. The system is designed to excel in adult 2D cardiac imaging, as well as in the following clinical application areas: pediatric cardiac, fetal/obstetrics, abdominal (incl. renal, GYN/Pelvic), pediatrics, small organ (incl. breasts, testes and thyroid), adult and neonatal cephalic, peripheral vascular, musculoskeletal conventional, musculoskeletal superficial, urology/prostate, transesophageal, transrectal, transvaginal and intraoperative (incl. vascular, thoracic/cardiac and abdominal). The Vivid E90 is delivered with a high quality 22" high resolution wide screen OLED monitor as standard for optimal spatial and dynamic resolution.

System Architecture

GE's exclusive, programmable and flexible beamforming technology, cSound, provides exceptional image quality and power compared to conventional GE hardware-based beam forming technology. In 2D, cSound offers true confocal imaging without the limitation of focal zones or sacrifice of frame rate and spatial resolution. Using both coherent and harmonic image processing, the system provides computational power, ease of imaging, workflow flexibility and product upgradeability.

The Vivid E90 excels in the following areas:

Exceptional image quality is created through the use of True Confocal Imaging. True Confocal Imaging is enabled by the cSound platform taking advantage of advanced software based image reconstruction and state of the art graphics computer technology. The Vivid E90 combines Ultra Definition Clarity filtering, HD Imaging (optimal resolution, penetration and image uniformity), Adaptive Contrast Enhancement (ACE) and virtual apex (larger field of view) to deliver a new standard of care in cardiovascular ultrasound image quality.

Probe technology

The XDclear series of probes are designed to help deliver powerful and efficient sound waves, with high bandwidth and efficiency. XDclear probe technology provides impressive deep penetration and high sensitivity while maintaining high spatial resolution. The combination of Single Crystal, Acoustic Amplifier and Cool Stack technology forms the core technology of the XDclear series of probes.

Ease of Use features make the Vivid E90 a very productive cardiovascular ultrasound system. The addition of a high resolution touch panel, combined with the familiar user interface of the Vivid product line gives both new and existing Vivid users an easy and effortless start to learning this new scanner. Additional ease of use for the operator in 2D imaging is provided by the cSound technology delivering auto optimized excellent image quality with minimal manipulation along with automated tools like Auto EF 2.0 with AI based View recognition, AFI 2.0 with AI based View recognition, AFI Stress, QuickApps, Cardiac Auto Doppler, Myocardial Work, Blood Speckle Imaging and Scan Assist Pro.

Ergonomic features include a highly portable user adaptable design with electronic adjustable height and keyboard, articulating and height adjustable monitor arm, and lightweight transducers combining to make the Vivid E90 an extremely ergonomic-friendly

Agreement Expiration Date: 8/18/2019

cardiovascular ultrasound system.

The cSound platform takes GE's Raw Data to a new level. For image processing and reconstruction, the Vivid E90 utilizes more than 100 times the data compared to its predecessor. Additionally, the Vivid E90 uses an innovative data format technology that allows for advanced processing on archived images by applying many of the same scan controls and advanced quantitative tools as are available during the original exam.

Standard configuration includes:

- o 3 days of clinical applications training
- o Scan Assist (2D stress/CRT protocols)
- o Scan Assist Pro (protocol driven exams)
- o UD Clarity
- o HD Imaging
- o CPI
- o AMM/Curved AMM
- o TVI/Tissue Tracking
- o Auto Optimization (2D)
- o ASO
- o Compound
- o True Confocal Imaging
- o Virtual apex imaging
- o Virtual convex imaging
- o Adaptive Contrast Enhancement (ACE)
- o Extended Field of View (LOGIQView)
- o Q-Analysis: Qstress/QTVI/QContrast
- o Advanced Vascular (BTI/BFI/Speckle Reduce)
- o Z Scores for pediatrics
- o DICOM® Media (embedded viewer requires optional purchase)
- o DICOM SR (Cardiac/Pediatrics/Vascular)
- o Heart Failure Report
- o DICOM Connectivity Pack (Modality Worklist/Print/Storage)
- o EchoPAC*/Patient Archive Report Designer/Statement Engine/Normal Values/E-Sign-off Communication (this is software residing on the Vivid E95 Scanner and is not separate workstation software)
- o Configurable prospective/retrospective capture
- o LVO Contrast included as a QuickApps
- o Enhanced security features (Disk Encryption, LDAP, secure password policies)
- o QuickApps
- o Cardiac Auto Doppler
- o Ability to transfer Systole Only in stress to PACs
- o Selectable raw data transfer to PACS including AI based automatic View Recognition
- o Windows 10 operating system
- o White listing

The following options are available for purchase:

- o Vascular Contrast (optional purchase)
- o Stress (optional purchase)
- o AFI 2.0 (AFI, AFI w/TEE, Peak Strain Dispersion) (optional purchase)
- o Auto EF2.0 (optional purchase)

5	1.00	H8018EL	Vivid* E90 Advanced Bundle v203

Net Price \$13,200.00

Page **5** of **16** GE Healthcare Confidential and Proprietary

Quote Number: 2006033771.2

Customer ID: 1-23LBLM

Agreement Expiration Date: 8/18/2019

The Vivid* E90 Advanced Bundle v203 option includes the following software options:

- Advanced Oscan
- Stress
- Auto EF 2.0
- AFI 2.0
- External ECG Cable Set

Advanced QScan Imaging is a package of Doppler based Left Ventricular quantification tools. Includes TSI (Tissue Synchronization Imaging), Advanced TSI, Strain and Strain Rate Imaging.

Stress option includes support for treadmill, bicycle and pharmacological stress protocols, including a continuous capture mode for acquisition and selection of projection views. Note: 4D Stress is included in the basic offering of Vivid E90 and Vivid E95 and does not require this option to work.

Auto EF 2.0 is the second generation automated 2D Ejection Fraction Measurement tool based upon a 2D-Speckle tracking algorithm. ROI editing is enhanced in Auto EF 2.0. The tool is integrated into the M&A package with specialized report templates. Auto EF 2.0 includes AI based View Recognition, enabling images to be automatically labelled, with the labels being used to simplify the workflow of Auto EF 2.0.

AFI 2.0 is the second-generation parametric imaging tool giving quantitative data for global and segmental strain. It allows a complete assessment at a glance by combining the 3 longitudinal views into one comprehensive selectable bulls-eye view, including one according to the ASE standard. AFI 2.0 is integrated into the M&A package with specialized report templates. The option provides enhanced and simplified workflow with adaptive ROI width, simplified ROI editing, selectable full wall/endocardial strain calculation, display of ejection fraction, DICOM export, and "Easy AFI"; the ability to exit the tool after only have analyzed one or two views (only global strain supported). Standard TTE AFI, TriPlane AFI and AFI with TEE are all supported. AFI 2.0 includes AI based View Recognition, enabling images to be automatically labelled, with the labels being used to simplify the workflow of AFI 2.0.

The External ECG Cable set provides various cables and connectors to enable connection of ECG from stress treadmills and ECG monitors to our Vivid E90 and Vivid E95.

OTHER CONSIDERATIONS

This request is to replace the current security camera system at the hospital.

The project consists of replacing the cameras as well as installing new network cabling and connecting everything to an ethernet based digital video recording system.

Notes:

The current CCTV system was installed in 2001 and the security department has continued to piece together the current system. We currently have 16 cameras that are on coax cable, utilizing outdated technology. The cameras utilize 4 different recording appliances throughout the hospital, each one utilizing different software. The current system can keep between 4-6 days of video before it is purged.

The security department feels it is important to replace the current system with updated technology and improved image quality.

The current system is 17 years old and has reached its end of useful life. They security department has replaced a few cameras over the years, but the system is very outdated.

The security department currently utilizes 36 cameras strategically located through the hospital and MOB. The main goal of the security department is to maintain the safety and security of all employees, patients, and community members within our facility.

DESCRIPTION

Outdoor LAB

Samsung 2MP, Bullet Camera with IR, D/N, Varifocal 4-16mm Lens, WDR ***Located on N-E corner Covering Main Entrance Drive Thru***

Outdoor ER

- 1 Samsung Multi-sensor Multi-Directional dome camera, (5MP X 4 sensors) 20MP Multi-Sensor 180-360 degree
- 1 Cap adapter for 20MP Multi-sensor Camera Wall Adapter Mount
- 1 Corner Mount
- Gooseneck Wall Adapter

Located on N-W corner covering parking areas

- 47 WAVE Professional License, includes life-time SW upgrade. No annual & maintenance cost required.
- 7 Cat6 Plenum
- 1 Installation, Configuration, Programming and Training
- 1 Misc installation parts
- 4 Per Diem

Lump Sum Total:

\$40,310.00

36 Month Maintenance Option:

Maintenance includes scheduled semi annual inspections and software upgrades and repairs as necessary or required for optimal system operation.

Add to Lump Sum Total;

\$4,107.00

Exclusions: Recording Server, Work Stations, POE Switches, Patch Panels and Fiber Optic networking to be provided by customer.

OTHER CONSIDERATIONS

Our last section of original roof to replace. It has been the cause for continual leakage and repair. It is long past its expected lifespan. Due to the age of the roofing, moisture has been able to penetrate the building and roof system. Flashing and membrane need to be replaced due to damage from age and weather.	
County maintenance funds will be used for this project.	
Two proposals received:	
Clark's Quality Roofing - \$91,570 + railing \$4,480 = 96,050 CentiMark - \$182,844 + railing \$6,434 = \$189,278

Project Preparation

- Perform a pre-job meeting to determine jobsite logistics and safety requirements.
- · Furnish proposed construction schedule, if required.

Safety Related

- Furnish and install proper safety equipment in accordance with OSHA standards.
- Furnish and install warning lines to identified areas associated with ground related roofing activities.
- Store roofing materials in accordance with good roofing practices. Materials will be placed to distribute weight loads evenly throughout the entire roof area

Employee Professionalism

 All work shall be performed in a safe, professional manner in compliance with Clark's Quality Roofing policy.

Permits

Contractor shall supply the necessary permits for the project.

Nightly Tie-In's

Temporary water cut-offs are to be constructed at the end of each working day to protect the newly
installed roof system and building interior. Any damage to the interior as a result from leaks
originating from roofing tie-ins will be the responsibility of the contractor.

Clean Up

 All work premises shall be cleaned daily during the construction process and at the completion of the project.

Job Acceptance and Punch List

• Conduct a post job walk through for final sign-off of job completion. All punch-list items shall be corrected before final payment is made.

The terms and conditions listed on this and the following page are also an integral part of this proposal and will be incorporated into any future contract. If any additional contracts or documents are required beyond this proposal then an additional \$600.00 will be added to the proposed price. No waiver of subrogation will be given unless specifically negotiated prior to acceptance of the bid.

The following terms & conditions are agreed to:

- 1. All Work to be completed in a workmanlike manner according to standard roofing practices and manufacturer's specifications.
- 2. The customer agrees to provide access to the building and allow suitable ground access for staging and set-up, and will provide electricity and water if necessary, in performance of work.
- 3. CQR will inform the customer of any unforeseen conditions, which the roofing crew may uncover, that may affect the work. The customer can then have CQR correct the condition(s) under a change order or have a qualified contractor perform the work. The customer acknowledges that CQR is neither an engineer nor an architect and that only defects will be reported.
- 4. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate.
- 5. CQR's scope of work does not include the identification, detection, abatement, encapsulation or removal of asbestos or any other hazardous materials. If any such product or materials is encountered and identified by anyone in the course of this work, CQR shall have the right to discontinue work until such products, materials, or hazards are removed or until it is determined that no hazard exists. Remobilization fees and time delays will be the responsibility of the customer.
- 6. The customer will be fully responsible for the identification of and removal of mold or mold spores found within the structure resultant from moisture either before or after the work covered under this proposal. The customer also agrees that no warranty, either expressed or implied, covers any mold or mold spore removal. The customer further agrees to be fully responsible for any health conditions caused by mold or mold spores present either before or after the work covered by this proposal.
- 7. The following items of work are not included in the scope unless specifically identified elsewhere in this proposal: Deck repair or replacement. Snow, ice, or moisture removal. Work of other trades including carpentry, painting, skylight repair/replacement, plumbing, electrical, structural, alterations required by local building codes, Re-sloping roof surface through either tapered insulation or structural modification, or returning after substantial completion of an area to complete detail at roof top protrusions not installed before roof installation. Damage caused by other trades is not the responsibility of CQR.
- 8. A contractor's warranty as specified by State law is given where applicable. No other warranty, either expressed or implied is provided unless specifically outlined in writing above. The customer agrees to afford CQR reasonable opportunities to remedy deficiencies in the work thru prompt notification of any leaks and by providing access to work. Maintenance of the building is the responsibility of the customer. This should include periodic professional inspection of the roof surface, caulking of sheet metal components, prompt correction of defects not covered by any warranties, if any and prompt notification of any and all defects covered by any warranties.
- 9. CQR reserves the right to commence or delay work when or until weather conditions are such as to insure proper installation or roofing system. Furthermore CQR will set the construction schedule unless specific schedule is otherwise defined above.
- 10. Completion of the work is contingent upon labor strikes, material availability, accidents, delays, inclement weather conditions or other causes beyond our control.
- 11. Customer agrees to carry fire, tornado, hail, windstorm, and other necessary insurance on this project. CQR will carry workers compensation and general liability insurance during the course of this project. The customer will relocate and/or provide insurance coverage for any expensive or unusual contents of the building.
- 12. Terms of payment are Net 15 unless otherwise stipulated above. Monthly progress billings may be issued during the course of this job. Finance charges of 1.5% per month (18% APR) may be added to any unpaid balance. In the event this account becomes delinquent, reasonable attorney fees, collection charges and lien filling fees will be paid by customer.
- 13. All surplus materials at the end of the job will be deemed property of Clark's Quality Roofing or its subcontractors.
- 14. If accepted, this proposal will be incorporated into any other contract document.

Acceptance of Proposal: The above price, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. This proposal may be withdrawn by CQR if not accepted within 30 days.

Ι,	accept the above proposal.

Project Preparation:

Perform a pre-job meeting to determine jobsite logistics and safety requirements.

Furnish proposed construction schedule, if needed.

Furnish and install temporary rooftop chute assembly for debris removal.

Furnish and install proper safety equipment in accordance with Centimark's written safety program.

Safety Related

Furnish and install warning lines to identified areas associated with ground related roofing activities.

Store roofing materials in accordance with good roofing practices. Material placement will be to distribute weight loads throughout the entire roof area.

Surface Preparation:

Snow removal is not included in this proposal.

Remove and dispose of existing roof down to structural deck.

Removal of existing roof will be limited to an amount that can be replaced the same day.

Inspect existing structural deck for deterioration.

Visually inspect the existing concrete deck. If any is found not capable of providing an acceptable substrate for the installation of the new roof it will be brought to the owner's attention and a plan to resolve will be more comprehensively discussed at that time.

Remove roof top equipment (2 ea. roof hatches) as designated by Owner. Furnish and install deck material and rigid insulation to replace void left by equipment removed.

Remove and dispose of existing pitch pan(s) as needed.

Remove existing sheet metal copings and dispose of debris.

Remove existing wall flashings to a workable surface and dispose of debris.

Insulation Attachment:

Furnish and install 10,687 square feet of a tapered EPS insulation system with a slope of 1/4" per foot. The system will have a minimum starting thickness of .5". The method of attachment for the tapered insulation system will be low rise foam adhesives.

2" ISO will be used to fill the void on the interior of the parapet wall to prevent tenting/bridging.

CentiMark Confidential- Version: 278258.1.2

Furnish and install one layer of 1/2" Securock, over a prepared substrate utilizing an application of low rise foam adhesives.

System Application:

Furnish a CentiMark 60 mil, non-reinforced, EPDM roofing membrane.

Position the EPDM membrane over the newly prepared substrate and allow the membrane sufficient time to "relax" prior to installation.

Adhere EPDM membrane to the prepared surface.

The seam shall overlap by no less than 6", solidly primed and sealed with butyl based seam tape.

HVAC, Curbed Penetrations and other Air Handling Unit Details

Furnish and install a 6" wide laminated reinforcement perimeter strip at the base of the curb. Adhere the EPDM membrane up the curb using a bonding adhesive. All corners will then be completed with uncured EPDM rubber flashing.

Parapet Wall Detail

Furnish and install a 6" wide laminated reinforcement perimeter strip at the base of the wall. Adhere the EPDM membrane up and over the top of the parapet wall and install a new metal coping.

Pipes Less Than 6" In Diameter

Furnish and install new prefabricated rubber pipe boot secured at the top with a stainless steel screw type clamp adhered to the field sheet.

Stacks Greater Than 6" In Diameter

Furnish and install 60 mil EPDM uncured flashing.

Furnish and install 60 mil EPDM uncured flashing at roof projections.

Furnish and install new pitch pan(s) and/or ChemCurb(s) as needed.

New pitch pan(s) and/or ChemCurb(s) shall be installed utilizing mechanical fasteners and/or adhesives and topped with sealant.

Furnish and install EPDM uncured flashing to meet the dimensions of the pitch pan(s).

Furnish and install sealants to detail projections as needed.

Sheet Metal Accessories:

Furnish and install new drain assembly(s) as needed.

Furnish and install new 24 gauge pre-finished galvanized steel coping with continuous cleat on exterior perimeter walls only. Choice of color to be selected by owner from a standard color chart.

Standard Operating Procedures:

Employee Professionalism

All work shall be performed in a safe, professional manner in compliance with Centimark policy.

Permits

This proposal is contingent upon city/county approval for CentiMark's scope of work.

CentiMark will supply the necessary permits for the project.

Nightly Tie-In's

CentiMark Confidential- Version: 278258.1.2

Depending on new roof system being installed, temporary water cut-offs are to be constructed at the end of each working day to protect the newly installed roof system and building interior.

Clean Up

All work premises will be cleaned daily during the construction process and at the completion of the project.

Job Acceptance and Punch List

Conduct a post job walk through for final sign-off of our job completion form.

Warranty

Upon purchase of the roofing system, you become entitled to receive the benefits of single source responsibility through **CentiMark's** comprehensive written warranty. This warranty protects your roof against defects in materials or workmanship. If your roof leaks at any time during the warranty period, we will provide complete warranty service.

Quote Name	Section Name	Length
Memorial Hospital EPS EPDM SR FA	ICU	20

CentiMark Corporation disclaims any and all responsibility for pre-existing conditions including, but not limited to: structural damage or deficiencies, clogged drains, mold growth, excessive standing water, removal of hazardous material or other hidden deficiencies such as; damaged or leaking skylights, HVAC units/conduits, electrical or gas lines. This proposal does not cover, and in no case shall CentiMark be liable for, the removal of, or damage to, HVAC units/conduits, gas lines, water lines, electric lines, or conduits, whether located above, below, or in the roof system, lightning protection systems, landscaping, communication cable, communication devices, or other devices, including recalibration of satellites. It is the building owner's financial obligation to provide corrective measures.

Standard terms: One-third (1/3) of the contract price due at the job start and the balance due net thirty (30) upon job completion, unless otherwise agreed to in the contract document. (Special terms are available upon request)

The quotes appearing in this Proposal have been calculated based on current prices for the component building materials. However, the market for building materials is considered to be volatile, and sudden price increases could occur through no fault of CentiMark. Since the quotes are material terms of this Proposal, CentiMark exclusively reserves the right to revoke, without written notice, the quotes at any time prior to a valid purchase order or fully executed contract.

This quote does not include any supplemental deck attachment as may be required by Factory Mutual Global (FM). Please note that should FM and/or you require such deck attachment, additional costs will be estimated and added as a separate item to the overall cost of this project.

STAGO COMPACT MAX; This is a coagulation analyzer, perfect for performing testing in our mid-size laboratory. We would like to acquire the new analyzer, use the current Compact Max analyzer as our backup and trade in the Stago Satellite, the current back up analyzer. Having two of the same analyzers will increase consistency for required laboratory protocols such as competencies, correlations, and establishing geo-means. We would also like to bring in a new and preferred test for heparin protocol and the acquisition of this analyzer will help facilitate that.

OTHER CONSIDERATIONS

This analyzer performs coagulation testing for our patients. This includes PT/INR, PTT, Fibrinogen and D-dimer. These are tests used to monitor cournadin and heparin therapy, and aid in the diagnosis of bleeding disorders and other serious conditions. This analyzer is used on a 24/7 basis to perform about 6000-7000 tests yearly. Pricing is submitted for two comparative analyzers. The preferred vendor is Stago for the following reasons: Stago is recommended by our Medical Director, Dr. Karn. Stago gives us the ability to keep our current analyzer as a backup. Stago will give us trade in value of 7,500 for our current back up analyzer. Stago pricing is lower than the comparative bid from ACL. With Stago, we can use our current interface. There will be no need to incur additional costs associated with a new interface. Staff is familiar with Stago, the transition to a new analyzer will be seamless. The purchase of the Stago analyzer will assist in meeting regulatory requirements. Currently, our back up and primary analyzer are made by the same manufacturer, but are not the same analyzer. Acquiring two of the same analyzers will allow for seamless transitions during downtimes. Our current analyzer can function as our back up and the new one will be considered the primary. The same platform will also minimize on-going training, and help streamline and standardize regulatory competencies, correlations and establishment of geometric means. These are all regulatory requirements, surveyed every other year by the Joint Commission. Other advantages for purchasing this new analyzer include; 1. A training slot is available at no additional cost with the purchase of a new instrument. The ability to have current education on a highly specialized analyzer is especially valuable with our mature staffing. 2. The addition of a new assay, Anti Heparin-Xa, to assist in heparin monitoring. The training slot available to us at no cost will assist in the onboarding of 3. Hardware and software upgrades to the current system. A new hardware feature is a cap piercer, a valuable addition that can result in decreased downtime. Upgraded software for the new and current analyzer will be more user friendly and aid with Quality Control documentation and peer reports. 4. No additional interface charges incurred with the purchase of this analyzer. The same interface can be used for both primary and secondary analyzer, resulting in seamless reporting during downtimes. Also, this becomes especially important as the current electronic record may change in the future. The ability to have a seamless transition to a new analyzer without an additional interface charge results in cost savings to the hospital. 5. This is Intalere pricing, the best pricing available for our Hospital buyer's group. 6. Trade in value for our current backup analyzer, the Stago Satellite, is included in the pricing. 7. One year warranty for service is included with the purchase of the analyzer. Submitted by Mary Fischer, MT(ASCP) 5.24.2019

AGREEMENT FOR THE SUPPLY OF REAGENTS & DISPOSABLES, INSTRUMENTS & SERVICE

SIGNATURE PAGE

This Agreement is entered into by and between **Diagnostica Stago Inc.**, a Delaware corporation with its principal place of business at Five Century Drive, Parsippany, NJ 07054 (hereafter "Stago U.S."), and the **Customer**, as identified hereunder, together referred to as the "Parties" and individually as a "Party."

prings, WY 82901

Stago U.S. is the exclusive distributor in the United States of America of DIAGNOSTICA STAGO's hemostasis and coagulation in vitro diagnostic reagents ("Reagents"), instruments ("Instruments"), disposable and consumable items ("Disposables"), spare parts and accessories ("Accessories") as well as related services (collectively referred to as "Products").

Customer wishes to purchase or rent or lease certain Products as provided for in this Agreement.

In addition to the present Signature Page, this Agreement is composed of the following sections, which are attached and incorporated herein by reference:

- PRODUCT SELECTION
- FINANCIAL OPTIONS
- SERVICE TERMS
- COMMERCIAL TERMS
- LEGAL TERMS
- ADDITIONAL ITEMS AND/OR SERVICES

Each person signing below certifies that he/she is duly authorized to sign this Agreement and bind the respective Party to the terms herein.

FINANCIAL OPTIONS

INSTRUMENT CAPITAL PURCHASE

Under the Instrument Capital Purchase,

- a) Stago U.S. agrees to sell to Customer the Instrument(s) listed in the Product Selection Section.
- b) Stago U.S. agrees to provide to Customer the Warranty and Post Warranty Services, if any, as indicated in the Product Selection Single Site and Service Terms Sections.
- c) Customer agrees to purchase, through a single payment, the Instrument(s) at the Customer price indicated in the Product Selection Section.
- d) Customer agrees to pay for the Annual Service Price, as indicated in the Service Terms Section, for the selected Post Warranty Service, if any, with the pricing provided in the Service Terms Section being applicable only for the first year immediately following expiration of the Warranty Period.

SERVICE TERMS

Under all Service Plans, Stago U.S. provides 24 Hours / 7 days toll-free STA System Hotline Support by calling **800-725-0607**. In the event of an incident, Customer shall call Hotline Support. A Hotline Agent will be responsible for providing Customer with troubleshooting assistance and determining if field intervention is required. Any unnecessary field dispatches may result in Customer being invoiced Stago U.S.'s standard rate for field intervention. Such unnecessary field dispatches include, but are not limited to, changing toner, paper jams, and loading paper.

All replacement parts (excluding Disposables and Accessories listed hereafter) have a 90 days warranty from date of installation.

Any service provided after the expiration of the Warranty period and in the absence of one of the Post Warranty Service Plans or beyond the respective terms of service hereunder shall be invoiced to Customer on the basis of Stago U.S.'s then current price-list. Stago U.S.'s hourly rate is \$450.00 per hour (with a four-hour minimum charge). Weekend, night and holiday service will be charged at time and a half. These charges will be billed directly to, and are the responsibility of, the facility where the Instrument is located.

The total annual post warranty service price shall be invoiced at the beginning of each contract year. On request, Stago U.S. can quote service price for quarterly or monthly invoicing.

Each Service Plan offered by Stago U.S. for automated Instruments includes a preventive maintenance visit:

- Every six months for STA Compact Max instruments, with or without Cap Piercing;

Included in Service Plan	Plan A Comprehensive	Plan B Basic	Plan C Preventive Maintenance
Unlimited service calls with on-site response within 24 hours (7 days a week)	Yes		
Unlimited service calls with on-site response within 24 hours (Monday to Friday 8:00 AM to 5:00 PM local time, exclusive of holidays)		Yes	
All repairs are invoiced to Customer on the basis of Stago U.S.'s then current price-list			Yes
Travel and labor included	Yes	Yes	
All replacement parts are covered (except Disposables and Accessories listed hereafter)	Yes	Yes	
If the Hotline Agent is unsuccessful with troubleshooting any of the monitors, printers & keyboards supplied hereunder (collectively "Peripherals"), Customer is entitled to the replacement of such Peripheral, within the limit of a one-time replacement per 12 month service period	Yes	Yes

COMMERCIAL TERMS

ARTICLE C – 1 PAYMENTS – Terms of payment are net 30 days from the date of Stago U.S.'s invoice.

Customer waives the right to assert any incorrect billing which is not reported to Stago U.S.'s Customer Care Department within 90 days after the invoice date.

Payments shall be made either by check mailed to Stago U.S. at P.O. Box 416347, Boston, MA 02241-6347 or by ACH

(Automated Clearing House), at Customer's option.

Past due amounts shall accrue interest at the rate of one and one half percent per month from the due date until paid or the lesser maximum amount permitted by law.

Stago U.S. will not bill third party providers for payments due hereunder.

ARTICLE C – 2 <u>DELIVERY</u> – Products are delivered FOB destination, with freight prepaid and absorbed in the invoice only for Products shipped against any quarterly standing order. Customer will be responsible for all freight charges incurred with Instrument delivery as well as casual or emergency orders. Delivery of the Products (hereafter "Delivery") shall be deemed to have occurred when the Products are handed over to the Customer.

Notwithstanding anything to the contrary contained herein or in any purchase order, Stago U.S. does not guarantee the date of delivery of any Products, and any dates which may be provided to Customer by Stago U.S. concerning delivery are merely non-binding estimates based upon stock availability which will in no event constitute a commitment by Stago U.S. to deliver Products by a certain date.

If Customer fails to object to any shortage or nonconformity of Products with specifications within 30 days after Delivery, Customer shall be deemed to have accepted such Products.

ARTICLE C - 3 LIMITED WARRANTY AND POST WARRANTY SERVICE

Stago U.S. warrants that the Products delivered under this Agreement shall be free from defects in material and workmanship and shall conform to Stago U.S.'s specifications as specified in the package inserts and/or User's Guide and/or Operator's Manual when delivered by Stago U.S.

Such limited warranty for Instruments commences on the Instrument's Live Date as defined under Article "INSTRUMENT INSTALLATION" and continues for twelve months.

Such limited warranty for Reagents is valid during the shelf life of the delivered Reagents.

Stago U.S. will supply Warranty and Post Warranty Service to Customer as selected in the Product Selection – Single Site Section and in accordance with the terms of the Service Terms Section.

Customer's sole remedy and Stago U.S.'s sole obligation under this Warranty shall be, at Stago U.S.'s option, either to: (a) repair the Product or (b) in case the Product cannot be repaired, upon the return of the Product in accordance with Stago U.S.'s policy for return of goods, either (i) refund the full price paid for such Products, including shipping charges, or (ii) replace the defective Product with Products conforming to Stago U.S.'s then-current specifications for similar Products, under terms similar to those of this Agreement.

During the initial twelve months of Instrument Warranty period, Stago U.S. will warrant that Customer's monitor, printer, Uninterruptible Power Supply ("UPS"), and Power Conditioners supplied hereunder will perform in accordance with manufacturer's specifications.

At no time are non-Stago U.S. trained technicians / engineers permitted to make repairs to Stago instruments.

Limited Warranty and Post Warranty Service Exclusion: Stago U.S. shall be relieved of its obligations under the Warranty and Post Warranty Service and shall not be held liable for any damages whatsoever in case of failure to follow Stago U.S.'s instructions for operation of the Product; use of procedures that are not set forth by Stago U.S. or its supplier; use of reagents or disposables other than those distributed by Stago U.S.; failure to use the Instruments on their own dedicated power line; failure to comply with manufacturer's appropriate environment and space requirements; failure to perform maintenance, calibration and support operations set forth in the Operator Manual; or misuse, improper storage or abuse of Product.

EXCEPT TO THE EXTENT OF THE LIMITED WARRANTY SPECIFICALLY SET FORTH ABOVE IN THIS ARTICLE NOTWITHSTANDING ANY PROVISION TO THE CONTRARY CONTAINED HEREIN OR IN ANY OTHER DOCUMENT, NO WARRANTY OR GUARANTEE, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE, IS MADE.

NEITHER PARTY WILL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, EXEMPLARY, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, OR FOR BUSINESS INTERRUPTION, LOSS OF PROFITS, REVENUE, BUSINESS INFORMATION OR DATA, WHETHER IN AN ACTION IN CONTRACT, TORT, PRODUCT LIABILITY, STATUTE OR OTHERWISE, EVEN IF ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. THIS APPLIES TO ALL CAUSES OF ACTION OR CLAIMS IN THE AGGREGATE, INCLUDING, WITHOUT LIMITATION, BREACH OF CONTRACT, BREACH OF WARRANTY, INDEMNITY, NEGLIGENCE, STRICT LIABILITY, MISREPRESENTATION, FRAUD AND ANY OTHER TORTS, CONTRACT DISPUTES OR COMMERCIAL CLAIMS.

SLS-26-001-Attachment01-B Effective Date: March 21, 2019 Customer may have additional rights under certain laws that do not allow the exclusion of implied warranties, or the exclusion or limitation of certain damages. If such laws apply, those exclusions and limitations may not apply to Customer. However, in those circumstances, all other limitations contained in this Agreement that are not excluded continue to apply to Customer.

- ARTICLE C 4 INSTRUMENT INSTALLATION Stago U.S. shall install any automated Instrument supplied under this Agreement. To organize (i) the Instrument shipment and installation, which together typically take about two weeks, and (ii) additional services as may be provided under the Additional Services Section, which require availability and actions from both Customer's and Stago U.S.'s teams, Customer will need to communicate to Stago U.S. the following documents:
 - 1 This Agreement duly signed by Customer;
 - 2 A Purchase Order confirming the terms of this Agreement; and
 - 3 A completed and signed "Stago Pre-Installation Checklist" (template available on request) confirming that Customer has arranged an appropriate environment for the Instrument's installation, in accordance with the terms of said "Stago Pre-Installation Checklist."

The Instrument's Live Date shall correspond to the date sixty (60) days after completion of the Instrument's installation by

Stago U.S. at Customer's site.

Should Stago U.S. cause a delay of the date as of which the Instrument is ready to be used by Customer, compared to that Instrument's Live Date, then the implementation of the Instrument's Live Date shall be postponed by the length of said delay.

ARTICLE C – 5 INSTRUMENT MAINTAINABILITY – Customer acknowledges and agrees that Stago U.S. shall not be required to supply spare-parts, technical support or assistance for Instruments (hereinafter "Maintainability") after the expiration of a period of seven years following the manufacturing discontinuance of said Instrument's range. Stago U.S. shall notify Customer, as soon as possible, of the cessation of manufacture of a range of Instruments and/or of the cessation of Maintainability of a range of Instruments. Stago U.S. reserves the right, at its sole option, to extend the period of Maintainability of a range of Instruments.

LEGAL TERMS

ARTICLE L – 1 TAXES – Customer is responsible for payment of any federal, state or local sales, use, excise, personal property, or any other taxes, which may be levied or based on any transaction or supply provided for by this Agreement. Customer shall reimburse Stago U.S. on demand for any taxes, fines or penalties paid by Stago U.S. for the account of Customer

Any claim by Customer that it is entitled to an exemption from any taxes must be substantiated by Customer to the satisfaction of Stago U.S., including providing Stago U.S. with an exemption certificate acceptable to Stago U.S.

- ARTICLE L 2 <u>EQUAL OPPORTUNITY CLAUSE</u> Stago U.S. is an equal opportunity employer and federal contractor. Consequently, Stago U.S. shall abide by the requirements of 41 CFR 60-1.4(a), 60-300.5(a) and 60-741.5(a), and the posting requirements of 29 CFR Part 471, appendix A to subpart A, which are incorporated herein by reference, if applicable. These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or veteran status.
- **ARTICLE L 3 DISCLOSURE** Customer acknowledges that discounts, credits, free goods or services, rebates or other things of value which Customer may receive from Stago U.S. under this Agreement constitute a discount or reduction in price for purposes of 42 U.S.C. paragraph 1320a-7b(b)(3)(A). Customer agrees to file all appropriate reports and to properly disclose and reflect all such discounts or price reductions in such reports in connection with state or federal cost reimbursement programs. However, Customer agrees not to disclose the Product prices or the terms and conditions of this Agreement to any person except as required by law.
- **ARTICLE L 4 RESPONSIBILITY** Risk of loss or damage to the Products and responsibility for the Products shall pass to Customer upon Delivery.

If Stago U.S. decides to recall, replace or take other action with respect to any Products, Customer, following Stago U.S.'s written notice, shall immediately cease the use of any unit of Products in its possession or under its control which are subject to the action until Stago U.S. determines the course of action to be taken.

ARTICLE L – 5 FORCE MAJEURE – Notwithstanding anything to the contrary contained in this Agreement, a Party shall not be responsible for any delay in performing its obligations under this Agreement (other than delay in the payment of amounts due and owing) to the extent resulting from an event beyond that Party's reasonable control ("Force Majeure Event"). In the event that any Force Majeure Event delays a Party's performance for more than 90 days, upon notice, the other Party may elect to terminate this Agreement; provided that no such termination shall relieve Customer of its obligations through the date of such termination and all other terms and conditions herein applicable to risk of loss, damage and return of any Products prior to payment in full shall continue to apply.

ARTICLE L – 6 WAIVER, SEVERABILITY & BINDING EFFECT – Any failure by a Party to require the other Party to comply with any provision of this Agreement is not a waiver of such provision or any other provision of this Agreement. If any clause or provision of this Agreement is held to be void or unenforceable as being in violation of any law, such clause or provision shall be deemed modified to the least extent necessary to make it valid and enforceable or, if not possible, will be disregarded, while preserving to the fullest extent possible the intent of the Parties; in such case, the remainder of this Agreement remains unaffected and in full force and effect.

In order to be valid and bind Stago U.S., this Agreement as well as any addition, modification or deletion made to this Agreement must be signed by both Parties and not rescinded in writing by Stago U.S. within 30 days thereafter.

No term proposed by Customer in a Purchase Order or other document that adds to, varies from, or conflicts with this Agreement shall be effective unless expressly and specifically agreed to in writing by Stago U.S.

ARTICLE L - 7 NOTICE – All notices provided for in this Agreement shall be in writing and given by certified mail, return receipt requested, postage prepaid and shall be deemed received five days following the date it is mailed (i) to Stago U.S. at Five Century Drive, Parsippany, NJ 07054, to the attention of the Contract Department or (ii) for Customer, at Customer's address as provided on the Signature Page.

ARTICLE L – 8 CHOICE OF LAW & DISPUTE RESOLUTION – This Agreement shall be deemed to be executed and performed in the State of New York. This Agreement and its enforcement, as well as all related matters, including tort claims, arising directly or indirectly from this Agreement, shall be construed and interpreted in accordance with the laws of the State of New York, without regard to any choice of law rules thereunder, other than New York General Obligations Law Sections 5-1401 and 5-1402. All disputes arising out of or in connection with this Agreement will be settled by one arbitrator sitting in New York City, in accordance with the Commercial Arbitration Rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator may be entered in any Court having jurisdiction over the Parties. The prevailing Party shall be entitled to receive its reasonable attorney's fees and expenses in addition to any other relief granted.

ARTICLE L – 9 CAP PIERCING INSTRUMENT CERTIFICATION — If the STA Compact Max with cap piercing has been selected by Customer under this Agreement, then Customer hereby certifies that it understands and agrees to the following: Due to the nature of cap piercing, liquid level sense and sample collection tube technology (double-walled sample tubes), the Products' manufacturer recommends that all small sample volume 5μL and 7μL tests be run in duplicate. Although there may not be any clinically significant effect on patient results, this procedure will reduce or eliminate any sampling errors that may occur. The tests / reagents included in this procedure are as follows: STA Fibrinogen 5; all clot-based Factor assays; STA Stachrom AT III; STA Staclot Protein C; STA Staclot Protein S; STA Stachrom Plasminogen; and STA Stachrom Antiplasmin. In addition, it is recommended that all sample tube types, prior to running on the Instrument, be tested for compatibility in accordance with Customer's standard laboratory protocol. For example, performing open tube and closed tube comparisons.

Customer shall not create or permit to exist any lien or encumbrance against any leased Instruments or against purchased Products prior to their payment in full to Stago U.S.

ADDITIONAL ITEMS AND/OR SERVICES

TRAINING — At the latest at the time of submission of the completed and signed "Stago Pre-Installation Checklist," Customer shall designate a technologist employed by Customer to attend a training course, to be held, at Stago U.S.'s sole discretion, either at Customer's facility or at the Stago U.S. facility in Parsippany, New Jersey, in the use of the automated Instrument(s) supplied pursuant to this Agreement. For each type of automated instrument supplied pursuant to this Agreement, Customer will be entitled to one training course for its designated technologist, including, if the training is held at Stago U.S.'s facility, tuition, airfare, room and board as well as car service between Newark airport and hotel and during one evening sightseeing trip, but Customer shall in all other respects remain liable for trainees. Customer shall be responsible for all incidental charges such as, but not limited to, mileage; airline baggage fees; parking; tolls; and other car/taxi service. All training must be redeemed within one (1) year of the Instrument's Live Date. Training not redeemed within said one (1) year period will be forfeited. Stago U.S. will provide Customer with in-depth training and tools to perform method verification.

METHOD VERIFICATION ASSISTANCE – Once the Instrument has been installed according to Stago U.S.'s specifications at Customer's facility, Stago U.S. will provide via telephone a Technical Support Specialist to assist in method verification studies, including the review of the protocol, sample requirements, and data analysis. Said method verification studies shall complete the necessary verifications required by CLIA and CAP regulatory agencies and shall cover precision, linearity, current system to new system correlations, as well as establishment of normal and therapeutic ranges. Customer shall not report results from any Instrument until Customer has completed the verification and validation of data generated during the method verification process.

Customer shall provide all necessary samples for method verification and lot number conversions of chosen test menu. Stago U.S. will supply an accessory kit with the initial delivery and installation of any automated Instrument provided hereunder.

LABORATORY INFORMATION SYSTEM (LIS) INTERFACE – If the Parties agree, as specified in the Product Selection Section, that a financial allowance is available from Stago U.S. towards the purchase of a Laboratory Information System (LIS) interface (with said interface being provided to Customer by a third-party vendor), then the following shall apply:

1) Customer will need to have such LIS interface installed within one (1) year after the Instrument's Live Date; and

2) Up to the maximum amount of the financial allowance:

a) Stago U.S. shall pay the corresponding invoice when billed directly from the LIS interface vendor; or

b) When Stago U.S. receives a copy of the LIS interface vendor's corresponding invoice no later than one (1) year after the Instrument's Live Date along with proof of payment by the Customer, Stago U.S. shall either reimburse the actual cost of the LIS interface (excluding freight & maintenance) to Customer or provide Customer with a reagent credit for said cost.

Therefore, any LIS interface cost above and beyond the amount of the financial allowance and/or incurred more than one (1) year after the Instrument's Live Date shall remain the responsibility of Customer.

WORKSTATION & MIDDLEWARE SOLUTIONS BY STAGO

If Customer has selected an Instrument which includes STA COAG EXPERT, Customer will be provided with a computer on which STA COAG EXPERT will be installed. Said computer workstation does not have anti-virus software installed. Customer is responsible for the installation and maintenance of any anti-virus software on said computer. Said workstation may be physically connected to up to four Stago analyzers via RS232 serial cable(s).

Part of the STA COAG EXPERT package is a custom rule generator which may be used to create various custom rules in order to automate data processes within the workstation / middleware. Any custom rules developed (irrespective of any Stago U.S. involvement in such development) are excluded from any Stago U.S. warranty and support. Their validation, use and outcomes are the sole responsibility of Customer. Said rules validation is separate from the Method Verification service offered by Stago U.S.

New STA COAG EXPERT features (soon to be released), such as (i) automatic encrypted uploading of QC data for *MyExpertQC* global peer comparison service, (ii) automated CPRR reporting service, (iii) *Alert.One By Stago* for automatic notifications of maintenance requirements, QC alarms, LIS communication problems and turn-around-time delays (samples waiting to be reviewed, for example), and (iv) remote maintenance services ("RMS"), require that STA COAG EXPERT be connected to Stago servers via a secured Virtual Private Network (VPN) tunnel named *Connect.One By Stago*, over the internet.

Connect. One By Stago-related features are optional. Should the Customer elect to take advantage of these features, Customer hereby understands and recognizes that its use of such features available through Connect. One By Stago means that Customer authorizes such internet connection as well as the access to and recuperation of Customer data through such connection, for the performance of the corresponding services. The Connect. One By Stago connection line shall be configured by Customer in accordance with the information communicated by Stago U.S. so that Customer's data can be

SLS-26-001-Attachment01-B Effective Date: March 21, 2019 securely transmitted. The costs of installing said line shall be borne by Customer.

Customer hereby recognizes and agrees that, if *Connect.One By Stago*-related features are activated, Stago U.S. may use its affiliate Diagnostica Stago, S.A.S. for second level support in the performance of *Connect.One By Stago* services and that said services may require forwarding collected data outside of the United States of America to servers hosted by Stago and/or Cegedim, a healthcare data host located 127 rue d'Aguesseau, 92100 Boulogne-Billancourt, France.

Stago U.S. confirms and warrants that the *MyExpertQC* global peer comparison service, the automated CPRR reporting service and the *Alert.One By Stago* features do not trigger any transmission of any patient information to Stago U.S. or to its affiliates. In addition, Stago U.S. confirms and warrants that the transfer of data as part of these services and features is only outgoing from Customer to Stago (no incoming data to Customer's network, workstations or Instruments).

Stago U.S. also confirms and warrants that the RMS features include audit logs and access controls and that each session will need to be granted by Customer on a case by case basis.

Stago U.S. will ensure that its contractors, subcontractors, agents, and any other individual or entity who are given access to the *Connect.One By Stago* platform or to the data transferred from Customer are bound by written agreement to adhere to privacy, security and confidentiality standards that are as rigorous as those contained in this Agreement.

Alert. One and RMS features are accessible upon authorization from Customer after initialization of Connect. One By Stago. RMS features may involve remote access to some of Customer's data, including, potentially, patient-related data. However, utilization of personal data identifying patients is neither wanted nor intended by Stago U.S. and is not necessary for the provision of any of the Connect. One By Stago services. Nevertheless, Stago U.S. has put in place a framework for its staff that is designed to comply with the HIPAA-HITECH Rules. This includes, for example, HIPAA-HITECH policies and procedures, training and auditing, as well as HIPAA Privacy and Security Rule compliance for Connect. One By Stago services. Stago U.S. and its affiliates will not use or further disclose protected health information other than as permitted or required by this Agreement or as required by law. In the course of providing Services hereunder, Stago U.S. shall safeguard any personal data it receives from Customer in a manner consistent with industry standards and shall comply with applicable data protection laws and regulations. The Parties agree that, once de-identified in conformity with applicable laws and regulations, data received by Stago U.S. and/or its affiliates via the workstation and middleware solutions may be used for statistical or evaluation studies, research and business development.

Customer recognizes the importance of maintaining the security of its RMS account information as well as the importance of logging out of the application when not in use, so as to protect Customer's account. Should Customer identify or suspect any unauthorized use of Customer's account, or otherwise believe that its password has been compromised, Customer will notify Stago U.S. promptly. Customer will take reasonable steps to ensure that STA COAG EXPERT is adequately protected from unauthorized access, loss, theft, alteration, destruction or misuse, such as by ensuring appropriate password management, limiting access rights, using up-to-date antivirus software on its electronic systems, and using intrusion detection mechanisms to identify any security incidents that may impact STA COAG EXPERT. Customer also understands that it is Customer's responsibility, and not that of Stago U.S., to provide patients with any notices or obtain any patient consents in relation to communicating about them via *Connect.One By Stago*.

The use of any software provided as part of the Instrument ("Software"), and in particular as part of the workstation and middleware solutions, shall be governed by the following End-User Software License Terms:

END USER SOFTWARE LICENSE TERMS

BY SIGNING THIS AGREEMENT FOR THE SUPPLY OF REAGENTS & DISPOSABLES, INSTRUMENTS & SERVICE WITH STAGO U.S., CUSTOMER AGREES TO BE BOUND BY THESE SOFTWARE LICENSE TERMS. IF CUSTOMER DOES NOT AGREE WITH THESE SOFTWARE LICENSE TERMS, CUSTOMER MAY NOT HAVE ACCESS TO THE SOFTWARE AND SHOULD NOT SIGN ANY AGREEMENT WHICH PROVIDES FOR THE SUPPLY OF THE SOFTWARE.

OWNERSHIP – Customer agrees that it does not and will not have any title or ownership of the Software other than ownership of the physical media upon which the Software is recorded.

Customer acknowledges and agrees that the Software is copyrighted and protected under copyright laws. The Software is licensed, not sold, for use by Customer. Stago U.S. does not sell or transfer title to the Software to Customer.

USE – Customer is granted a personal, non-transferable and non-exclusive license to use the Software. Customer may only use the Software on the site where it will be initially installed and on the designated computer only. Customer may not reverse engineer or decompile or disassemble the object code of the Software or otherwise attempt directly or indirectly to derive the said code or portions of it unless and to the extent provided by applicable law for interoperability purposes.

Stago U.S. reserves all rights not expressly granted to Customer.

COPIES – Customer may make copies of the Software only for archiving purposes or to replace the defective media upon which the Software is recorded. All copies made must bear the copyright notice(s) contained in or on the original. If Customer uses, copies, or modifies the Software or if Customer transfers possession of any copy, adaptation, transcription, or merged portion of the Software to any other party in any way not expressly authorized by Stago U.S., Customer's license to use the Software is automatically terminated.

TRANSFER OF RIGHTS IN SOFTWARE – Customer may only transfer its rights in the Software to a third party with prior written consent of Stago U.S. and provided Software continues to be used on the same designated computer.

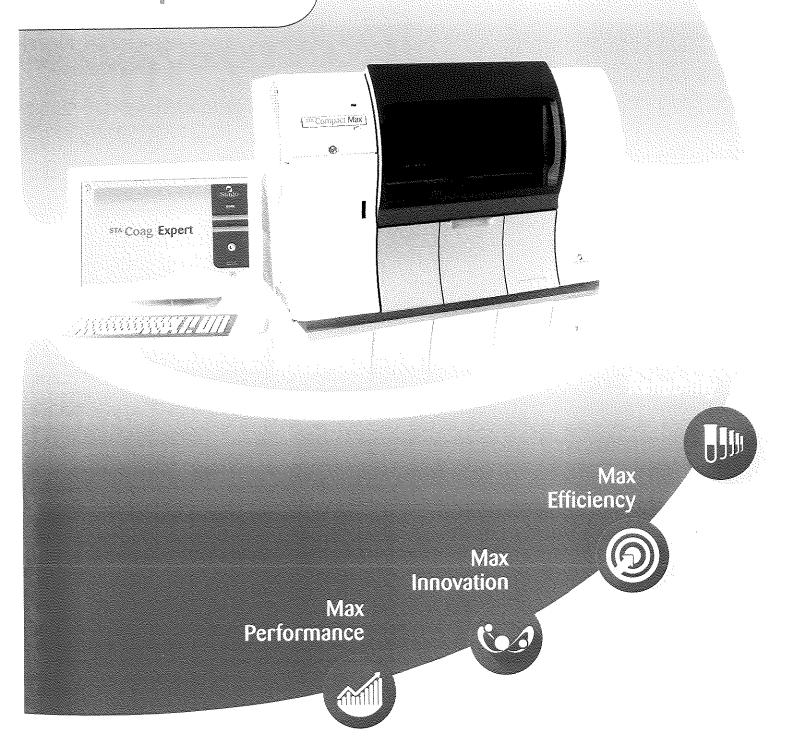

LIMITED WARRANTY AND LIABILITY – Stago U.S. and its affiliates do not warrant that the operation of the Software will be uninterrupted or error-free.

In the event any media upon which the Software is recorded proves to be defective in material and workmanship under normal use during the Instrument's warranty period, Customer's remedy shall be to return the media for replacement.

Neither Stago U.S. nor its directors, officers, employees, agents or affiliates shall be held liable under any warranty or other for any defects, loss or damages resulting from incorrect setting, parameterization or validation of setting (such as but not limited to settings of analysis, doctors, locations dictionaries, analysis and tests definitions), unauthorized Software modification, Software misuse, Software operation outside the environment specification, or interfacing with software or hardware product other than those specified by Stago U.S. or its affiliates.

It is specifically understood and agreed that the interpretation and/or wrongful use of the results obtained using the Software remain under the sole responsibility of Customer.

STA Compact Max

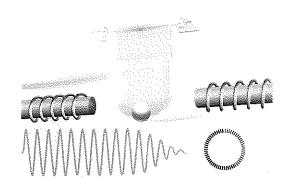

Innovation born from Expertise

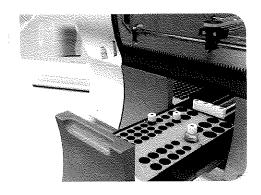

- Viscosity-Based (Mechanical) Detection System consistently delivers accurate results
 - exclusive technology standardized on all Stago systems
 - insensitive to interferences from hemolysis, icteric and lipemic samples
 - ... maximum precision for weak clot detection
- Reliable and robust system for continuous result reporting and increased up-time

- High quality reagents offer maximum sensitivity and reproducibility for all tests
- Environmentally friendly design provides economic savings and reduces bio-hazards
 - limited and self-contained fluidic waste system
 - ··· reduced disposable waste (1 cuvette = 1 test)

Max Efficiency

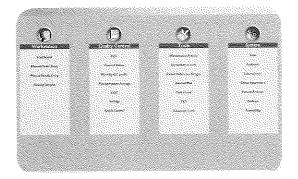

- Routine and specialized tests performed with random access capability
- Positive identification of samples and reagents
- · All common tube sizes accepted
- New, optional 4th generation cap piercing to ensure operator safety and security
- Optimized and reduced user maintenance

- Extensive test menu including a wide range of dedicated reagents, quality controls and calibrators
 - ... with extensive onboard stability
 - ... unique pre-calibration feature for all routine tests
 - ... fully automatic barcoded reagent management (ISI, lot number, expiration date, volume, onboard stability)
- Enhanced throughput for mid-sized laboratories

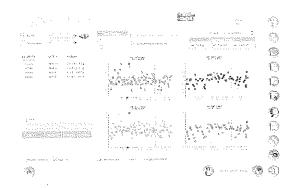

Max Innovation

- Integrated STA Coag Expert® software utilizes expert rules to automate laboratory processes
 - standardizes patient result validation, for increased confidence
 - simplifies complex testing with built in expertise, such as multi-dilution factor assay management
- New hardware design to enhance ergonomics of use and reduces maintenance tasks
- Intuitive graphic user interface ensures a seamless integration for laboratory staff

- Extended traceability enhances regulatory compliance
 - ... complete management of reagents, quality control information and results
 - five years of patient and QC archives stored onboard
 - automated maintenance schedule with real time alerts
- Built-in innovative services offering industry leading accreditation tools, remote diagnostic support, and turnaround time monitoring

Max Performance

- Highest onboard loading capacity provides true walkaway capability
 - 96 samples onboard
 - 45 cooled reagent positions
 - 1,000 cuvettes onboard
- True STAT management prioritizes patient samples to ensure faster turnaround time (TAT)
- Autoverification capabilities streamline result reporting and minimizes operator intervention

- Automatic management of dilutions, reruns, reflex testing and add-on tests
- TAT report to monitor and improve efficiency
- Continuous operation provides 24/7 availability with no restart time required

OTHER CONSIDERATIONS

This analyzer aids in the preparation of smears made from fluid to diagnose disease states including cancer or infections. The pathologist will be able to look at smears prepared on this analyzer to detect microscopic cytological changes in cells which are exfoliated and captured by fluid extraction from body cavity, brushings, washings, urine or fine needle aspirations. Most often, these are urine specimens submitted for cytology by the Urology department.

Our laboratory performs about 300 non-gyn cytologies per year. The purchase of this analyzer will enable us to automate a manual process, optimizing department work flow and performance, improve specimen adequacy and keep this testing in house. Without the automation, the current manual method is not meeting the expectations of the Medical Director.

This is a patient safety issue for many reasons:

- 1. The manual system currently in place increases the chance of cross contamination between specimens and or loss of specimen. To minimize contamination, currently stain is filtered after each specimen, a time consuming, laborious process. This analyzer is single sample processing, reducing the risk of errors.
- 2. Slides will be easier to interpret and decreases the screening time for each slide, enabling our laboratory to maximize time management and leaves operators free to focus on other tasks.
- 3. This is a state of the art piece of equipment used for over 10 years in other institutions. Ultimately, for patient safety reasons, the facility is at risk for sending this testing out without the purchase of this piece of equipment. Sending out these specimens will increase turnaround time that may result in provider dissatisfaction. Additionally, without the analyzer, there would be a decrease in revenue for the department.
- 4. This is a highly specialized analyzer. Pricing for a competitive analyzer is included (BD Sure-Prep at \$85,000) but Dr. Karn is unaware of any other manufacturer in this space. I have submitted two quotes from the preferred manufacturer. One is for a new piece of equipment at \$50,000 and the other for a refurbished unit at \$33,000. At this time, I am asking for the refurbished unit.
- 5. Intalere pricing is not an option with this analyzer per manufacturer.

Additional costs included in the contract are a 5 year annual commitment for consumables priced at \$1,320. We currently spend a similar amount in consumables with the current manual process.

Also included is a warranty for the first year. After the one year warranty, there is an annual \$5,500 service agreement commitment (years 2-5). Installation is included in the purchase.

Memorial Hospital of Sweetwater County Attn: Mary Fischer Director of Laboratory Services 1200 College Dr Rock Springs, WY 82901 USA Account #:

Dear Mary Fischer,

Thank you for your Interest in Hologic's line of products. We are pleased to quote the following instrument pricing.

The following instrumentation will be provided:

Product Number	Instrumentation	Units	Unit Price
PRD-04184	Refurbished ThinPrep 2000 Processor	1	\$32,000.00
Total Instrumentation Pri		1	\$32,000.00

Instrumentation purchased from Hologic is warranted for a period of one year starting from the date of shipment, or if installation is required, from the date of installation ("Warranty Period"). Following the expiration of the warranty, Hologic's standard Service Contract is available for purchase. Service Contract must be purchased before the end of the Warranty Period.

Service Part Number & Description:	Unit Price Per Year
T2000 On-Site	\$5,500.00

This document is provided for quoting purposes only. To take advantage of this pricing, Customer and Hologic must enter into a signed agreement. Payment terms: 30 days.

Shipping charges to be paid by Customer. This offer is valid for 90 days from the date hereof.

If you have any questions, please feel free to call me at 303.887.5455.

Sincerely,

Jim Goodwin Hologic Account Executive

External Mail

Hi Jim,

Thanks so much.

Just to confirm,

- \$49,000 is the purchase price for the analyzer (one time) Yes, one time
 - o Is this a new piece of equipment or refurbished? New equipment
- Annual commitment is \$1029 per year for consumables \$1,320 commitment (300 tests/year x \$4.40/test = \$1,320)
- After the one year warranty, \$5,500 for the next 4 years as a service agreement commitment Correct
- Are there any shipping or installation charges associated with this piece of equipment? —There is a small shipping fee for the analyzer. Hard to determine exact cost but shouldn't be more than \$1,000. Installation is included in the purchase.

Sorry, trying to cover all my bases... if I have any other questions, I'll be sure to let you know.

RE: Automated non-gyn cyto

Good Evening Mary and Ingrid:

Mary; I apologize for the delayed response from our automated site. Based on your current volumes the options are limited. The best option that we can offer is below.

- SlidePrep Processing System = \$85K cash
- Consumable reagents = \$13.00 / test or \$6240 / kit
 - Each reagent kit = 480 tests

Please let me know if you need a formal quotation for this opportunity.

Thanks,

Chuck McCandless

Hi Chuck,

Please see email from Mary Fischer, Lab Director from Memorial Hospital of Sweetwater County in Rock Springs, WY.

I just chatted with her and let her know that you were the Manager for that team at BD.

Thanks!

Subject: Automated non-gyn cyto

Hi Ingrid,

Good afternoon.

I am looking for pricing for the Sure-Path non-gyn cytology automated analyzer. We are a low volume cytology lab, performing about 300 cytologies per year. Please let me know if you have anything that may meet our low volume needs, and expedite as I would appreciate this by the end of the day. I put in a request on the website, but have never heard back from BD. At this time there is a real need for urgency with this request.

Thanks,

Mary Fischer, MT(ASCP)

May 10, 2019

Memorial Hospital of Sweetwater County 1200 College Drive Rock Springs, WY 82901 Attn: James Horan

A. Pleasant Construction is pleased to provide a quote for services to design and construct a 14'x70' storage facility at your facility in Rock Springs, WY. Our proposal includes all material, equipment and labor to complete this project as follows:

Design Services

- -Provide plans for review of Owner for a 14'x70' single slope pre-engineered building
- -Building will attach to the North side of the existing Carpenter's Shop
- -Building will be designed to meet 2018 IBC codes
- -Foundation will be designed and stamped by a Wyoming Licensed Engineer

Demolition:

-Saw cut, remove and dispose of asphalt surface as required for installation of foundation system.

Dirt Work:

- -Excavation, backfill, and compaction as required for the installation of foundation system
- -Install 6" of grade "W" roadbase under floor and exterior approaches
- -Dispose of any extra soil materials onsite, in area designated by Owner

Concrete:

- -4'x4'x11 concrete pads at column locations
- -4'x8"xcontinous frost wall at exterior perimeter of building
- -Reinforcing to consist of #3, #4, and #5 rebar as designed by Engineer
- -Floor will be 6" thick, reinforced with fibermesh
- -5' approach continuous, on each side of building, 6" thick, reinforced with fibermesh
- -All concrete to be a minimum of 4,000 psl at 28 days

Building:

- -14'x70' single slope, uninsulated, pre-engineered metal building with 1:12 roof slope
- -High side eave to be 6" below eave of adjacent building
- -Wall and Roof sheets to be 26 gauge "R" panel
- -All trim to be 26 gauge to include:
 - -Transition trim at adjacent building
 - -Gutter and downspouts
 - -Rake and eave trim
 - -Wrap at framed openings
 - -Corner trim
- -All colors to be selected by Owner from Manufacture's standard color chart
- -Building accessories to include:
 - -Five (5) manually operated 8'x8' coiling overhead doors, located on North side wall
 - -One (1) 10'x8' manually operated sectional overhead door, located on West end wall
 - -Two (2) 3'x7' walk doors with commercial grade hardware, located on opposite ends of North side wall
 - -One (1) 3'x7' walk door to be installed in common wall between new addition and existing building

Exclusions from Base Bid:

- -City of Rock Springs building permit
- -Fees from any utility company
- -Electrical, Mechanical, or Plumbing
- -Architectural, Engineering, or Survey services other than listed above.
- -Testing and Inspection Services
- -Relocation of utilities

Total Cost Base Bid: \$134,136.00

Allowance #1: Utilities

-Allowance for relocation of existing utilities as may be required:

Allowance #1: \$5,000.00

Allowance #2: Testing and Inspection

- -Allowance to provide the following services:
 - -Geotechnical Report
 - -Compaction testing
 - -Concrete testing
 - -Concrete placement observation
 - -Bolt inspection
 - -Any other inspections that may be required or requested by Owner or Authority Having Jurisdiction (AHJ)

Allowance #2: 25,000.00

Total Price including Allowances: \$164,136.00

Price is subject to change based on final design to be approved by Owner. This offer is contingent upon development of a mutually agreed upon contract.

We appreciate the opportunity to bid on your project and look forward to working with you. Please contact me if you have any questions.

sincerely

James Jessen Senior Estimator

MEMORIAL HOSPITAL OF SWEETWATER COUNTY ROCK SPRINGS, WY

To: Finance & Audit Committee May 17, 2019

From: Tami Love, CFO

NARRATIVE TO APRIL 2019 FINANCIAL STATEMENT

THE BOTTOM LINE. The bottom line from operations for April was a gain of \$211,397, compared to a gain of \$144,576 in the budget. This yields a 2.85% operating margin for the month compared to 1.92% in the budget. The YTD net operating gain is \$1,635,940, compared to a gain of \$1,535,008 in the budget. This represents a YTD operating margin of 2.22% compared with 2.04% in the budget.

The total net gain for the month was \$151,812, compared to a gain of \$52,241 in the budget. The YTD total net gain is \$2,343,949, compared to a gain of \$612,663 in the budget. This yields a YTD total profit margin of 3.19 compared to 0.81% in the budget.

Annual Debt Service Coverage came in at 4.48. The existing bond covenants require that we maintain Debt Service Coverage of 1.25 for compliance.

VOLUME. Average inpatient census for the month was 12.5, right at budget. YTD average daily census is 12.9 compared to 11.8 in the budget and 17.1 in the prior year.

Surgeries were over budget for the month. There were 7,995 outpatient visits, over budget by 2,060.

Total ER visits were 1,326, under budget by 22. There were 42 newborns in April, over budget by 16. Births are under budget year to date by 41.

REVENUE. Revenue for the month was \$14,315,908, over budget by \$540,807. Inpatient revenue was over budget by \$13,767, outpatient revenue was over budget by \$361,676 and the employed Provider Clinic was over budget by \$165,363.

YTD total revenue was \$137,883,949, over budget by \$449,599. Inpatient revenue is over budget by \$1,064,362, outpatient revenue is under budget by \$382,772 and the Provider Clinic is under budget by \$231,991.

Net patient revenue for the month was \$7,081,381, under budget by \$229,302. YTD net patient revenue was \$71,040,726, under budget by \$1,895,050.

Deductions from revenue were booked at 50.5% for April compared to 46.9% in the budget. YTD deductions from revenue are 48.5%, compared to 46.9% in the budget and 46.6% for the same period in fiscal year 2018.

EXPENSES. Total expenses for the month were \$7,209,082, under budget by \$184,105. YTD expenses are under budget by \$1,829,284. The following expense categories were over budget:

Fringe Benefits – This expense is over budget by \$101,579, but remains under budget year to date. Group health claims came in over budget by \$107,417 in April.

Contract Labor – This expense is over budget by \$51,755 for the month and over budget year to date. Currently, contract labor is used in Behavioral Health, OB, Surgery, Emergency Room and Ultrasound.

Purchased Services – This expense is over budget by \$21,173, but remains under budget year to date. Send out lab testing is over budget due to the increase in Laboratory volumes.

Repairs and Maintenance – This expense is over budget by \$41,747, but remains under budget year to date. Vouchers for reimbursement from the County maintenance fund have been submitted.

Insurance expense – This expense is over budget by \$6,819 and over budget year to date.

Leases and Rentals - This expense is over budget by \$5,452 and remains over budget year to date.

BALANCE SHEET. Operating cash at month end was \$9,951,956, an increase of \$1,389,822 from March. Collections for the month of April were \$7,957,510. The Days of Cash on Hand are at 121 in April, up 6 days from last month. The existing bond covenants require that we maintain 75 days of cash on hand for compliance.

Gross receivables at month end were \$27,223,750, a decrease of \$1,409,853 from the prior month. Net patient receivables at month end were \$15,700,837, down \$973,440 from last month. Collectively, days in receivables are 63 for April, down 5 days from March. The Hospital days in AR are at 54, down 3 days from March.

OUTLOOK FOR MAY. Gross revenue is projecting to be under budget in the Hospital and at budget in the Clinic. Patient days, Births, Lab and other Outpatient visits are all projecting to come in above budget. Gross patient revenue is projecting to come in at \$13.4m, which is under budget, net revenue is projecting to \$7.1m, which is under budget. Collections are projecting to come in over \$7m, which is over budget and reflects the receipt of the delayed payments from BCBS. With expenses expected to come in at budget of \$7.3m, we are projecting to a breakeven month in May.

From: Tami Love, CFO

PROVIDER CLINIC - APRIL 2019

THE CLINIC BOTTOM LINE. The bottom line for the Provider Clinic for April was a loss of \$338,905, compared to a loss of \$442,862 in the budget. The YTD net operating loss is \$4,412,046, compared to a loss of \$4,439,651 in the budget.

VOLUME. Total visits were 4,958 for April, over budget by 404 visits. YTD patient visits are 45,532, over budget by 508 visits.

REVENUE. Revenue for the Clinic for April was \$1,581,218, over budget by \$165,363. YTD revenue was \$13,781,350, under budget by \$231,991.

The Clinic providers also generate hospital enterprise revenue from various sources, including Lab, Medical Imaging and Surgery. Gross enterprise revenue generated year to date from the Clinic providers is \$36,635,628. This equates to \$18,717,729 of net enterprise revenue with an impact to the bottom line of \$1,737,005. The gross enterprise revenue represents 26.6% of the total Hospital revenue year to date.

Net patient revenue for the Clinic for April was \$902,765, over budget by \$130,519. YTD net patient revenue was \$7,705,602, which was over budget by \$34,989.

Deductions from revenue for the Clinic were booked at 42.9% for April and are at 44.1% year to date.

In April, the YTD payer mix was as follows; Commercial Insurance and Blue Cross consisted of 56% of revenue, Medicare and Medicaid consisted of 37.9% of revenue and Self Pay consisted of 5.8% of revenue.

April's days in receivable are 72 in the Clinic and 45 in Ortho, down 1 day and 6 days respectively, from March.

EXPENSES. Total expenses for the month were \$1,306,487, which was over budget by \$21,696. YTD expenses were \$12,780,368, which was under budget by \$21,805. The majority of the expenses consist of Salaries and Benefits; which are 82.9% of YTD total expenses. The following categories were over budget for April:

Fringe Benefits – This expense is over budget by \$26,860 for the month but remains under budget year to date.

Supply Expense – This expense is over budget by \$11,420 for the month and remains over budget year to date.

Other Operating Expenses – This expense is over budget by \$28,516 for the month and remains over budget year to date. Pharmacy floor allocation was over budget by \$33,352.

Depreciation – This expense is over budget by \$2,034 and remains over budget year to date.

OVERALL ASSESSMENT. Through April, the Provider Clinic revenue plus enterprise revenue makes up 36.6% of total hospital gross patient revenue.

		AN DESCRIPTION								

EBITDA

Higher Values are Favorable

(Earnings Before Interest, Taxes, Depreciation & Amortization)

Formula: (Net Operating Surplus or Loss + Interest Expense + Taxes + Depreciation + Amortization) / Total Operating Revenue

Purpose: Provides a measure of profitability excluding expenses related to the hospital's investments in the physical plant.

Net Operating Gain/Loss

Higher Values are Favorable

Lower Values are Favorable

Formula: Total Operating Revenue - Total Operating Expenses

Purpose: A measure of excess revenue over expenses (Gain) or excess expenses over revenue (Loss) with respect to patient care

and hospital operations.

Total Net Gain/Loss Higher Values are Favorable

Formula: Total Operating Revenue - Total Operating Expenses + Total Non Operating Revenue & Expense

Purpose: A measure of excess revenue over expenses (Gain) or excess expenses over revenue (Loss) including revenue

and expenses not related to patient care.

Operating Margin Higher Values are Favorable

Formula: Net Operating Surplus or Loss / Total Operating Revenue

Purpose: A measure of the hospital's profitability with respect to patient care and hospital operations.

Total Profit Margin Higher Values are Favorable

Formula: Total Net Surplus or Loss / Total Operating Revenue

Purpose: Measures overall profitability from all sources, including revenue and expenses not related to patient care.

Return on Assets Higher Values are Favorable

Formula: Total Net Surplus or Loss / Total Unrestricted Assets

Purpose: A measure of excess revenue over expenses in relation to the overall assets controlled by the hospital.

Contractual Allowance Percentage

Formula: Total Deductions From Revenue / Total Gross Patient Revenue

Purpose: Represents the percentage of gross charges that are uncollectible due to mandated or voluntary contractual discounts.

Days Cash on Hand, Short Term

Higher Values are Favorable

Formula: Cash & Cash Equivalents / ((Total Operating Expenses - Depreciation & Amortization - Bad Debt Expense) / 365))

Purpose: Represents the number of days the hospital could operate without cash receipts utilizing only short term cash accounts.

Days Cash on Hand, All Sources

Higher Values are Favorable

Formula: (Cash & Cash Equivalents + Limited Use Cash + Funded Depreciation + Board Designated Funds) / ((Total Expenses -

Depreciation & Amortization - Bad Debt Expense) / 365))

Purpose: Represents the number of days the hospital could operate without cash receipts utilizing all sources of cash available.

Gross Days in Accounts Receivable

Lower Values are Favorable

Formula: Gross Patient Accounts Receivable / (Total Gross Patient Revenue / 365)

Purpose: Represents the number of days of patient charges that is tied up in unpaid patient accounts.

Net Days in Accounts Receivable

Lower Values are Favorable

Formula: Net Patient Accounts Receivable / (Net Patient Revenue / 365)

Purpose: Represents the number of days of net patient revenue (cash flow) that is tied up in unpaid patient accounts.

Average Payment Period

Lower Values are Favorable

Formula: Total Current Liabilities / ((Total Operating Expenses - Depreciation & Amortization - Bad Debt Expense) / 365)

Purpose: Measures the average time that elapses before current liabilities are met.

Current Ratio

Higher Values are Favorable

Formula: Total Current Assets / Total Current Liabilities

Purpose: An indicator of the hospital's liquidity and ability to meet short term (less than 1 year) liabilities utilizing short term assets.

Average Age of Plant

Lower Values are Favorable

Formula: Accumulated Depreciation / Annual Depreciation Expense

Purpose: Is used as a proxy for the average accounting age of a hospital's capital assets such as buildings, fixtures

equipment.

Capital Costs as a Percentage of Total Expenses

Lower Values are Favorable

Formula: (Depreciation & Amortization + Interest Expense) / Total Operating Expenses

Purpose: Measures the relative amount of fixed costs and is one measure used to determine a hospital's capital expenditure

flexibility.

Long Term Debt to Equity

Lower Values are Favorable

Formula: Total Long Term Debt / Total Net Assets

Purpose: This is used to measure the degree of financial leverage that the hospital has employed.

Long Term Debt to Capitalization

Lower Values are Favorable

Formula: Total Long Term Debt / (Total Long Term Debt + Total Net Assets)

Purpose: This measures the proportion of the hospital's capitalization provided by debt and is used as an indicator of debt

capacity.

Debt Service Coverage Ratio

Higher Values are Favorable

Formula: (Total Net Surplus or Loss + Depreciation & Amortization + Interest Expense) / (Current Portion of Long Term Debt +

Interest Expense)

Purpose: Measures the ratio of available funds for the payment of the current year's debt service (Principal and interest).

Salary Expense per Paid FTE

Lower Values are Favorable

Formula: (Salary & Wages + Contract Labor) / Paid FTE's

Purpose: Provides a simple measure of the largest resource used in the hospital

Paid FTE's per Adjusted Occupied Bed

Lower Values are Favorable

Formula: Total Paid FTE's / Adjusted Average Daily Census

Purpose: A measure of the overall staffing of the hospital in relationship to the hospital's utilization.

Net Revenue per Adjusted Discharge

Higher Values are Favorable

Formula: Net Patient Revenue / Adjusted Discharges

Purpose: Is an indicator of the hospital's ability to generate collectable revenue from it's patient care operations.

Operating Expenses per Adjusted Discharge

Lower Values are Favorable

Formula: Total Operating Expenses / Adjusted Discharges

Purpose: A measure of the hospital's average cost of delivering care per equivalent patient stay.

Financial Strength Index

Higher Values are Favorable

Formula: ((Total Margin - 4.0) / 4.0) + ((Days Cash on Hand - 50) / 50) + ((50 - Debt to Capitalization Ratio) / 50) +

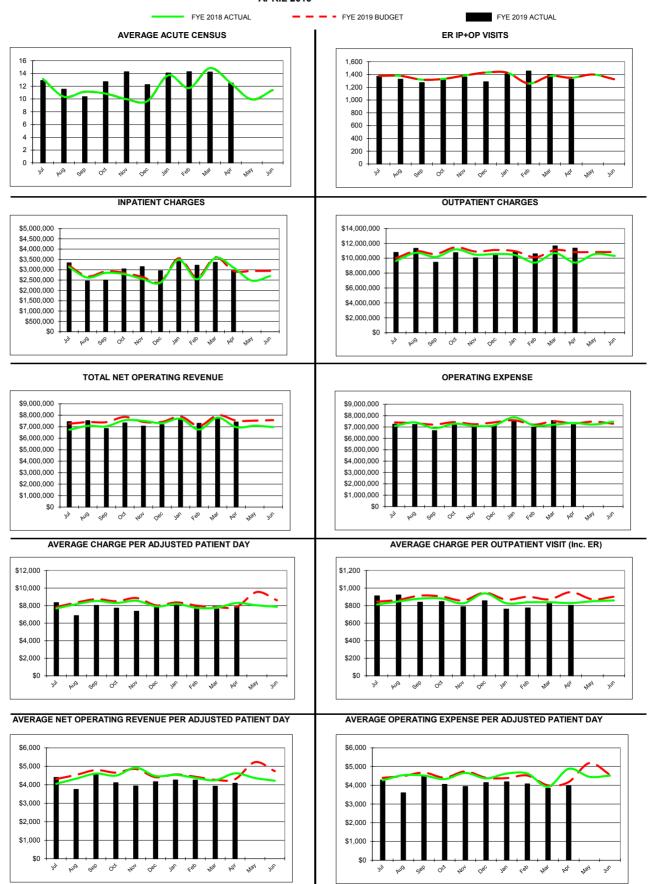

((9 - Average Age of Plant) / 9)

Purpose: Is an indicator of the hospital's overall long term financial health. This index combines the impact of increasing

operating margins, increasing cash on hand from all sources, decreasing the hospital's reliance on debt for

capital improvements and decreasing the hospital's average age of plant.

Finance and Audit Committee

IT report

May 2019

Rich Tyler

- 1. Continuing work on auditing software implementation. This project will be ongoing for a while as we continue to add all of our software packages to the auditing software.
- 2. Continuing working with the Cancer Center team and Pharmacy team to implement the new Looking Glass software. Also working to implement Varian Aria for the medical oncology department. Possible go-live in June 2019.
- 3. Continuing to work with the state of Wyoming HIE (Health Information Exchange). We are still testing out interfaces, and working on getting the correct formatting of the data.
- 4. Continuing to work on printer consolidation project to reduce costs.
- 5. Continuing work on the new Muse software project. The vendor is currently working on the configuration of their software. We continue to test interface messages between Muse and our other hospital systems. Estimated go-live is July 2019.
- 6. Currently working with the Utah HIE (Health Information Exchange) to upgrade our DIRECT send messaging system we use to send clinical documents to other health facilities securely. This project is still ongoing as we work with Quadramed to modify how we currently send DIRECT messages.
- 7. On 5/7 at 10pm we had a network wide scheduled outage to replace our core network switches. The outage went well, and lasted under 60 minutes.
- 8. On 5/14 we had another network wide scheduled outage to finish configuration of our core network switches. The outage lasted for approximately 90 minutes. We currently do not have any other network outages scheduled for the near future.
- 9. On 5/13 MHSC senior leadership and IT staff had a phone conference with the U of U Epic Connect Team to ask questions regarding their Epic Connect product. No decisions were made, but a lot of information was obtained.

IT News / Topics:

- A recent study finds that the leading factor to predict EHR user satisfaction among clinicians is the quality of system training they received. The study concluded healthcare organizations should consider increasing their EHR and IT education and support they extend to providers. Additionally, clinicians should "adopt EHR technology expe3rtise as a core competency of their profession".
- 2. A recent study found that 63% of insured adults who visted a healthcare provider in the past 12 months had not used a patient portal during the proceeding year. Additionally, 40 percent of patients in the study reported not being offered access to a patient portal. The top reason patients had for not using a portal are:
 - a. Prefer to speak directly to physician 70%
 - b. No need to use the portal 57%
 - c. No online medical record 42%
 - d. No internet access 25%
 - e. Privacy concerns 22%
- 3. Artificial Intelligence continues to grow and make headlines. Google is developing a deep learning model that can detect early-stage lung cancer in CT scans up to a yea before a trained radiologist's diagnosis. Also a recent article was released explaining how another AI project could predict the development of breast cancer up to five years in advance. There was another article released mentioning AI analysis can identify internalizing disorders such as anxiety and depression in audio records of children.

MEMORIAL HOSPITAL OF SWEETWATER COUNTY ROCK SPRINGS, WY

From: Irene Richardson, CEO

May 11, 2019

NARRATIVE TO FY 2020 BUDGET

BUDGET OVERVIEW. The budget for FY 2020 is designed to realize steady financial improvement for Memorial Hospital of Sweetwater County (MHSC) over the next year. Administration's goal is to provide the highest quality care to the residents of Sweetwater County, while still maintaining positive cash flow in order to reinvest back into the facility. The FY 2020 budget reflects many initiatives and many goals that were set forth in the 2018-2021 Strategic Plan.

EXECUTIVE FINANCIAL SUMMARY. The financial performance goals for the FY 2020 Budget were created by using the Standard & Poor's benchmarks for BBB- rated hospitals as the standard for our key performance indicators. Our overall goal is to improve our S&P credit rating as part of our strategic plan.

The budget process began in January and was completed the second week of May. Administration worked diligently to create realistic and attainable financial goals, and the FY 2020 Budget reflects this work. This budget represents an improvement in the Financial Strength Index to 2.71, which is an improvement from 1.15 in FY 2018 and (2.15) in FY 2017. The index is calculated by using days of cash on hand, operating margin, accumulated depreciation and salary and benefit expense as a percentage of net patient revenue. A score of greater than 3.0 represents excellent financial strength.

ASSUMPTIONS. The assumptions for the FY 2020 Budget followed a conservative approach to revenue and volume. We have experienced some growth in outpatient services; however conservatively, we are only budgeting at current volumes. We have seen an increase in our inpatient volume as well, over the last several months, but our inpatient revenue fluctuates seasonally; therefore, we are budgeting and current projections.

- **REVENUE.** The FY 2020 Budget includes a recommendation for a 5% aggregate increase in gross revenue, which translates to a 2.58% increase in net revenue. The 5% recommendation is in line with what has been approved historically, and the 2.58% net effect allows us to cover the cost of inflation.
- **REDUCTIONS OF REVENUE.** We have experienced a change in our payer mix in the past year. Over the last year, we have seen an increase in our Medicare revenue of 5.4%. This increase has resulted in an increase in our reductions of revenue of 1%. Based on the FY 2020 revenue budget, the 1% increase in reductions of revenue will negatively impact the bottom line by \$1.7 million dollars.

Page 382 of 424

- **SUPPLIES & MAINTENANCE.** The budget reflects and an increase in supply expense for IV solutions and supplies, which are chargeable items, and this was also incorporated into the revenue. The budget also includes an increase in maintenance contracts due to the warranty expiring on the CT, the addition of new software maintenance costs and the typical increase in existing maintenance contracts.
- DAILY CASH EXPENSE. This budget reflects an increase in daily cash expense due to the items mentioned above; however, the appropriate revenue has also been built into the budget. The budgeted daily cash expense is \$229,700. It is important to note that the average daily cash expense over the last three months has been \$225,470. Even with this increase in daily cash expense, we are still able to generate a positive operating margin, and our days of cash on hand have also increased. We have worked hard to become more efficient and steer our expenses to service lines that produce the best return on investment. Starting back in 2016, we tried to decrease the daily cash expense because the revenue was not adequately compensating for it. We have turned that trend around and we are starting to generate and collect the appropriate revenue in order to have a positive operating margin, and therefore, positive cash flow.

STATEMENT OF REVENUE AND EXPENSE. The bottom line from operations for the FY 2020 Budget is a gain of \$1,653,600, compared to a FYE 2019 projected gain of \$1,513,654. This is also compared to a loss of \$87,659 in FY 2018 and a loss of \$8,071,389 in FY 2017. This yields a 1.79% Operating Margin compared to 1.72% for the FYE 2019 projection. The FY 2020 Budget for the Total Net Surplus is \$2,107,766. This represents a Total Profit Margin of 2.29% compared with 2.80% for the FYE 2019 projection.

- **REVENUE.** The FY 2020 Budget represents an overall increase in charges of 5%. Historically, we have been very conservative regarding rate increases and the FY 2020 Budget remains consistent in that approach. Administration feels it is prudent to moderately increase charges in order to sustain expected inflationary increases. Despite the increase in Medicare revenue, due to our favorable payer mix we are still being reimbursed well, and expect that trend to continue with a modest overall 5% increase in the FY 2020 Budget. The FY 2020 Budget also includes increased revenue in the employed physician clinic that is reflective of the potential hiring of an orthopedic surgeon and increased revenue for the midlevel providers who have recently joined us.
- **REDUCTIONS OF REVENUE.** The budget reflects the increase in reduction of revenue of 48.7%, compared to 46.9% for FY 2019. Again, the increase in reduction of revenue is due to the increase in Medicare volume. The 1% increase in reductions of revenue negatively impacts the bottom line by \$1.7 million dollars.

Page 383 of 424

- OTHER OPERATING REVENUE. The budget also reflects the support from the county for Title 25 and the county maintenance funding. County funding for routine maintenance support of \$700,456 is included in Other Operating Revenue, and the amount of \$1,450,000 for the Board Designated Capital Fund is included in Other Non-Operating Revenue.
- **EXPENSES.** The FY 2020 Budget includes the addition of several new FTEs. Included in the salary and wage budget are FTEs for an orthopedic surgeon, a hospitalist, a pathologist and a mid-level provider. It also includes increases in FTEs in several departments where the volume has increased. There are also vacant positions included in the budget. There were several requests for new FTEs during the budgetary process. In an effort to remain prudent, Administration carefully scrutinized every request and only granted approval in areas where the department was operating at or below their benchmark for productivity. As we have done in the past, even though the FTEs are included in the budget, we will analyze every request for new FTEs and vacant positions for necessity, and encourage leadership to be more efficient if possible, and to try to utilize existing staff in more effective and productive ways. We will continue with our objective to maintain salary costs while analyzing each request for a position. The budget also includes a 1.5% increase for staff to be placed in the appropriate salary range for their positions. This increase excludes contracted employees.

BALANCE SHEET. The balance sheet continues to be strong. We retired the Series 2013B bonds in FY 2019 and only the Series 2013A remain. As part of the strategic plan, we are preparing a project for consideration for the Special Purpose Tax ballot in the Fall of 2020.

Operating Cash is budgeted at \$14,000,000. The FY 2020 Budget includes capital expenditures of \$3,000,000, which remains consistent with the prior year. The capital expenditures are expected to be funded through cash flow from operations. The budgeted days of cash on hand will be 136 days at 6/30/20. Our days of cash on hand goal is to budget at the S&P benchmark for BBB- rated hospitals. The budget of 136 days exceeds the S&P benchmark for both the BB+ and BBB- rated hospitals, which are 91 days and 129 days, respectively. The Days in Receivables for the FY 2020 Budget is 49.8, which is down from the current level.

Over the next several years, with the assistance from the County for maintenance funding, we are hoping to complete several maintenance projects that have been deferred in the past. We are planning on starting and completing the central plant upgrade in FY 2020.

Page 384 of 424

STATISTICS. The goal for the strategic plan is to increase our volume by improving access to care and possibly increasing services based on the community health needs assessment. These initiatives are in progress and we continue to work on projects in order to increase the volume. Conservatively, the FY 2020 budget does not reflect a volume increase; therefore, volume is budgeted at the current FY 2019 projection. We remain cautiously optimistic that we may experience an increase in volume; however, the budget remains conservative.

STATEMENT OF CASH FLOW. The FY 2020 Budget includes a net increase in cash of \$3,576,170. The statement also reflects the fact that we will expend the funds for the central plant upgrade in FY 2020. Again, these are county supported funds and are included in a restricted board designated fund.

FULL TIME EQUIVALENT EMPLOYEES (FTES). The budget reflects an increase in FTEs. We have worked hard over the last several years to right size the staff and increase productivity with the existing staff. There are some departments who have seen an increase in volume and most of them are profitable service lines. We feel that by increasing the staff in those areas, although salary and wage expense may increase, we will continue to see a positive effect on the bottom line. We have worked diligently to reduce our agency staffing and our locum physician staffing. The opposite effect of decreasing those line items in the budget is an increase in FTEs. We have also been able to hire additional support staff who help our providers be more efficient and productive, which has also had a positive effect on the bottom line.

KEY FINANCIAL RATIOS. The goal of the FY 2020 Budget is to meet or exceed the S&P BBB- benchmark for profitability, liquidity and leverage ratios. Administration is working diligently to improve our financial performance in order to improve our credit rating. We are confident that this budget will guide us in achieving that goal.

OUTLOOK FOR FY 2020 – As mentioned above, the FY 2020 Budget includes a moderate 5% rate increase with no volume increase. The strategic goal for FY 2020 is to meet or exceed the Standard & Poor's benchmark for BBB- rated hospitals by increasing services, becoming more efficient and productive and maintaining expenses in order to optimize our cash flow. Our goal is to be cost effective, yet continue to provide the best quality patient care. We must remain diligent in capturing all charges, maintaining good cash collection policies and being prudent with all expenses. It is the goal of Administration to adhere to this Budget, as it will be a tool that will allow us to grow, enhance services and achieve our financial initiatives for the future.

B&G Chair Report to the Board for May 2019

Maintenance Metrics

Nothing of note to report with respect to metrics. Variation remains within normal parameters.

Retaining Wall Project

The contractor is in the field and the project is currently approaching completion.

Parking Lot Lighting Replacement

This project is replacing lot lighting with more efficient and brighter LED based lighting. Weather has allowed rapid progress to be made on this improvement project. Considerable energy saving will be realized.

Central Plant Upgrade Project

The engineers updated the committee by phone. A piping demolition drawing, new piping drawing and a cooling tower elevation were available for inspection. Six additional drawings will soon be available that will show the steps (phases) that will be used in construction.

A project presentation to the full board was discussed. The engineer feels it would be an appropriate time to do so. This will have to be scheduled with the board.

The bore hole that was drilled for geotech purposes revealed higher than normal moisture levels at the fifteen foot level. The geotech report is not yet available, and samples have been sent to the lab for chemical analysis. This work is necessary to insure cooling tower foundations are located in stable ground.

An additional bore hole may be required to define the situation but that work is not a high cost item.

Next B&G Committee Meeting

The next meeting will be held on June 18, 2019.

Board Compliance Committee

Minutes

May 29, 2019

Present: Barbara Sowada, Ed Tardoni, Irene Richardson, Clayton Radakovich

Barbara Sowada called the meeting to order at 2:09 pm

Minutes and agenda were approved as written.

The following items were discussed:

1. Old Business

- a. Code of Conduct Update: E. Tardoni stated that the position of the Board is that the individual gift clause in the Code of Conduct was unacceptable as written. It has been sent to the HR committee for re-writes on that portion of the policy. C. Radakovich stated that the verbiage came directly from the Federal Sentencing Guidelines, but that there was a way to accommodate all parties involved. The committee decided to allow the policy to go from HR Committee directly to the Board.
- b. Risk Assessment Update: C. Radakovich provided a methodology and legend for the risk assessment as our facility understands the process. One completed section of the risk assessment was presented to the committee with rationale for scoring by C. Radakovich. More updates will continue as the risk assessment is completed.
- c. Fair Warning Update: C. Radakovich provided an update on the implementation of Fair Warning software. Flags are currently being provided by the program out of Quadramed accesses. The number of flags is likely to increase as more software systems are integrated. The flags are resulting in investigations that will be presented at future meetings.

2. New Business

- May Compliance Report: HIPAA remains the most prevalent topic of investigation.
 Human error and inappropriate access to records are the most frequent causes of violations at this point.
- b. OSHA Survey: C. Radakovich presented on the outcome of the OSHA survey regarding the laundry area. There was one citation that is currently ranked as "Other than serious". We are still waiting on the final determination from OSHA which is expected to arrive some time before the end of June. E. Tardoni discussed his methodology during his own data collection in the laundry area and the report he provided to hospital staff.

Next Meeting: Wednesday – June 26, 2019 at 1:00 pm

Meeting was adjourned at 3:09 pm

Submitted by Clayton Radakovich

Wednesday - May 29, 2019 Compliance Committee Meeting

MHSC CEO Office

Board Compliance Committee Minutes April 24, 2019

Present: Barbara Sowada, Ed Tardoni, Irene Richardson, Suzan Campbell, and Clayton Radakovich

Barbara Sowada called the meeting to order at 1:09 pm.

Minutes and agenda were approved as written.

The following items were discussed:

1. Old Business

- a. Code of Conduct Update: The request for approval of the final draft is on the May 1 Board meeting agenda.
- b. Risk Assessment Update: C. Radakovich reviewed the information. He said he would create a legend to clarify information. He said all items on the assessment were selected by our facility. A scoring system has been created utilizing information from the American Healthcare Internal Audit Organization and the Healthcare Compliance Organization. The plan is to monitor and update online. The Committee is looking at risks that might happen. If we know something is broken, we fix it in real-time. The assessment will evaluate risk failure. E. Tardoni said we need to stress the importance of actively looking for any issues. The Committee reviewed one of four sections being worked on the staff compliance group.

2. New Business

- a. March Compliance Report: C. Radakovich said Fair Warning is a watchdog program attached to all of our private personal health information sites that monitors access. Communication and education continues to help our staff be successful in protecting information.
- b. EMTALA Survey: C. Radakovich reported the Wyoming Department of Health was onsite following a compliant. We actively audit EMTALA in-house. The surveyors reported they like the documentation we have created. We will receive the survey results at the conclusion of the review. They did not express any concerns while onsite.
- EMTALA Fact Sheet: C. Radakovich included information in the meeting packet for review.

Next Meeting: Wednesday – May 22, 2019 at 2:00 PM (one hour later than regularly scheduled)

Meeting was adjourned at 2:00 pm.

Reg. Standard:

Code of Conduct

STATEMENT OF PURPOSE

It is the policy of Memorial Hospital of Sweetwater County (MHSC) that all of the business be conducted according to high ethical standards, including compliance with applicable laws, rules, and regulations. This Code of Conduct (henceforth referred to as Code) is integral to the MHSC Compliance Plan and the provision of care and services that is consistent with the mission and vision of MHSC. This Code applies to any and all members of the workforce operating for or within MHSC. This includes employees, providers, volunteers and contractors.

TEXT

l. General

- A. The underlying principles of these standards are based on common sense, courtesy, ethical and legal conduct that are essential to govern the business of MHSC.
- B. It is important that the entire workforce understand these standards and abide by them daily.
- II. PRINCIPLE 1 Legal Compliance: We will strive to ensure all activity by or on behalf of the organization is in compliance with applicable laws.
 - A. Employees and subcontractors are expected to follow these guidelines for compliance with applicable laws. Knowledge (first or second hand) or suspicion of any violation of any law, regulation or rule must be reported to the Compliance Hotline (307 ~ 362 ~ 5291) or other appropriate staff. MHSC employees:
 - 1. Will not solicit, receive or offer to give anything of value to anyone in exchange for referral of patients.
 - 2. Will not accept bribes or kickbacks of any kind intended to induce referrals.
 - 3. Will not make false statements or representations to any person or entity in order to gain or retain participation in a federal program or to obtain payment for any service.
 - 4. Will submit claims for reimbursement accurately and only for services rendered.
 - 5. Will not enter into any agreements with competitors to share or fix prices.
 - 6. Will maintain complete and accurate medical records to support all medical decisions.
 - 7. Will collect all applicable co-payments and deductibles in accordance with acceptable business practices.

- 8. Will store, dispense and transport all drugs and biologicals in accordance with accepted guidelines.
- 9. Will adhere to sound environmental and safety practices, including the proper handling of medical or hazardous waste.
- 10. Will respect our obligations as individuals and as health care providers, and neither express nor imply a promise of performance which we cannot reasonably expect to fulfill.
- 11. Will assure that all practices of write-offs, discounts, or forgiveness of debt are based solely on justifiable business practices and conform to federal and state statutes.

III. PRINCIPLE 2 - Quality of Care: We are committed to providing the highest quality of care and delivering services in an ethical manner. MHSC employees:

- A. Will treat patients with dignity, respect, and compassion at all times.
- B. Will provide high quality care to patients without regard to race, creed, age, gender, religion, national origin, or disability.
- C. Will honor the rights afforded to patients, advocates and family to receive education in a manner that is understandable and to provide informed consent for care.
- D. Will honor the right of patients, or their legal designees, to participate in decision making regarding their care, including refusing treatment to the extent permitted by law and being informed of the consequences of such action.

IV. PRINCIPLE 3 - Confidentiality: We shall strive to maintain the confidentiality of patient and other confidential information in accordance with applicable legal and ethical standards. MHSC employees:

- A. Will protect the confidentiality of patient information in accordance with all applicable laws and regulations.(Such as HIPAA)
- B. Will refrain from revealing any personal or confidential information concerning patients or members unless supported by legitimate business or patient care purposes.
- C. Information pertaining to our competitive position or business strategies, payment and reimbursement information, and information relating to negotiations with the workforce or third parties should be protected and shared only with those having a need to know such information in order to perform their job responsibilities.
- D. Will hold all investigatory information, data, and reports collected and/or made in connection with compliance issues in the highest confidence and not disclose such information outside of the confines of the activities of the Compliance Work Team or Compliance Committee of the Board of Trustees, except as is otherwise required by applicable law.
- E. Will ensure that information received in confidence is not used for personal gain and divulge no such information with the intent of giving or receiving an unfair advantage in a personal business transaction.

V. PRINCIPLE 4 - Valuing The MHSC Workforce: We value our workforce and are committed to their protection and success.

- A. MHSC shall afford all people equal employment and advancement opportunities without regard to age, gender, race, creed, national origin, religion, or disability.
- B. No form of harassment or discrimination will be permitted.

- C. We shall treat each other with respect, dignity, and fairness.
- D. Sexual harassment, sexual advances, request for sexual favors or other verbal or physical conduct of a sexual nature that would create a hostile working environment are absolutely prohibited.
- E. We shall exhibit acceptable behaviors that enhance the quality with which we meet the mission of MHSC. Such behaviors include but are not limited to, those that help to promote quality in the work place, integrity, innovation, diversity in the work place and teamwork.
- F. We shall refrain from displaying inappropriate behaviors in the work place. Inappropriate behaviors are those that are disruptive to the work environment and interpersonal relationships and surroundings.
- VI. PRINCIPLE 5 Conflicts of Interest: We shall avoid conflicts or the appearance of conflicts of interest between our private interest and the fulfillment of our duties.
 - A. No employee may represent MHSC in any transaction in which he or she or a member of their immediate family has a personal interest.
 - B. We shall not disclose or use confidential, special or inside information of or about MHSC for personal profit or advantage.
 - C. MHSC workforce shall disclose all potentially conflicting activities in the annual Conflict of Interest disclosure statement.
 - D. We shall avoid any real or potential conflicts of interest and disclose, to the fullest extent possible, any significant proprietary or financial interest in any organization with which MHSC does business.
- VII. PRINCIPLE 6 Business Relationships: Business relationships with third parties shall be free from offers or solicitation of gifts or other inducements in exchange for influence or business.
 - A. We will not *solicit* tips, personal gratuities or gifts from patients or vendors.
 - B. We will not accept gifts, favors, services, entertainment or other things of value to the extent that decision-making of MHSC might be influenced. Similarly, the offer or giving of money, services or other things of value with the expectation of influencing the decision making process of any purchaser, supplier, customer, government official or other person by MHSC is absolutely prohibited.
 - C. Employees may retain gifts from vendors that will not influence decision making which have a nominal value of less than \$50 per gift and \$300 per year in the aggregate. If there is any concern whether a gift should be accepted, the Compliance Department should be consulted.
 - D. We shall recognize that character is the greatest personal asset in business and give it major consideration in the selection of individuals and companies with whom we do business.
 - E. We shall take no action which would otherwise be suspect merely because it appears to be customary in a particular location or particular area of business activity.
- VIII. PRINCIPLE 7 Protection of Assets/Research: All employees will strive to preserve and protect the organization's assets by making prudent and effective use of MHSC resources and properly and accurately reporting its financial condition.
 - A. MHSC has established control standards and procedures to ensure that assets are protected and properly used and that financial records and reports are accurate and reliable.
 - B. All financial reports, accounting records, research reports, expense accounts, time sheets and other documents must accurately and clearly represent the relevant facts or the true nature of a transaction.

- C. All employees are expected to refrain from converting assets of the organization to personal use.
- D. All property and business of the organization shall be conducted in the manner designed to further the organization's interest rather than the personal interest of an individual.
- E. Employees are prohibited from the unauthorized use or taking of equipment, supplies, materials or services.
- F. We shall collect and report scientific research validly and accurately, consistent with the Belmont report provisions.

IX. Responsibility and Enforcement

- A. All employees must abide by the principles set forth in this Code.
- B. Failure to abide by the principles set forth in this Code may lead to corrective action.
- C. Any suspected violation of this Code must be reported to the Compliance Officer, the Compliance Hotline, or other authorized reporting mechanism without the fear of retaliation.
- D. Reports of suspected violations may be made anonymously.
- E. All employees must understand that actions will be taken to uphold and enforce these standards.
- F. This standards set for in this Code are integral to the facility compliance program.
- G. This Code will be read and acknowledged in writing upon hire and annually.
- H. Employee acknowledgements shall be maintained in the employee file housed in Human Resource Department.

Risk Assessment Methodology

Assessing compliance risks is primarily done on a two factor basis. The two factors are Impact, and Vulnerability. When assessing these factors, it is important to keep in mind our current control mechanisms and not controls that could be in place in the future. These controls can take the form of audits, education, chart reviews and the like. We must also keep in mind that we are assessing a compliance risk, which differs from patient safety and others in that we are assessing the damage to continuity of business. You'll notice that most of the risks don't address direct patient contact, but rather indirectly affect patients by loss of business continuity.

Impact

The impact factor is an estimation on the "damage" that would be done to our facility. It is usually given a numerical score (i.e. 1-Low to 5-High). Three impacts are often assessed for each risk.

- 1. Financial Direct monetary such as a fine or lawsuit
- 2. Ability to Operate Halting of business, or drastic required change by federal entity
- 3. Reputation Indirect monetary due to loss of business and PR loss

Vulnerability

Vulnerability is an estimation about our sophistication of our control mechanisms. You can ask yourself, "Do we have something set up to catch that before it occurs?" It is important to be honest about our current state so that we can work to create controls where none truly exist. Vulnerability is commonly assessed in four areas for each risk.

- 1. Control process presence and maturity
- 2. Previous compliance risk
- 3. Third party stakeholders (Commonly referred to as contract vendors or community partners that perform essential services for our organization.)
- 4. Existing compliance activity/resources.

Possible Risks to Be Assessed

The following is a list of possible risks to assess for our institution. We in no way need to assess every risk, nor only ones on this list. However, it does provide you with a comprehensive list of possible topics.

1. Compliance Program

- a. Compliance Plan (OIG/DOJ)
- b. Employee Policies (OIG/DOJ)
- c. Ethics Committee (OIG/DOJ)
- d. Communication/Reporting (OIG/DOJ)
- e. Staff and Board Education (OIG/DOJ)

2. Revenue

- a. Medicare Part B Outpatient Cardiac and Pulmonary Rehab Billing (OIG Work Plan)
- b. Severe Malnutrition Coding and Billing (OIG Work Plan)
- c. DRG and Home Health Use (OIG Work Plan)
- d. Denials by Department (CMS)
- e. Payor Mix by Department (CMS)
- f. OP-only Procedures (OIG Work Plan)
- g. Replacement of Implanted Devices (OIG Work Plan)
- h. Charge Master (CDM) Review (OIG Work Plan)
- i. Professional Service Billing (OIG Work Plan)
- j. Internal Audit Capacity (AHIA)
- k. Return of Overpayment– (OIG Work Plan)

3. Contract Management

- a. Physician Contract Agreements (OIG)
- b. Clinical Contracted Services (CMS/OIG)
- c. Contract Database (Internal)

4. Surveys/Independent Feedback

- a. PRC/HCAHPS Scores (CMS)
- b. Employee Feedback (HCCA)
- c. Senior Leader Identified Issues (ASHRM)

5. Event Metrics/PI Monitoring

- a. Opioid Use (CMS/OIG)
- b. Patient Safety Program (CMS/TJC)
- c. Compliance Event Reporting (OIG)
- d. Patient Grievances (CMS)
- e. Staff Turnover by Department
- f. Sick Time/absenteeism by Department
- g. Percentage of Traveler to Clinical Staff
- h. Joint Commission CQM

6. Financial Metrics

- a. Budget Variance by Department
- b. SOX Act 404 Internal Controls Audit
- c. Overtime by Department
- d. Liquid Assets by Department
- e. Percentage of Contract Staff to Employed Staff
- f. Coding Training and Education

7. Technology Information

- a. Business Continuity and Disaster Recovery
- b. Biomedical Equipment
- c. E-Commerce Customer Protection
- d. HIPAA Privacy and Security Regulations
- e. New Software Implementation

8. Insurance and Lawsuit Claims

- a. Workers Compensation Claims
- b. Medical Malpractice Claims
- c. Other Lawsuits/Claims

9. Specific Compliance/Regulatory Risks

- a. Recovery Audit Contractor Audit Readiness (CMS)
- b. EMTALA (OIG/DOJ)
- c. Anti-Kickback Law (OIG/DOJ)
- d. Stark Law (OIG/DOJ)
- e. Joint Commission/CMS Standards
- f. Emerging Risks

		Impact			Vulnerability						
				Impact			.,	vuinerability	<u> </u>		
	Risk Identified By:	Financial	Ability to Operate	Reputation	Pre-Audit Section Score	Process/C ontrol Maturity	Known Previous Compliance Risk	Third Party Stakeholders	Existing Compliance Activity/Resources	Pre-Audit Section Score	Total Pre- Audit Score
Revenue Cycle											
Medicare Part B - Outpatient Cardiac and Pulmonary Rehab	OIG Work Plan	2	2	2	6	1	3	1	5	10	60
Severe Malnutrition	OIG Work Plan	4	2	1	7	4	4	2	4	14	98
DRG and Home Health Denial of Claims/Department	OIG Work Plan	0 5	0	0 3	0	0	0	0 4	0 2	0 13	0 143
Payor Mix/Department		3	3	<u>5</u>	7	1	1	4	1	7	49
OP procedures in IP Encounters	OIG Work Plan	2	1	1	4	1	1	1	1	4	16
Replacement of Implanted Device	OlG Work Plan	1	1	1	3	1	1	1	1	4	12
Charge Master (CDM) Review	Internal	3	1	3	7	1	1	2	1	5	35
Utilization by DRG and CPT	Internal	4	2	1	7	3	3	3	2	11	77
Professional Service Billing		5	3	5	13	4	4	5	3	16	208
Return of Overpayment	OIG Work Plan	3	2	4	9	3	1	1	2	7	63

Sections are scored on a risk score of 1 (Low Risk) to 5 (High Risk)

Impact Section - If we were to fail at adequately controlling this item, how bad could the fallout be?

Vulnerability Section - Given the current state of processes, how good are our control mechanisms in the various areas?

Compliance Report – May 2019

Investigations

Number	Status	Outcome
2019-01 HIPAA	Complete	No findings, system
		correction in place
2019-02 HIPAA	Complete	Finding present, System
		solution in place
2019-03 HIPAA	Complete	Corrective action completed
2019-04 HIPAA	Complete	Findings present, correction
		action completed.
2019-05 HIPAA	Complete	Finding present, no system
		solution possible
2019-06 HIPAA	Complete	Finding present, corrective
		action completed
2019-07 HIPAA	Complete	No finding present, no action
		necessary
2019-08 HIPAA FW	Complete	Finding present, corrective
		action completed

Hotline Calls

No hotline calls in April.

Audits

No new audits until after risk assessment completion.

Patterns and Trends

HIPAA related cases remain the most prevalent. Human error is the most prevalent cause of breach. Fair Warning has begun to produce security reports, and is likely to result in more investigations.

Contract Check List

This check list summarizes the purpose, cost and other contract provisions contained in the contract and assures that the contract has been reviewed by both the CEO and In-House Legal Counsel.

- 1. Name of Contract: SweetwaterNow

Contract Check List

This check list summarizes the purpose, cost and other contract provisions contained in the contract and assures that the contract has been reviewed by both the CEO and In-House Legal Counsel.

- 1. Name of Contract: Wolters Kluwer subscription agreement for Lippincott Learning
- 2. Purpose of contract, including scope and description: Lippincott Learning is a new and separate component of Lippincott resources that allows nurses, respiratory therapists and physical therapists in-the-moment access to certification reviews, journals, orientation curricula, courses, and exams for new learning and remediation. According to our Lippincott representatives, we are receiving Lippincott Learning at a reduced prices as we have been loyal Lippincott customers. In the past, we had been subscribing to Lippincott Advisor. In comparing Lippincott Advisor to Lippincott Learning, I believe Lippincott Learning will offer greater professional development for the clinicians in the nursing, respiratory therapy and physical therapy disciplines. Lippincott Learning will be replacing Lippincott Advisor at this time.

Lippincott resources are endorsed by The Joint Commission. This relationship is described on the Joint Commission Resources website.

Lippincott Learning expands beyond nursing and into Respiratory Therapy and Physical Therapy disciplines. Lippincott representatives have shared that Lippincott Learning is actively expanding into other clinical disciplines such as Lab and Nutrition, making this an exceptional resource for multiple clinical disciplines in our organization.

3. Effective Date: July 6, 2019

4. Expiration Date: July 5, 2022

- 5. Termination provisions: can terminate only after notice of breach is provided to breach party and they are given an opportunity to cure. Is this auto-renew? no
- 6. Monetary cost of the contract: annual license fee for subscription to Lippincott learning: Year one \$17,820.00 Year two \$18,044.00 and year three \$19,090.00

Budgeted? Yes

- 7. Jurisdiction/Choice of Law provision checked and changed to Wyoming if able to so. **New York state**, **home of company with nationwide presence**.
- 8. Any confidentiality provisions? **Yes Section 10 master subscription agreement**
- 9. Indemnification clause present? **Yes section 9 of master subscription agreement**
 - 10. Is this contract appropriate for other bids? No
 - 11. Is County Attorney review required? no

Contract Check List

This check list summarizes the purpose, cost and other contract provisions contained in the contract and assures that the contract has been reviewed by both the CEO and In-House Legal Counsel.

- 1. Name of Contract: Wolters Kluwer subscription agreement for Lippincott Procedures
- 2. Purpose of contract, including scope and description: Lippincott Procedures has been used by MHSC for the past decade as the nursing resource / database for clinical hands-on evidence-based practices. Lippincott has created and published nursing resources for more than half a century. Lippincott updates the over 2000 clinical procedures annually at a minimum and more often as research changes clinical practice(s). Use of the Lippincott online database replaces the team of PhD researchers that would be needed to create and maintain evidence-based clinical practices at the organizational level. The Joint Commission endorses the Lippincott database. The Joint Commission works with Lippincott by advising Lippincott leadership of new standards and Lippincott advises the Joint Commission of current evidence-based clinical practices. This relationship is described on the Joint Commission Resources website.

Lippincott has expanded beyond nursing and also publishes evidencebased clinical procedures for Respiratory Therapy and Physical Therapy, making this an exceptional resource for multiple clinical disciplines in our organization.

The other similar vendor in the country is Mosby. A change to Mosby would involve the purchase of additional IT systems, re-education all clinical employees in Nursing, Respiratory Therapy and Physical Therapy and revision of all the approvals made in the Lippincott system. A change to another vendor would take a team of clinicians months to possibly years of work for no true benefits.

3. Effective Date: July 6, 2019

4. Expiration Date: July 5, 2022

- 5. Termination provisions: can terminate only after notice of breach is provided to breach party and they are given an opportunity to cure. Is this auto-renew? no
- 6. Monetary cost of the contract: annual license fee for subscription to Lippincott Procedures: Year one \$14,850.00 Year two \$15,360.00 and year three \$15,908.00

Budgeted? Yes

- 7. Jurisdiction/Choice of Law provision checked and changed to Wyoming if able to so. **New York state**, **home of company with nationwide presence**.
- 8. Any confidentiality provisions? **Yes Section 10 master subscription agreement**
- 9. Indemnification clause present? **Yes section 9 of master subscription agreement**
 - 10. Is this contract appropriate for other bids? No
 - 11. Is County Attorney review required? no
